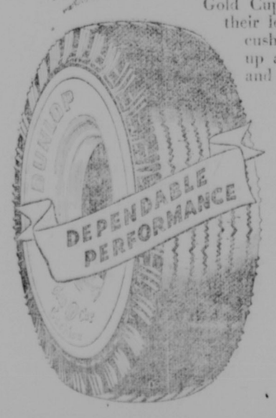
"CHANGE OVER TO" DUNLOP Gold Cup Cushion



Here is the tire sensation of the year—Gold Cup Cushion Tires. They carry their load gently on a larger softer cushion of air that smooths out all up and down and lateral bumps and shocks. They make steering easy giving you perfect car control. They hold the road better, even on sharp curves, and the multiple braking slots which cut through road film, wipe the road dry for quicker, safer stopping.

LIBERAL ALLOWANCE FOR YOUR OLD TIRES

Let us tell you how little it will cost to equip your car with these new tires, when we give you an actual value allowance for your present tires.

Arthur Savage Garage

Third Street OAKLAND, MD.

Buoyant answer to Back Road and Boulevard

White sidewall tires, as illustrated, available at extra cost.

REMEMBER that rough patch of road up yonder where the ruts and ridges make a washboard seem smooth?

Recall the tiring tenseness brought on by the drum and hum of road noise and tremor even over smooth concrete highways?

Well, clock away the miles in this stunningly styled Buick — and meet up with the sweetest answer to such matters this side of cloud cruising.

"It's a ride that's soft and smooth as velvet," folks tell us. And we tell them it comes from a host of things.

It comes from the ample road-weight of a two-ton car built low and wide — and so beautifully balanced it handles light as a baton.

It comes from the leveling buoyancy of Buick's all-coil springing which puts a pillow of deeply coiled steel at *each* wheel to soak up the bumps and ripples.

It comes from the softness of bigger, lower-pressure tires that cushion away road tremors and roughness — from the sure-footed, swerve-free steadiness of Buick's extra wide Safety-Ride rims, widest in the industry.

And it comes in special measure from a brand-new engineering gem we call Vibra-Shielding which banishes vibration build-up.

Here for the first time you're freed from the motoring fatigue brought on by tiny tremors piling up into bigger ones. Here your miles are made moss-smooth and quiet — long journeys become mere jaunts.

So why delay knowing the most buoyant answer to any road you ever traveled?

Come visit us now. Know at first hand the distinctive styling, the flashing action, the velvety ride over highway and byway that are Buick's and Buick's alone.

Then follow your heart's desire and get your order in *promptly*. We'll take it in proper sequence whether or not you have a car to trade.

REASON FOR THE VIBRA-SHIELDED RIDE

Placed with scientific exactness, 3 fat cushions of special composition cradle the engine so as to control its vibration frequency. Engine vibration is thus kept "out of tune" with those that might come from other parts of the car. The result is to shield car occupants against tiring pulsations, cut road noise, make engine sensation almost imperceptible and motoring practically fatigue-free.

Pomologist Gives Suggestions on Home Freezing Units

In response to numerous requests which have been received from housewives who are planning to put up their own frozen fruits this year, Dr. A. Lee Schrader, of the Department of Horticulture at the University of Maryland, offers a number of timely and helpful suggestions.

Some varieties of strawberries, Dr. Schrader warns, do not make a good frozen product. When you go to the market, he says, look for a bright red berry with firm flesh, with red color throughout the inside of the berry, with no white centers or white tips, with small seeds, with rich strawberry flavor and some tartness, and of a medium to large size. It is necessary to be very choosy, because the berry which is under-ripe, over-ripe, or poorly-flavored does not improve in the freezing process but instead becomes poorer in quality.

For those persons who would like to grow their own strawberries in order to get the right quality, Dr. Schrader recommends Midland and Suwanee as two of the newer high-quality varieties which freeze well. In the case of a commercial planting for both freezing and fresh market, he recommends Midland and Blakemore. Suwanee, which is a home-type berry, is too soft for shipment.

In selecting raspberries for a dessert product, look for a good red variety with large firm berries which are free from worms and seediness. Black varieties do not make a good dessert, but they can be used after freezing to make pies, preserves, or jellies. These fruits are highly perishable. Dr. Schrader notes. Therefore, it is possible to keep them cool and to prepare them for freezing as soon as possible after harvest.

To answer questions on the freezing of these and other fruits, a special publication has been prepared for free distribution to interested residents of the state. This booklet summarizes the experimental work which has been conducted by the University in this field and gives directions for the selection and handling of several Maryland-grown fruits. Ask for Miscellaneous Publication No. 37, Department of Horticulture, Experiment Station, University of Maryland, College Park, Maryland.

Rededication Service Planned at St. Mark's

St. Mark's Lutheran church, Oakland, recently redecorated on the interior and recarpeted at a cost of about $3,000, will have its rededication service on Sunday morning, June 6, at 10:45 o'clock. The sermon will be delivered by the pastor, Rev. Luther L. Hare.

The interior was painted a "warm buff" color, the picture of The Ascension over the altar retouched and the organ pipes redecorated. The carpet is maroon. The work was under the direction of the Seabers, of Keyser and during the change regular services were held in the Sunday School room.

Sunday will be only one of a number of dedication services held by the congregation from its inception back in April 1829, when a Sunday School was organized at the home of George Loar, Lutheran, south of town, with Isaac McCarty, a Methodist, and Stephen Merrill, a Dunkard. Church services then were held at intervals by circuit riders and itinerant preachers.

The first Lutheran church in Oakland was built in 1854 at the corner of 5th and Green streets after the congregation had officially organized in 1850 when Rev. Jesse Winecoff was pastor.

A new church was built and dedicated in September, 1893, at the corner of 3rd and Alder streets, where the Oakland Hardware and Furniture company now stands. Just five days after the church debt was paid, fire originating in the Pritchard studios and home on January 5, 1905, completely destroyed the church, and regular services were held in Garrett Memorial church until a new edifice was built.

The cornerstone of the present building was laid Sunday, June 28, 1906, with first service conducted November 8, 1906, and the dedication service on December 2, 1906. The speaker was Dr. Singmaster, and Rev. E. Manges was the pastor at the time. Pews and furnishings saved from the fire were placed in the new structure and the pews are still in use.

Since its dedication various gifts to the church have been properly dedicated at regular services, including the pipe organ, the chimes, the altar, and the addition to the Sunday School and the pastor's study. The two latter were completed during the pastorate of the late Dr. A. B. Leamer, about 1940.

At the time of the dedication service Sunday, more than two-thirds of the cost of the improvements will have been paid, according to Richard Glotfelty, treasurer of the Church Council.

HOYES

Last Thursday evening fifty-two men, women and children of this community honored Mr. and Mrs. John Brenneman with a surprise serenade and shower at the home of his parents, Mr. and Mrs. A. C. Brenneman. Games for both young and not so young, and singing were enjoyed by all. The couple received a number of nice gifts.

Mr. and Mrs. J. Robert Browning and daughter Janelle, of Curtisville, Pa., were supper guests on Sunday evening of her brother-in-law and sister, Mr. and Mrs. W. W. DeWitt.

Mr. and Mrs. Charley Riddle, of Pittsburgh, Pa., were Sunday and Monday guests of Mr. and Mrs. Merrill Wilburn.

Mr. and Mrs. Richard DeWitt and members of their family enjoyed a fishing trip to the Chesapeake Bay over the week-end.

Mr. and Mrs. Hubert Friend and daughters, Mrs. Asa Friend and Mr. and Mrs. W. A. Carter and Betty Sisler were dinner guests on Sunday of Mr. and Mrs. Boyd Paugh near Deer Park.

Mr. and Mrs. McNeil Casteel, of Pittsburgh, Pa., visited Mr. and Mrs. J. A. DeWitt, on Saturday.

Readers of this column will be interested to know that Mr. and Mrs. Charles B. Callis, former residents of this community, but now residing in Cumberland, are traveling in England. They sailed eight weeks ago and are expected home in June. Their daughter, Mary Caroline and son Charles, Jr., were among those who visited and brought flowers to the local cemetery over the week-end.

Other coming from a distance were Misses Alice and Marguerite Enlow, Carl and Cecil Enlow, of Pittsburgh; Mrs. Bess Biggs, of Cleveland; Mr. and Mrs. McNeil Casteel, Pittsburgh; Mrs. Kermit Glotfelty and son Donald, of Bittinger; Mr. and Mrs. Earl Enlow, Oakland; Mr. and Mrs. Guy Harvey, of Aurora; and Mr. Frank Callis and members of his family, Accident.

DRIVES BACK THE SUN'S HOT RAYS
Keeps Your Home Cooler
The most important discovery yet made about building insulation is that radiant heat *can't get through aluminum foil.* Scientists call it "Reflective Insulation" because the radiation from the sun reflects back towards its source.
ALFOL HOUSE INSULATION BLANKET provides one or two layers of aluminum foil with air spaces between them. The aluminum foil is attached to heavy moisture-proof paper. You just tack it on roof rafters, floor joists or studs. *Literally* ALFOL turns the sun's heat around — sends it back to the outdoors. And in winter ALFOL turns the heat back into your room. Before you insulate let us tell you about low-cost ALFOL Insulation.

Along the Potomac to Washington

By J. Glenn Beall

The House last week, by a vote of 234 to 149, extended the Reciprocal Trade Agreements Act for a little more than one year—or from June 13th, 1948 to July 1st, 1949. At the same time the Act was amended so as to give the Tariff Commission a new independent status and authority to fix a ceiling and a floor above or below under which the President could not negotiate tariff changes. The President would also be required to furnish the Tariff Commission with items upon which tariff changes negotiations were being conducted. If the Tariff Commission and the President disagree, the President would have to submit his recommendation to Congress for approval or disapproval. Under the present law the President can lower or raise tariff under the Reciprocal Trade Program by as much as fifty percent, in his own discretion, without approval by either the Tariff Commission or Congress.

The "Voice of America" is under fire again. Senator Capehart of Indiana last week read from a series of radio scripts on the subject "Know North America" as broadcast to South America, as a part of a "Voice of America" radio program which is costing the taxpayers twenty-million dollars a year. The Latin Americas were told that New England was "found on hypocrisy" and that Texas was "born in sin." Also that Mormons in Utah were "using rubber hose or clubs to compel citizens to contribute ten percent of their income to a socialized state." As a result of the revelation President Protem of the Senate Vandenberg has ordered the Ferguson Committee to conduct an investigation of the whole "Voice of America" activity while on the House side of the Capitol a subcommittee, headed by Congressman Chenoweth of Colorado, is conducting a similar probe.

Congressional leaders will make a drive to complete most, if not all important pending legislation in time for the Congress to adjourn on June 19th, just two days before the Republican Convention in Philadelphia. It seems that—beginning this week—Congress will convene at ten A. M. each day except Sunday, with many night sessions sure to be held.

Before Congress adjourns it seems certain that some sort of annual pay increase for postal workers, probably retroactive, will be approved. The pending House bill would give postal employees a pay boost of $585.00 per year, while a Senate measure would give an $800.00 yearly pay increase. I have long recognized the need for adequate compensation for postal workers and personally introduced a bill to give an increase of $800.00. Bills to increase the pay of other government workers are also pending, with both the amount of increase and final enactment uncertain at this time.

DIED

NOAH S. McKENZIE

Noah Sylvester McKenzie, 82, of this county, a retired farmer died Saturday at the home of his son, Norman McKenzie, near Johnsons, district 9, after being in ill health two years.

He was a member of St. Michael's Catholic church.

Surviving are his widow, the former Inez Minnick, and eight children, Mrs. Henry Spiker, Midland; Mrs. Norris Garlitz, Avilton; and Mrs. Francis Garlitz, Mrs. Randolph Rush and Norman, Clinton, Stanley, Cobey and Leo McKenzie, this county. He was a brother of Peter McKenzie, this county, and Mrs. Nancy Robeson, Frostburg.

Funeral services were conducted Tuesday at 9:30 a. m., from St. Michael's Catholic church. Interment was in the family burial ground in this county.

Bucklew Rites

Funeral services for Lucien Bucklew, 89, who died last Wednesday in Bloomington, were conducted from the Bolden Funeral Home in Oakland last Friday afternoon at 2:30 o'clock, with Rev. J. E. Johnson of Oakland officiating. Interment was in Oakland cemetery.

Surviving are three daughters and two sons, nine grandchildren and eight great grandchildren.

OSCAR C. ROTH

Oscar C. Roth, 75, died Wednesday morning, June 2, at the home of his daughter, Mrs. Theta Maxey, of route 2, Oakland, near Gnegy Church. He had been ill for several years following a stroke of paralysis.

He was born near Oakland on March 2, 1873, a son of the late Henry and Susan Hopkins Roth and was the last of that family. He was a farmer in the Gnegy Church section for a number of years. Deceased was a member of St. John's Lutheran church at Red House.

Surviving are his widow, Mrs. Susan Bittner Roth, three sons, Ervin A. Roth, Deer Park; Charles B. Roth, Baltimore; and William C. Roth, Oakland; five daughters, Mrs. Paul Carr, Kempton; Mrs. Anna Uphold, Canfield, O.; Mrs. Ralph Wolfe, Oakland; Mrs. Howard Maier, Tunnelton, W. Va.; and Mrs. Theta Maxey, Oakland; also 26 grandchildren, and one great grandchild.

Funeral servies will be conducted on Friday afternoon at 2:30 o'clock from the Red House Lutheran church, Dr. A. K. Jones, pastor, officiating. Interment will be in the church cemetery.

Mr. and Mrs. Roth recently observed their fiftieth wedding anniversary with a dinner at the home of Mrs. Maxey, when all but two of their children gathered.

REV. NOAH BRENNEMAN

Rev. Noah Brenneman, 77, who was ordained a minister in the Amish Mennonite church, November 18, 1913, and former superintendent of the Amish Mennonite children's home near Grantsville, died Tuesday following an illness of two years.

A son of the late Deacon John Brenneman and Lydia (Beachy) Brenneman, he was born May 7, 1871 near Bittinger. He married the former Barbara Orndorf January 30, 1898, and she died May 3, 1941. After his ordination as a minister, Rev. Brenneman served in the Castleman River congregation of the Conservative Amish Mennonite church until two years ago when ill health forced his retirement.

He and his wife were appointed superintendents of the Children's home when it was founded in 1911 and served until 1928 when he was relieved. The home was discontinued in 1938.

Surviving are a half sister, Mrs. Solomon Orndorf, Accident; two half-brothers, Manassas Brenneman, of Iowa; and Eli Brenneman, Vallejo, Calif.

Services will be held Friday at 9:30 a. m. at Maple Glen church, near Grantsville. Interment will be in the church cemetery.

Amvets Split Even

The Oakland Amvets avenged the defeat of Loch Lynn by winning 12 to 5 last Thursday. Oakland got 16 hits, 10 of them for extra bases. Loch Lynn had 7 hits. Marucci led the Oakland attack with two doubles and a triple in five times at bat. Lyons, Kahl and Glaze also got three hits. Stewart led the Loch Lynn team with two hits.

The Amvets lost to Kitzmiller on May 30, 7 to 6. B. Wolfe and Lyons shared hitting honors in hitting two each. Amvets outhit the Vets 10 to 7 but errors were costly. To date the local team has won four and lost four.

Today the Amvets travel to Shallmar. On Sunday they play Elk Garden here on the high school field, at 2:30. On Sunday, July 4, the Amvets will play a colored team from Kingwood.

Special Session of Legislature Is Termed Success

The special session of the State legislature which adjourned last Thurday night passed bills giving State employees a raise and boosted welfare funds an additional $550,000. On the whole, the session was termed a "success."

Other measures passed relating to administration of this State government were passed and include:

Permit the State Roads Commission to transfer up to $2,000,000 in any one year from construction to maintenance funds.

Provide for a $525,000 bond issue for remodeling the State House and Court of Appeals Building to give more space for the General Assembly and connecting the two buildings with a tunnel.

Amend the $560,000 1947 armory loan so that if Federal matching funds are made available receipts from the bond issue may be used in construction of more than the four armories originally planned.

Change the income-tax law to permit persons with income of up to $10,000 from certain sources to use a short tax form in preparing their returns.

Extend the time within which an individual may be prosecuted for failure to file an income-tax return from one year to three years.

The Legislature also passed resolutions calling for investigators of public welfare program and the Commission of Tidewater Fisheries ask that a legislative program be prepared for the "exposure and expurgation of subversive activities in the State of Maryland."

State Employes get Raise

State employes are scheduled to get a ten per cent increase in pay which will go into effect on July 1.

The salary bill appropriates $950,000 to cover the general increase in the next fiscal year and $277,069 to supplement budgets of departments whose employes have received increases during the past year.

Cut in Relief Allotments

The Department of Public Welfare is expected to order a reverse procedure in local welfare offices. With no more than the $500,000 amount made available, welfare officials have said, a slight cut in relief allotments will be necessary July 1.

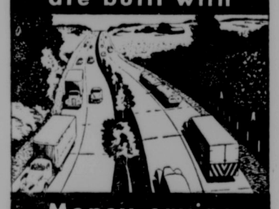
Better Highways are built with



Money-saving CONCRETE

Concrete has the strength and stamina to carry heavy truck traffic and it is ideal for fast-moving passenger cars. It is skid resistant, drains quickly, improves visibility and cuts driving costs by saving on gas, tires and repairs. Concrete has the durability to keep traffic rolling without pavement shutdowns for repairs.

Concrete offers all these advantages at ***low annual cost.*** Its first cost is usually less than other pavements of equal load-carrying capacity, its maintenance is less and its life is longer.

Insist on highways built of concrete

Note To Swimmers And Campers is Given

"Protection against typhoid fever is necessary to the safe enjoyment of camping and swimming," Dr. R. H. Riley, Director of the State Department of Health reminds all those who enjoy outdoor activities during the summer month. "People of all ages who have not recently been inoculated against this disease are advised to go their physicians now, at the beginning of the outdoor vacation season.

"Three shots every three years' is an easy rule to remember and a safe one to follow. The physician can confer immunity easily and without risk to the patient, usually by means of three inoculations given in his office at intervals of one week. Since the immunity lasts for about three years, it is desirable to repeat the treatment every third year in order to maintain continuous protection.

"Typhoid fever is transmitted from one person to another by means of water, milk or food that has become contaminated by discharges from an ill patient or from an apparently healthy carrier. Protection for campers and swimmers is recommended because the sites selected for such activities are often far from approved water supplies, and there is a chance that food or milk may have been contaminated as a result of careless handling. Where water is concerned, appearances may be deceptive, for clear and sparkling water is not always safe to drink or to swallow accidently while swimming. Even carefully supervised camps may present dangers unsuspected by their managers or their patrons.

"The incidence of typhoid fever has declined greatly during the present century—largely as a result of community efforts to protect food and milk supplies, provide safe water, treat and dispose of sewage by scientifically approved methods, isolate patients and supervise known carriers. Significant as this improvement has been, it should not be interpreted as an indication that personal immunity is no longed needed. Inoculation is still strongly advised, especially for those who enjoy outdoor pleasures during the warm weather."

What tireless little busybodies some of our youngsters become as they grow out of the baby stage into early childhood! They seem to possess unbounded energy and an insatiable curiosity.

They have reached the inquisitive age when they want to know what things are and why they tick. So they are constantly pulling at this and prying into that and investigating whatever attracts their attention.

These childish activities give parents an endless task. But they have the satisfaction of knowing that their children are developing normally.

Wisely handled, the energy and inquisitiveness of childhood can later be turned into constructive channels. Above all, parents should teach their children the moral and spiritual values behind all earthly things.

That is where the Church can render great assistance to parents. It can guide them in applying the teachings of God's Holy Word to the many problems that stem from parenthood.

Wise parents turn to the Church for spiritual guidance.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday ..... Mark 10:13-16
Monday ..... Matthew 18:1-6
Tuesday ..... Proverbs 22:1-6
Wednesday .. Mark 4:26-32
Thursday ..... I Corinthians 13:9-13
Friday ..... II Thessalonians 3:11-13
Saturday ..... Ephesians 6:1-4

McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320 one of the Records of the Orphans Court for Garrett County, Maryland.

No. 4024 Equity. In the Circuit Court for Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property, which was sold by the Collector of Taxes for the County of Garrett and the State of Maryland to the plaintiff in these proceedings: "50 acres of land, except the coal thereunder, assessed to Mrs. Jehu Paugh, in Election District No. 10, Garrett County, Maryland, being Military Lot No. 166 which was conveyed to Jehu Paugh by deed from Richard S. McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al. by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320, one of the Records of the Orphans Court for Garrett County, Maryland.

The bill states among other things that the amounts necessary for redemption have not been paid, although more than a year and one day from the date of sale has expired.

It is thereupon this 25th day of May, 1948, by the Circuit Court for Garrett County, Maryland, ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by 2nd day of August, 1948, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

THE GREAT GAME OF POLITICS

By FRANK R. KENT.

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

The "Villainous Program"

Nothing quite like the effort to force Mr. Truman out of public life before the Democratic National Convention has occurred in our political history. In effect, it is an attempt to blackjack a President into a public abdication of his office, involving great personal humiliation. It is not likely to succeed.

The two groups involved are—first, the Democratic senators from the South enraged by the Truman "civil-rights" proposals which the Alabama declaration describes as a "villainous program to enforce racial equality"; second, former New Deal jobholders who are using the very eager to be used Roosevelt brothers (Elliott and Franklin, Jr.) and their mother for their own political purposes. Personally, all of these are for the "villainous program," because it was favored by the late Mr. Roosevelt and is part of the creed of all 'Roosevelt liberals."

Thus we have the strange situation of two groups anxious to lynch Mr. Truman, but themselves as widely apart as groups can be. While the "villainous program" which has brought the South to the boiling point is dear to the hearts of all the Roosevelts and Roosevelt followers, the other alleged reasons for the New Deal Truman opposition logically should endear him to the South. Among these reasons are his so-called Palestine "betrayal," his failure to retain in his Administration some of the advanced New Dealers, such as Mr. Landis, and the fact that he is not at heart an advanced New Dealer himself. Thus, the only things which these two anti-Truman elements have in common are—first, their desire to deprive Mr. Truman of the nomination; second, an absence of any available alternative.

Of the two groups, the Southern Democrats are by far the strongest and most important. The other is trivial in comparison, without influence in the convention and very little in the country. It is impotent to affect results before or after the nomination. The Southern "revolt" is different. If the Alabama plan of choosing electors pledged not to vote for Mr. Truman in the Electoral College is followed by other Southern states, on the surface it means that Mr. Truman could not be elected and the Democrats would be disastrously defeated. Armed with this formidable weapon, it is the plan of Southern leaders to approach Mr. Truman through his "friends," in effect saying: "Look, Harry, here is plain evidence that you can't win. There is only one thing for you to do. For the sake of the party and the country you must announce your retirement and declare for General Eisenhower. If you do that, the convention will unanimously draft him. He will have to run and the party will be saved."

That is the idea. There are only five things wrong with it—first, Mr. Truman, with more than 900 delegates committed to him, certainly will not quit when that pistol is put to his head; second, it is inconceivable that General Eisenhower would fall for any such transparent frame-up as that—even if he wanted to be President, which he does not; third, even if Mr. Truman turned coward and permitted himself to be scared out of the picture, and the convention unanimously "drafted" Gen. Eisenhower, that clearheaded gentleman could not in honor let himself be used to salvage the fortunes or gratify the prejudices of the aforementioned groups — because that is what it would amount to.

A fourth reason is that though he has not—and will not make a statement on the subject, there is every reason to believe that the Republican, Kansas-born Eisenhower is no more opposed to the "villainous program" than any other Republican. The fifth and final reason is that even if Mr. Truman were bullied out of the picture and even if General Eisenhower permitted himself to be "drafted," thereby opening himself to the charge of insincerity, he would certainly be playing a rather low trick on the University of Columbia, which has spent a good deal of money remodeling a handsome home along lines suggested by him. And, he might even be beaten in the election.

Considering these things, the calmer Southern Democrats privately admit there is small chance of getting Mr. Truman to withdraw and less of getting General Eisenhower to play ball with them. Also, they admit they have no alternative candidate who could be nominated or elected if nominated. Certainly, it is clear the nomination of any Democrat who repudiates the "villainous program" will drive every Negro vote in the pivotal border and Northern states back into the Republican party from which they came. This would insure a Democratic defeat just as surely as an electoral bolt in the South.

Also, they admit that any candidate, pleasing to the Roosevelt family —particularly Justice W. O. Douglas —inevitably would be for the "villainous program" and just as offensive to them as Mr. Truman. With Eisenhower unavailable, the Southern Democrats are engaged in an obviously futile battle, the only result of which would seem to be their own discomfiture. Unlike the New Deal group and its Roosevelt window-dressing, the Southern senators are inspired by a real conviction. The act they are putting on is based on a defensible principle. Perhaps their own self-respect compels them to put it on. But it is an act just the same. And it will hardly get them anywhere. Probably Mr. Truman will be beaten —but defeat would be more sure with any other possible nominee.

THE REPUBLICAN

VOLUME 72. OAKLAND, GARRETT COUNTY, MD., JUNE 10, 1948. NUMBER 15.

A Bomb Has Exploded . . .

A bomb was exploded in Garrett county this week. A few knew it was due to strike, but to most citizens it came as a complete surprise. The recommendation for just two high schools in the county was the fuse which touched it off.

Such a recommendation has given us all a jolt, and the first reaction of most people is to rally to the defense of their particular community, and the sacredness of the high school which is a vital part of their community.

But the explanation of the proposed program, as outlined by Dr. Engelhardt, is very logical and has given the people of the county something on which to ponder deeply. The recommendations should be studied very carefully before one allows his first impulses to sway him. We should not condemn it as a fantastic dream, nor must we accept it unreservedly. The entire plan is outlined in detail in 75 or more pages of a report which has been made available to all interested persons. The full significance of the plan should be learned before taking a definite stand, which might be the cause of depriving the children of generations to come from the advantages to which they are entitled.

Two years ago, if we remember correctly, when the idea of two high schools first came to light, we declared it was "ridiculous," and two of our reasons were the weather and taking away community spirit. Both those reasons have been somewhat dispersed. Records show weather is a problem but one that can be coped with. Community spirit can still remain in an area where there is a permanent elementary set-up.

So, let's think the problem through before we "blow our tops."

Revision of Plans Delays Library

Plans to go ahead with the construction of the Ruth Enlow Memorial Library were delayed somewhat because of several revisions in the original specifications, it was learned this week.

The architect's drawings were sent to E. E. Enlow, who endowed the memorial, and upon return he had suggested a few changes. The board of library trustees voted unanimously to uphold the revisions at a meeting Tuesday afternoon, and consequently, new plans must be drafted. The project may be delayed several months, it was reported.

W. L. Evans and family, who occupied the residence on the property located on Second street, vacated the house last week. The house will continue to be rented on a monthly basis, however, any renter will be subject to eviction at any time, it was stated.

Bookmobile Arrives

The Bookmobile, purchased for the memorial library and for use by the present one, arrived Tuesday, being driven from Baltimore by Miss Helen Clark, director of the division of library extension of the State department of Education. A driver is still being considered, but it was reported that it would be in operation within a short time. The vehicle will tour the county, lending books to all who desire them.

Miss Clark ran out of gas on the outskirts of Oakland on her way here, but upon explaining her predicament to workers along the new part of Route 219, they gave five gallons of gasoline as a donation to the new service.

Pfc. Robert E. Railey, 19, son of Mr. and Mrs. C. M. Railey, Deep Creek Lake, has reported to Kessler Field, Mississippi, for training in the airplane and mechanics school located there.

The training Pfc. Railey receives in the school will extend over a period of approximately 28 weeks. This training will qualify him to perform maintenance on all conventional type aircraft flown by the USAF.

Parents Have Three University Graduates

An occasion that comes to parents only rarely, was experienced this past week by Mr. and Mrs. James Fazzalari, of Oakland, who witnessed three of their children graduating from the University of Maryland at commencement exercises last Saturday. The graduates were Frank Anthony, Mary Ann and Paul Vincent. Interruption of their college work by the recent war finally brought these three to the completion of their studies at the same time.

As if the unique experience was not enough, the couple hastened home to attend the sermon to the graduates of Oakland High school on Sunday evening because another daughter, Ella, is completing her career in the secondary school here and will receive her diploma this evening at Mt Lake Park auditorium.

Pictured are the three university graduates.

Frank Anthony received the degree of bachelor of science in chemical engineering. He attended Saint Peter's Parochial school and was graduated from Oakland high school in 1941. He attended University of Maryland from 1941 to 1943 when he entered the U. S. Navy and was an aviation radio and radar technician. He returned to the state's college of engineering in 1946. He was an active member of the student chapter of the American Institute of Chemical Engineers.

Mary Ann received the degree of bachelor of science in bacteriology. She also attended St. Peter's Parochial school and was graduated from Oakland high in 1944, continuing her studies at the University of Maryland. She was an active member of Sigma Alpha Omicron, national honorary of society of bacteriolologists.

Paul Vincent had the degree of doctor of dental surgery conferred upon him. He attended St. Peter's school and was graduated from Oakland high school in 1939. He attended University of Maryland, and then entered the army. While in the army he attended Northeastern university, Boston; City College of New York, University of New Hampshire, Durham, N. H., and then returned to the University of Maryland at the end of hostilities.

The three members of the one family were among the nearly 1,200 students who received degrees at the commencement exercises in the Fifth Regiment Armory in Baltimore last Saturday. William Preston Lane, Jr., governor of Maryland, was the speaker.

Graduation exercises this year will not complete such experiences for Mr. and Mrs. Fazzalari, as there is still another daughter, Florence, who will graduate from the University of Maryland next year.

Mr. Fazzalari, a veteran of the second division of World War I, came to Oakland May 2, 1913 and has been engaged in the shoe repair business since October, 1921. He previously had been employed by the Baltimore and Ohio railroad. Mrs. Fazzalari is the former Miss Bertie Turney, Garrett county native.

Pictured with her parents on page six of todoy's issue is Ella, who has been active in the Glee club and orchestra, Student Council and Acorn staff during the past four years. She is also active in Teen-age club and 4-H club work.

Enough Snow Falls Tuesday Afternoon to Make Snowball

Charles and Arden Lewis, who live on Route 219, found snow enough to make a snow ball along the side of the road of Pat Rodeheaver's hill Tuesday afternoon.

Hail was reported in many sections of the county, and a tree was blown down at Mt. Lake Park, but this was the only evidence of snow on such a late date as June 8.

When the local weatherman was told of the phenomenon he retorted that the "snow" was probably service blossoms which had fluttered down. He also said that 1.66 inches of rain had fallen and the temperature was 44 this morning.

Knights of Pythias To Hold Convention Tomorrow Night

The district convention of the Knights of Pythias Garrett Lodge No. 113, will be held tomorrow night at 8 o'clock p. m. at the local Castle hall at which time there will be candidates from all lodges of the district receiving the rank of knight.

District deputy, John C. Fisher, of Cumberland, and other grand lodge officers will be present and the degrees will be given by members of the Garrett lodge. Candidates receiving the rank are from Friendsville, two lodges of Cumberland, Midland, and Frostburg. From 6 to 10 members of the respective lodges are expected, according to A. G. Gortner, treasurer.

At an assembly last Friday, officers for the new year were elected and are as follows: Lewis R. Jones, chancellor commander; Harry C. Coddington, vice-commander; Maurice Brookhart, prelate; Charles Davis, master of work; Gene Liller, master at arms; Walter Hardesty, secretary, Milburn Mann, financial secretary; A. G. Gortner, treasurer; George Comp, inside guard; and Beeson Snyder, outside guard. These officers will be installed at the first meeting in July.

Representatives to the grand lodge are John Criss, and Ralph Fauber with alternates as Reaford Purbaugh and Merle Frantz.

To Receive Diplomas At Exercises Tonight

Ninety-nine seniors in Oakland High school will receive their diplomas tonight at commencement exercises in Mt. Lake auditorium at 8:15 o'clock.

Included in the program are numbers by the Glee club, and solos by William Lambert.

Dr. R. Floyd Cromwell, educational and vocational guidance director, state department of education, will be the principal speaker. Franklin E. Rathbun, county superintendent of schools, was scheduled to present the diplomas.

The sermon to the graduates was delivered Sunday evening in St. Paul's Methodist church by Dr. Denver C. Pickens, his subject being "Every Day Religion."

Senior class day was held last Thursday at the Bittinger recreational area.

Jim Tatum Advocates County Football in Address Last Night

"Let's have football in Garrett county schools," Jim Tatum, athletic director of Maryland University, said last night in his address to 125 members and guests at the Oakland Boosters' club banquet at Mt. Lake Park Hotel.

Mr. Tatum stressed the importance of teamwork as part of the training students should get along with their studies. Few secondary schools in Maryland have a football program, and therefore he had difficulty when selecting a team at the University, Tatum told members of Oakland High's basketball teams in whose honor the banquet was arranged.

Complete outfits and equipment for a football program would cost approximately $12,000.

Awards Given to Coaches

In recognition of the efforts displayed by coaches of Oakland high school, Odar A. Watson and Ruth Field, the Boosters presented them both with cameras. Members of the respective teams also awarded gifts to their mentors.

Second Beauty Entrant

MISS FLORENCE SISK

The Mt. Top Chamber of Commerce announced Monday that Miss Florence Sisk had been entered as a contestant in the county-wide beauty contest, to be held the last of June as a forerunner to the "Miss Maryland" contest for August 2 in Cumberland. Miss Sisk is being sponsored by the Business and Professional Women of Oakland.

Miss Sisk was graduated from Oakland High school in 1945 and has continued a study of music at Shenandoah Conservatory of Music, Dayton, Va., where she will be a senior next year. She has majored in voice and has sung several times over the Harrisonburg radio station, WSVA. She has also studied conducting. She is a daughter of Mr. and Mrs. John H. Sisk, Loch Lynn.

Only two, Miss Molly Smart and Miss Sisk, have entered the contest thus far, the Chamber reported. Entry blanks have been sent to the service clubs and organizations of the town.

Meeting on Color Film of Garrett County to be Held Friday

A meeting to arrange a schedule of places in Garrett County for movie photographers to film will be held in the County Commissioners office on tomorrow night at 7:30, State Senator L. M. Fraley, announced.

Representatives from Rotary clubs, Lions club, Chamber of Commerce, newspapers, Women's clubs, County Commissioners, Legislators, and the mayors of incorporated towns are being asked to attend.

The film is being sponsored by the Standard Oil company, in color, and will depict scenes of Maryland. Release is planned for some time late this year.

Wins Special Awards at Graduation

Miss Evelyn Fraley, daughter of Mr. and Mrs. Neil Fraley, was graduated from the University of Maryland last Saturday with honors. Miss Fraley not only received her bachelor of science registered nursing degrees, but won two awards, the Mrs. John L. Whitehurst prize for executive ability and another for operating service, as recognition of her outstanding ability.

Appointed Assessor

At the regular meeting of the County Commissioners this week they appointed John Stevenson as assessor for Garrett county, to fill the vacancy caused by the illness of Ben H. DeWitt. Mr. Stevenson was sworn in on Monday and began his duties immediately.

Frank Strawser, Deer Park, was before the Board asking for wire for damages caused by the snow plow in removing snow from the road. The board declared the county was not responsible for fences broken by snow but would investigate the complaint.

McClelland Alexander, before the board with a request for a retired teacher pension, was informed the matter would be taken under advisement.

William Nace, Foster Yost, Herbert and F. W. Wildesen were before the board concerning a possible change in plans on the Loch Lynn-Gorman road as to a bridge across a stream on F. W. Wildesen's land, and concerning drainage, lowering stream bed, etc. The Board declared they had investigated the matter and found the cost would be $4,100, to be entirely on county expense and that the change could not be justified.

The next regular meeting of the board will be on June 21 and 22.

Centurial Spruce on Second St. Falls to Woodsman's Axe

The hundred-year-old spruce tree, located on the corner of Second and Pennington streets on the former Smouse property fell on Monday, a casualty of the woodsman's axe. The spruce measured 78 feet in height, and was planted by the late Dr. Edward Bartlett and Judge Patrick Hamill at least a century ago, according to one of Oakland's patriarchs.

The removal of the tree caused widespread interest among the neighboring residents and some 50 persons ventured guesses as to its height, Mrs. Robert Seefeld, present owner of the property, said. She added that Frank A. Smouse registered nearest with a guess of 80 feet and H. C. Sincell drew second with an estimation of 75 feet.

Approximately 600 board feet of 2x4's will be cut from the tree.

Judge Huster Gives Four Decisions at Short-Term Session

William A. Huster, chief judge of the 4th judicial circuit, rendered four decisions in the short-term, nonjury session of court here on Monday.

The former postmistress of Vindex, Mrs. Myrtle Beeman, who was charged with breaking and entering a store in Vindex, pleaded guilty and was placed on parole for 2 years. Mrs. Beeman, State's Attorney Stover said, entered the store, of which the post office is a part, by going through the package panel of the post office. She was charged with the theft of groceries, a magazine, and a camera which amounted to a little more than six dollars. As one of the results of her misdemeanor, she was relieved of her duties as postmistress by the Post Office Department.

A second case brought before the court was two bastardy counts against James Kisner. Kisner was granted a suspended sentence from serving a year in the house of correction provided that he marry the plaintiff to whom the two children were born.

Jasper H. Ringer, 22, pleaded guilty to stealing an automobile from Ralph Pritts garage in January, and was given a suspended sentence of serving five years in the Maryland penitentiary. Prior to his arraignment before Judge Huster, Ringer had served several months in the house of correction on various charges. It was brought out in court that he also had undergone three charges while serving in the army: two being the misuse of government vehicles, and a AWOL count. In view of the fact that Ringer is married, his wife expecting a child, and that previous incarcerations have had little affect, Judge Huster said, the sentence would be suspended upon future conduct. No provision was made, however, for reimbursement to Ralph Pritts whose automobile was damaged to the extent of about $600.

The final case was a request for a writ of habeas corpus in the case of Golden Arthur Kirk, 23, who is charged with the murder of his stepfather, the late Walter Messinger. The petition was denied. Kirk has been held without bond since March 26 when the shotgun slaying occurred. He is scheduled to be tried by jury during the September session.

Moose Lodge Seeks Bids for $30,000 Structure on Third St.

Moose Lodge No. 387 confirmed its plans at a meeting on Tuesday night to erect a two-story building at a cost of $30,000 in the former Sweeney property on Third street. contractor's bids for construction will be opened, June 30, A. C. Warnick, secretary, announced.

The lodge has contemplated the structure for little more than a year, and specifications were drawn some time ago. The plot of land has a 100 foot front and the building will be centered with a driveway going around it.

Plans call for a 40 x 70 structure, composed of concrete block, and faced with facetile. Several lounges, a pool room, card room, kitchen, and lodge room fitted for a dining hall, are also included in the drawings. The building was designed by A. C. Mater, of Salem, W. Va.

Senator Arthur Capper, 82, oldest member of the Senate, announced he would not run for re-election.

SCHOOL AUTHORITIES RECOMMEND TWO HIGH SCHOOLS FOR COUNTY

Would Be Erected in Keyser Ridge and Oakland Areas —Other Proposals Made for Housing Modern Educational Program

Construction of just two high schools in Garrett county, one in Keyser Ridge area, one within a five-mile radius of Oakland, possibly near Mt. Lake Park; the use of present high school buildings with the exception of Oakland, as permanent elementary centers; and the gradual reduction of number of schools in the county from 47 to 18, were among the recommendations of the proposed plan for housing a modern educational program here which were revealed for the first time this week by R. Bowen Hardesty, assistant superintendent of schools, and Dr. N. L. Engelhardt, educational consultant, New York.

The revelation was made first Tuesday evening to the County Commissioners, legislators, members of the Board of Education, the building committee, principals, supervisors and representatives of the press, and last night to those who attended the public meeting in the Oakland High school.

Details of the plan are contained in the survey report of about 75 pages which was compiled by Dr. N. L. Englehardt, Dr. Edgar Morphet, state department of education, Florida; and Dr. Clarence A. Newell, University of Maryland.

Master Plan Outlined

The master plan was outlined at the Tuesday and Wednesday meetings by Dr. Englehardt. He pointed out that at present there are no comprehensive and adequate high school facilities in the county, and that the survey had resulted in a program which would give the county facilities equivalent to those found in high schools of many other counties in Maryland, making possible an educational program which considers the needs for all boys and girls. "It will provide adequately for the approximately 15 percent who go from graduation to higher institutions of learning and also for the large majority of students who have not graduated in the past or who, though graduated, have not been provided with the facilities and equipment which their work has required."

A chart in the survey explained this, which showed that under the new set-up, if accepted, there would be 67 courses available in both high schools, as compared at present to only 15 now available at Kitzmiller, or the 18, 19, 22 or 36 studies available in other high schools of the county.

With education being more and more tied up intimately with family life and centered around the community, Dr. Engelhardt pointed out that only an adequate program for every child would provide an enriched economic and family life.

The proposed program provides two superior regional high school centers. More than two would be too costly for the county to support, the report states, while the two proposed will not be too large and can become centers for the advancement of all phases of desirable community activities.

Dr. Engelhardt admitted that the county could conceivably continue to operate all five of the present schools, but said the continuance would mean either that the schools would not be

Over 400 Attend Meeting

Over 400 people of the county gathered in the high school auditorium last night to hear the recommendations discussed by Dr Engelhardt, Dr. Newell, Dr. Seidel and Mr. Hardesty.

Dr. Engelhardt pointed out more in detail last night some of the reasons why the county's schools were not as much advanced as in other areas, and expressed his dismay over the fire hazards and sanitary aspects of some schools. His talk was a sobering influence on those present, judging from the reactions later when a number of questions were asked the officials.

Group Discusses Plan

The recommendations of the proposed plan for housing a modern educational program here were discussed at length on Wednesday afternoon by the Board of County Commissioners, the Board of Education, members of the Advisory committee and school building specialists.

The plan was neither accepted nor rejected but was gone over in much detail, according to Mr. Hardesty. Neil C. Fraley, attorney to the Board of County Commissioners, announced last night that another meeting would be held in the near future for further discussion and that no definite action would be taken until after that meeting.

Members of the Advisory committee, named in the bill include Earl H. Ault, Accident; Ray McCullough, Friendsville; Milton E. Pritts, Kitzmiller; Stewart Rodamer, Grantsville; and Floyd B. Leighton, George Littman, and Howard C. Riggs, Oakland.

Park Baptist Church Plans Vacation School

The annual Vacation Bible School conducted by the Mt. Lake Park Baptist Church will begin next Monday morning, June 14th, and will continue through Friday, June 25th. Daily class sessions will be held from 9:00 to 12:00 Monday through Friday.

A capable and experienced staff of teachers and their assistants will be on hand to teach Bible courses, interesting handwork and supervise the play periods. A preparatory service will be held Saturday afternoon, June 12th, at two o'clock. Children whose ages are four years and upwards are cordially invited to attend the school, and if possible to register at the preparatory service Saturday afternoon, it was announced by Rev. James MacLeod, minister.

Guardsmen Exempt From Induction

Men enlisted in the National Guard, prior to the passage of the proposed Selective Service law, will be exempt from induction under the law, according to Lt. Col. Randolph Millholland, commander of the 1st Battalion, 115th Infantry Regiment in Cumberland.

Col. Millholland said he was officially advised by Maj. Gen. Milton A. Reckord that there is a provision under Selective Service of men now enlisted in the Guard and men who enlist prior to passage of the measure.

Effective June 1, Col. Millholland said, orders were issued that no enlisted men can be discharged from the National Guard except for purpose of enlisting in the regular services; permanent removal from the state of Maryland; to accept a commission in the Maryland Guard; to accept appointment to a United States Military or Naval Academy; or for physical disability.

Verification of these measures has not, as yet, been received by Lt Stuart F. Hamill, commander of the local Guard unit.

Teachers Are Named For Bible School

Teachers for the Daily Vacation Bible school, to be held in St. Paul's Methodist church, Oakland, were announced this morning by Dr. Denver C. Pickens. They include Jane Reckard, grade 1; Mrs. James Lemmert, 2; Mrs. Mary Lynn Warfield, 3; Mrs. Kenneth Lawton, grade 4; Mary T. Naylor, grade 5; Audra Jones, grade 6; Mrs. Newton Coplin, grade 7.

The school, for children of Oakland vicinity, is sponsored by the Lutheran and Methodist churches and will be held June 14 through June 25. Sessions will be held each morning, Monday through Friday, from 9 to 11:30, with a picnic on June 25.

Council Names Leaders

At a meeting of the Garrett County Council of Parents and Teachers held last night in the high school Arthur Humbertson was elected president. Others named were Mason Callis, 1st vice-president; Thomas Baucom, 2nd vice-president; Mrs. Donald MacMurray, recording secretary; Mrs. Homer Bennett, corresponding secretary; Mrs. Ralph Weeks, treasurer.

Dr. John J. Seidel, assistant state superintendent of schools, and Dr. Clarence A. Newell, University of Maryland, were the speakers.

State House Tunnel Provision is Decried As "Extravagance"

One of the improvements of the State House and Court of Appeals building at Maryland's governmental seat has been termed an "extravagance" by the Expenditure Council. That "extravagance" is the proposed tunnel which will connect the two buildings.

It is estimated that the 105 foot tunnel will cost $50,000.

The necessity of the underground passageway is given as: "since the Legislature meets in winter months, it is highly desirable that a tunnel be constructed from the Court of Appeals to the State House."

With the General Assembly meeting once every two years, the 29 Senators will be able to scurry up and down their tunnel four months out of every two years.

Senate Bill No. 8, which provides for improvements to the State House and additional legislative space, slipped through the Special Session almost unnoticed. The whole project, to be financed by bond sales, authorizes the expenditure of $525,000.

Construction of the tunnel is an outgrowth of the findings presented by a commission appointed at the 1947 Special Session to study much needed improvements to the State House. A sub-committee composed of Senators Henry M. Baleh and Robert B. Kimble, and Delegates Mary L. Nock and Leroy M. Preston found the lack of a tunnel to be one of nine basic defects in the legislative plant.

North Glade Social

The WSCS of the North Glade church will hold a social at the school house on Friday evening, June 25, at 6 o'clock, E.S.T. Ice cream, pie, cake, candy, etc., will be on sale. A bedspread will be given away.

4-H Club Members To Attend Camp

Members of 4-H clubs in three counties, Garrett included, are scheduled to attend Camp Algawa from July 11 to 17 and study forestry, soil conservation, rifle marksmanship, handicraft and nature, officials announced on Tuesday.

Between 70 and 80 members are expected to attend the camp located in the Pleasant Valley district, where experienced men in each of the courses are scheduled to give lectures and conduct question and answer periods.

The rifle marksmanship course will be conducted each day with students going on the range the latter part of the week. Harry Morgan, member of the Frostburg Rod and Gun club will give instructions.

William Parr, district forester, will address the campers on forestry, fires and how to prevent them, while Mrs. Gilbert Miller will conduct the classes in nature study and bird interest.

Handicraft, another course scheduled to be taught each day, will be taught by Raymond Mueller and John H. Carter. The program of lessons also includes soil conservation and swimming classes.

Joseph Steger, assistant county agent, who is arranging the camp, said a local minister will also conduct camp fire and vesper services each night.

Mrs. Edith Lechliter, Cresaptown 4-H Club leader, will be dietitian during the week's outing.

Accident Ball Team Slams Draketown in Close 2 to 1

The Accident baseball nine defeated Draketown last Sunday in Accident's home pasture with a score of 2 to 1.

Draketown scored its lone run in the first inning, and in the fifth, Accident tied. In the eighth, Accident pulled another and retained the score throughout the remainder of the contest.

Accident made eight base hits and received only one walk, that one being Hayatt, the Drake's pitcher. Draketown was allowed six hits and one walk.

Two pitchers were used by Accident: James Beall, who pitched the first inning, and Robert Miller, who held the Draketowners scoreless the rest of the game.

First-Class Travel Agent

White sidewall tires, as illustrated, available at extra cost.

Its name speaks for itself—ROADMASTER.

It's Buick's 144-horsepower greyhound that covers ground and grades with the effortless smoothness of a cruising cloud.

It's big—18 feet from bumper to massive bumper—and spacious, and stacks up to a solid 4,400 pounds of trim roadweight to keep your ride true and steady.

Yet for all its brawny bigness, the Buick ROADMASTER has a power-to-weight ratio that means fewer pounds per horsepower.

So you find this handsome heavyweight spry and mighty like precious few other cars.

You take any road, any hill, any sudden need for speed with a swift smooth sureness that puts a song in your heart.

And you find this beauty's great Fireball engine not only tireless but practically throbless, too—for now it's Hi-Poised mounted for new smoothness.

You find this fashion-plate traveler not only superbly fitted with luxurious trim and finish but serenely quiet and restful, too—for now it's insulated against road noise by Sound-Sorber top lining, and isolated against vibration build-up by Vibra-Shielding.

You find this stunningly smart car not only feather-light in handling but incredibly level and buoyant in its soft ride—for here all-coil springing combines with extra-big, extra-soft tires and the industry's widest rims.

And if you add to this finest of fine automobiles the new engineering triumph called Dynaflow Drive,* you have a car like no other in all America—the only car in the land in which no gears shift as you drive.

Why not come visit us and look into it? Better yet—we'll take your order for one right now, with or without a car to trade.

*Optional at extra cost on Roadmaster models only.

Woodmen Celebrate Society's Birthday

June 6 is an important day in Woodcraft . . . the 58th Birthday Anniversary of the Woodmen of the World.

During this week, local Woodmen Camps will observe this Anniversary with special meetings and events. They will hold memorial services, place markers on unmarked graves of deceased fellow Woodmen, mark historic sites, etc.

Woodmen look with satisfaction on their Society's 58 years of service and its growth to become the world's financially-strongest fraternal society. Its assets now exceed $162,000,000. Its membership has grown to more than 400,000 men and boys holding over $462,000,000 of safe, sound Woodmen life insurance protection. It has paid $393,000,000 plus to members and their beneficiaries in settlement of death and disability claims, retirement income, refunds and cash withdrawals.

Its 9,000 local Camps also contribute greatly to many local and national civic, charitable and patriotic enterprises.

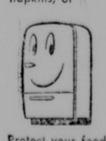
ELECTRICITY SCRAMBLING

FOR ONE PENNY, YOU CAN

Vacuum clean 6 large rugs, or

Iron 20 table napkins, or



Protect your food for 5 hours, or

Have the correct time for a week

This is an anagram. The four scrambled words tell a well-known truth these days of scrambled budgets.

You may have to do a little figuring to discover that it says: "ELECTRICITY IS A BARGAIN"—but it doesn't take much figuring to realize what a great bargain electricity really is!

Your pocketbook tells you that living costs have skyrocketed—that nearly everything costs more nowadays. But not electricity! The average family still gets twice as much electric service for its money as it did 20 years ago!

Check your budget and ask yourself what other item does so much to make life easy and comfortable—at such little cost!

MEMBER AUDIT BUREAU OF CIRCULATIONS

THURSDAY, JUNE 10, 1948.

School Authorities Recommend Two High

(Continued from Page One)

operated economically or that needed educational opportunities would not be available to the children, or both.

"After careful study the survey staff is convinced that only two high school centers can be justified for the county, with both of these centers being junior-senior high schools, for grades 7 to 12."

The report recommended that Kitzmiller high be consolidated with Oakland and the building at Kitzmiller used as an elementary school. Students from Friendsville, Accident and Grantsville, would attend the one proposed for Keyser Ridge. Mr. Hardesty estimated eventually a total of 800 students at the northern high school and 1,100 at the one near Oakland.

Elementary Centers

Elementary centers were recommended "if adequate educational opportunities are to be made available at reasonable cost." The report recommended development of permanent elementary centers at Red House, Loch Lynn, Deer Park, North Glade, Kitzmiller, Oakland, Grantsville, Accident and Friendsville.

Red House would draw from Swan Meadow, Sunnyside, Corunna, Red Oak and Kempton. Loch Lynn would be centered for Mt. Lake, Lynndale and Bethlehem. Deer Park should serve Spring Glade, Boiling Spring and Wilson. North Glade would be center for Swanton, Black Hawk, Mt Zion, Bethel and Bloomington. Kitzmiller would also house Vindex, East Vindex and Shallmar. Oakland elementary would take in Bray. Grantsville would serve Fairview, New Germany, Jennings, Manadier, Bear Hill, Bittinger, Avilton, Beall, Finzel, Johnson, Yoder, Beachy and Casselman.

Accident school would serve Hoyes Run and Rich Hill. Friendsville would also include McCabe.

Until roads are built Kempton, Mt. Zion, Bethel, Fairview, Beall and Bear Hill would remain temporary units, while there was a possibility in the plan that Bloomington would remain a permanent elementary unit.

The first move in the long range plan, according to Mr. Hardesty, would benefit 61.2 percent of the 4,497 boys and girls now attending schools.

The entire program was advanced, Dr. Engelhardt said, with full recognition of the financial conditions of the county, and said any extensive variations from the proposal would result in unwise expenditures as far as the long time welfare of the county was concerned.

Financing the Program

The survey staff estimated from $3 million to 3½ million would be needed for satisfactory school plants in the county, with the first step in construction of two new high schools costing about $2½ million.

Already about $120,000 has been set aside as capital outlay from direct county levies. The Legislature authorized the borrowing of $1,500,000, and at the 1947 session of the legislature an act was passed to establish a school building incentive fund, specifying that if a county levied 5 cents for school building purposes the state would match to equal $10 per pupil. In the case of this county the combined county-state amount is approximately $47,000 per year, with the county providing about $11,000 and the State about $36,000. Dr. J. J. Seidel, of the State Department of Education, who outlined the financing, said he looked upon it as investment, not an expense. He said that there was much favorable talk at the last special session of the legislature on doubling the school incentive fund and if such a policy was adopted the state would take care of the difference between $20 per pupil and the levy of a county tax rate of 10 cents on the county assessable basis.

He estimated the state would provide $7,400,000 over a 26-year period or about $3 for every $1 provided by the county.

If the incentive funds for building were doubled the average amount over and above the state-county incentive fund which would be required of the county would be approximately $90,000 or an average additional tax rate of 39 cents over the ten cents now provided for capital outlay.

The report recommended that neither of the two major projects, that of the two new high schools should be undertaken unless the other is planned at the same time.

Mr. Hardesty, prior to introducing Dr. Engelhardt, stated that the purpose of the survey was to provide a county-wide system of schools, and that there was an educational reason back of every recommendation. He stressed the fact that boys and girls of this county were entitled to as good an educational program as those in any other county of the state and that the proposed program would put this county on a par with any other county. "What kind of a program carried on inside the buildings is more important than the buildings themselves," he declared. He said he felt that the citizens had in this report a constructive program for future progress and that the report was presented with the expectation that the interests and needs of boys and girls would be the sole guiding influence as decisions to go forward are made.

In the report a detailed study of each individual school was made and the standards for planning outlined. Further details of the report will be published from time to time.

Seem Pleased With Their Prizes

Above are the prize winners at the annual Ladies' Night program of the Oakland-Mt. Lake Lions club, held recently at the Mt. Lake Hotel. From left to right they are Mrs. Ray Teets, winner of the thermos; Mrs. Myra Martin, recipient of a pressure cooker; and Miss Marcella Kerins, who received a coffee maker.

Quota Is Reached In Cancer Drive

Success in the recent drive for funds with which to fight cancer was announced this week by the Oakland-Mt. Lake Lions club, with contributions totaling $613.29. The quota for this county was $600.

Elza Bray, chairman of the Lions club committee, stated the committee was continuing its work throughout the year, and still had the film which would be shown to interested groups making arrangements for its presentation. The active committee also includes Denzil Bowyer, I. R. Rudy, Jr., D. P. Smouse, Robert W. Lohr and Rev. George Coker.

Collection cans coughed up $201.63, while donations from patrons at the Maryland theatre, Oakland, amounted to $137.53. Organizations contributing included Business and Professional Women, $10; Pythian Sisters, $5; Oakland Lodge No. 192, A., F. and A. M., $10; K. of P. Lodge, $10; Crellin P.-T.A., $5; Democrat Club, $15; Rotary club, $20; Opportunity Circle, Crellin, $5; III-C Home room, O.H.S., $11.61; Kitzmiller P.-T.A., $5; Selbysport Church school, $7.10; L.O.O.M., Oakland, $27.05; Oakland Civic club, $12; Oakland-Mt. Lake Park Lions club, $27.37; Oakland Chamber of Commerce, $25; The Half Price Stores, $5; and several individuals contributed from $1 to $10.

"Learn to Swim" Program to Begin Monday, June 14

Garrett County's "Learn to Swim" program, sponsored by the local chapter of the American Red Cross, is scheduled to get underway on Monday, June 14, it was announced by Herbert Leighton, swimming instructor.

Six centers of instruction are distributed over the county in such a manner that swimming instruction will be available to all desiring it. They are as follows:

Friendsville will meet at the Friendsville School playground at 9:45 a. m., on Mondays and Thursdays. The instruction will be given at the new lake north of Friendsville. Bittinger will meet at the lake at the Bittinger recreation area at 2:15 p.m. on Mondays and Thursdays. Oakland-Mt. Lake Park will meet at the Oakland Elementary school playground at 9:30 a. m. on Tuesdays and Fridays. Those in this group who live on or near Deep Creek will meet at "Will O' the Wisp" at 10:00 a. m. on Tuesdays and Fridays. Crellin will meet at the Crellin school playground at 1:00 p.m. on Tuesdays and Fridays. Kitzmiller will meet at the Kitzmiller school playground at 10:00 a. m. on Wednesdays and Saturdays. The instruction will be given at Deep Creek near the Turkey Neck section. Accident will meet at the Accident school playground at 1:30 p.m. on Wednesdays and Saturdays. The instruction will be given at McHenry.

All times mentioned in the above schedule are Standard Time.

Where transportation is needed to get the groups to the center of instruction, the parents of the children and other interested people will have to arrange it, Mr. Leighton said.

A parent of one of the children or another responsible adult will be with each class during the time of instruction to assist the instructor, he also added.

Revival Is Scheduled

The annual revival and music festival at the First Brethren church at Accident will be held June 13 to June 27, with Billy Smith, Washington, D. C., in charge. All are invited.

Services each evening at 8; Sunday morning at 11. Evening services will be preceded by a congregational song service.

Garrett Sends 126 lbs. of Relief Material

Maryland increased her overseas relief goods given through Church World Service Center from 18,036 pounds in April to 59,130 in May. Of the latter amount, 126 pounds were given by Garrett county.

Eighty-four pounds were received from Accident and 42 from Oakland.

Largest contributor for the month was Frederick county, which held a one-day drive from which most of its 37,191 pounds of gifts were realized.

"HE DOES THAT EVERY TIME HE LIES IN THAT CORNER!"

It shouldn't even happen to a dog. Long, frayed, makeshift extension cords are dangerous! Ordinary wall outlets are always too few and too far away, resulting in stretched cords and clusters of wires. With National Electric "PLUG-IN" STRIP you have a neatly-enclosed steel molding—fully wired—with outlets spaced every 18 inches. Long, trailing cords from lamps and appliances are eliminated. Cleaning is made easier, and furniture can be arranged the way you want it with convenience outlets always free and in the right place.

Smartly streamlined, only ¾" thick, easy for your electrician to clip on top of present baseboard. "PLUG-IN" STRIP offers lifetime safety and convenience for about the same cost as ordinary wiring. Fully approved by Underwriters' Laboratories, Inc.

Women Hear of Private Schools of 19th Century

Members of the Garrett Branch, A.A.U.W. went to the Holmes-Wallace studio in Grantsville Monday evening for their regular meeting.

Miss Rachel Holmes spoke on "Private Schools of the 19th Century as I Knew Them." Miss Holmes was educated in private schools in Washington, Pa., Pittsburgh and Oakland, Calif., which were known as "female seminaries."

Miss Holmes related: "In addition to Latin, French, United States history, trigonometry and other subjects in the present curriculum, there were etiquette, mental and moral philosophy, Roman history and gymnastics. Dramatics played an important part in the life of the scholar. Plays in French were presented.

"Everybody had a piano and everybody took lessons, but Mendelssohn's Spring Song was not a favorite composition for the parlor as it was thought too classical. Lighter compositions were more popular."

Miss Holmes' special interest was music and she worked for a long time toward the goal of the concert stage. Miss Wallace is also a musician and she and Miss Holmes have played together for years. They played "Le Tourbillon," by Tito Mattei; "Germany" by Moszkowski; and Schubert's Polonaise, number four.

Following the meeting at the studio the group including eight members, two guests and Misses Holmes and Wallace, went to the home of Mrs. Charles Keller for coffee and sandwiches.

It was announced there would be no meetings of the branch in July and August.

Amvets Fall to Shallmar.

Win at Elk Garden

The Oakland Amvets traveled to Shallmar last Thursday and returned on the short end of a 5-4 decision. Glaze and Sharpless formed the batteries for Oakland and collected four of the Amvets six hits.

On Sunday, the Amvets slammed Elk Garden 8-2, with Jimmie Lyons and Ted James leading the Oakland attack. Kahl and Glaze each collected a three-bagger while Luffy, of Elk Garden, banged out two doubles. Harding was the starting pitcher for E. G. and was relieved by Iser in the fifth. Glaze and McManus formed the pitching staff for Oakland with Glaze being the winning tosser.

This afternoon, the Amvets meet Swanton on the local diamond and on Sunday they travel to Elk Garden. On Tuesday, June 15, the team will meet Crellin on the Crellin diamond for a previous rained-out league game. June 17 will see the Amvets meet Kitzmiller on the home plot, and on July 5, they will vie with the Klondyke Colts in a double header at 1:15 on the Oakland field.

On July 4, the Amvets will meet the Kingwood Bombers, widely known colored team from West Virginia, on the local diamond.

People are seeing today as never before the immense potentialities of youth. Our age has become peculiarly youth conscious, and youth movements have sprung up in almost every sphere of modern life.

In some countries youth organizations have boded no good. Their chief purpose was to exploit youth for the promotion of systems designed to spread fear and hate in the world.

The only commendable youth movement is one designed solely to serve youth's own welfare and to develop its highest potentialities for useful, unselfish living.

The little group of Bible scholars in this picture is free from any taint of evil design. It will never serve evil purposes, nor bathe nations in blood, nor spread fear and hate and war among men.

The Church teaches its children to honor and serve God, to live dutiful and upright lives, and to spread the gospel of peace and goodwill throughout the world.

How important it is that every child receive the spiritual training offered by the Church!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE GREAT GAME OF POLITICS

By FRANK R. KENT.

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

What More Does He Want?

The situation created by the union bosses in the railroad field and by Mr. John L. Lewis in the coal field again threatens a national crisis which, as Mr. Samuel B. Pettingill recently declared, easily may cost us more in a month than the whole European Recovery Program in a year.

One supposes that again a way will be found to avert the ultimate calamity of a completely strangled nation. But the price will be great and our national humiliation deep. Experience has shown that every such "settlement" in a very short time is followed by renewed demands, defiance, threats and throat squeezings. The result is always the same—the Government is compelled to yield; the labor bosses get their way, prove themselves stronger than the President of the United States and the Congress. And the people pay the bill.

The moral and material damage to the country of these endless public-utility strikes against the nation—for that is what they are—cannot be exaggerated and there is no more damaging indictment of the American people than that, with the power in their hands to put a stop to such shameful exhibitions, they supinely submit again and again and again. Apparently, they cannot be induced to face the facts. Even when these are squarely presented, they are not stirred into the kind of resentment that would force Congress to discard its fear of the "labor vote" and act in the general interests.

As in the case of the waste of Federal funds, the people continue lethargic, though these strikes menace their very existence. The real issue raised by them has nothing to do with the merits of the union demands. The real issue, as Mr. Pettingill points out, is "Should any man or any group of men for any reason have the power to take this country by the throat and squeeze until it yields to him or them?" Of course, the only answer to that is "No." Yet, neither Congress nor the people will face up to this question, than which there is none more vital.

Only twice in the last fifteen years has the White House incumbent stood up and fought instead of knuckling under. Certainly, Mr. Truman reached the peak of his popularity in the days when he slugged it out, first, with the railroad bosses and, second, with Mr. Lewis. It is ironical that but for the Taft-Hartley law, which he vetoed and now wants repealed, the President would have no legal weapon to meet the new coal strike threat. Is it not clear that an intolerable situation exists? Is it not clear that there is no law to take away this squeezing power which affects the lives of all the people? Is it not clear that regardless of injunctions and fines, presidential attitudes, congressional and journalistic denunciations, we shall continue from crisis to crisis losing ground all the time until our degradation is complete, our independence a joke and "civil rights" just a silly phrase, obsolete and meaningless?

To permit individuals and groups to coerce the Government of the United States into concessions that weaken the nation, cripple industry and inflict injury upon the citizens as a whole, makes no sense whatever. It is an idiotic performance made possible by two things—one, the inertia of the masses; second, the cowardice and selfishness of the politicians. For a long time now in both parties these have operated in dread of a labor vote which, supposedly, is swung by labor bosses and upon which the political lives of candidates for office depend. Recent records of the well-established Dunn survey show that all save a few of the black-listed Taft-Hartley bill congressmen, whom the labor bosses promised to drive out of public life, have been already renominated, thus demonstrating that the solidity of this vote is fictitious and the ability of the bosses to swing it nonexistent.

Further, these surveys show that at last a sense of the true situation appears to be permeating to the people and a resentment not discernible before is beginning to appear. What they seem to want is some man at the top of our public life who will sound the note of alarm and lead the way to action. That they would respond in a big way there is so little doubt that it is amazing one has not appeared before this.

Of course, the ideal spot for such a man is in the White House. The man who is there now could do it. He has his chance. He had it a few weeks ago when strangulation was threatened, first by the railroad unions and then by Mr. Lewis. He has it now on his trip across country. The railroad strike is not over and Mr. Lewis, despite another Goldsborough injunction is still determined, ready with more demands, yielding only on the unessentials. For a man in Mr. Truman's political plight this seems an ideal setup. What more does he want? He not only could gain great political prestige but he could be right at the same time. Yet, we are told that one purpose of this trip is to "line up the labor vote" through personal contact with the labor bosses in the various states. Wouldn't it be politically smarter as well as more patriotic to try "lining up the vote" of the far greater number of citizens all over the country who are tired of being abused and exploited by a few selfish and arrogant men.

Along the Potomac to Washington

By J. Glenn Beall

The House this week will take action on H.R. 6704 which substantially increases railroad retirement annuities and survivor benefits to meet today's high cost of living. The bill provides for increases that on the average will amount to some 30 to 60 percent in the annuities of those who have retired or will retire in the next few years. At the present time the retired railroad workers are only entitled to annuities based on living costs and wages prevailing in the early 1930's. The bill also provides for an increase in the annuities of those who retire years hence. This is in addition to the automatic increases under the existing law resulting from the present higher wage level. Furthermore, the bill provides an increase of 20 percent in the amounts paid widows, orphans, and parents of deceased railroad employees. The bill also restores a provision that was in effect before the 1946 amendments to the Railroad Retirement Act. This provision guarantees that the total amount of benefits payable an employee and his survivors will not be less than the employee paid into the fund in taxes, plus interest.

A further provision of the bill postpones until 1952 the impending 1949 increase in the retirement-tax rate to be paid by both employers and employee. The increase benefits provided by the bill are not in excess of what the Railroad Retirement Board has informed the committee the fund can support. The increase in the cost of living in recent years is so clear to all of us that it needs no proof.

The bill provides for a straight 10 percent increase across the board for all annuities, present and future.

It was definitely decided last week by the Joint House-Senate Steering Committee that every endeavor will be made to complete the legislative program of this session of the 80th Congress by June 19th. Whether adjournment on that date will be sine die or take the form of sort of a recess under a resolution which would permit the Speaker of the House and the President Pro-tem of the Senate, as well as the President, to call Congress back into session, has not yet been decided.

The House last week passed an appropriation bill for each day it was in session. The most important appropriations were those for national defense and for foreign aid under the Marshall Plan. National defense appropriations last week totaled nearly ten billion one hundred and ninety-seven million dollars, of which six billion five hundred and ten million were for the Army and Air Forces, and the balance for the Navy. Several weeks ago Congress approved an appropriation of three billion two hundred million dollars for aircraft procurement, bringing the total national defense appropriations for the fiscal year up to the thirteen billion four hundred million mark. The House reduced the Marshall Plan foreign aid appropriations by five hundred fifty-three million dollars—or seven and one-half percent below the total amount authorized—and extended the period of time over which the remaining five billion nine hundred and eight-one million dollars for global assistance, contained in the bill, must run for fifteen months instead of twelve months as previously provided. These two actions mean an over-all cut of about twenty-five percent in the foreign aid program as originally authorized by Congress.

Under The Dome

I appeared before the Rules Committee in behalf of my bill H.J. Res. 150, which provides for the restoration of the Francis Scott Key home. I hope the Rules Committee will grant a rule on this bill in order that the House may vote on it. The restoration of this home is a worthwhile project—one of interest to all of us.

H.R. 3825, which would exempt toilet preparations from the 10 percent retailers tax when sold at retail to operators of beauty parlors, barber shops, etc., has passed the House. Many operators of such shops have contacted me relative to this bill and I hope the Senate will take favorable action.

Another bill in which I have been interested and which also passed the House, permits the Postmaster General to readjust the compensation of star route contractors for increased or decreased costs due to changed conditions.

I met with several delegations on the T.E.W. Housing Bill and was advised by the Chairman of the House Banking and Currency Committee that such a bill is being reported and the Committee will ask for a rule this week.

Mrs. Jehu Paugh, (Clarissa M. Paugh) and all persons having or claiming to have any interest in 50 acres of land, except the coal thereunder, assessed to Mrs. Jehu Paugh, in Election District No. 10, Garrett County, Maryland, being Military Lot No. 166 which was conveyed to Jehu Paugh by deed from Richard S. McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320, one of the Records of the Orphans Court for Garrett County, Maryland.

The bill states among other things that the amounts necessary for redemption have not been paid, although more than a year and one day from the date of sale has expired.

It is thereupon this 25th day of May, 1948, by the Circuit Court for Garrett County, Maryland, ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by 2nd day of August, 1948, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

Council To Try New System On Parking Violations

Decision to adopt the recommendation of the Chamber of Commerce in regard to the parking meters, was made by the Mayor and Town Council of Oakland at the regular meeting on Monday evening.

The Chamber recommended last week that violators of the parking ordinance be given a card or sticker informing them of the misdemeanor and giving them an opportunity to redeem themselves by presenting the card and a nickel to the nearest business establishment where containers will be provided. Councilmen were of the opinion that the new procedure be given a 60-day trial, beginning about the 15th or 20th. Details were to be worked out by the Chamber of Commerce, according to Clerk-collector Arthur Lawton.

Improvements Planned

A discussion of proposed improvements for the town of Oakland was also among the items of business.

Improvement of 8th street and Bankers' Lane were among the items discussed. Preparations were also made to lay sewer and water lines on High street, and on 8th street from High to Alder, and the sewer extension on North Third street is planned as soon as the grading by the State roads commission is completed.

There was also talk of a new water line from the new well that is being dug near Wilson dam, to connect with Third street, which would provide the hospital and nearby new residences with an adequate supply. The new well is down about 250 feet at present. Mayor Joseph Hinebaugh was authorized to purchase all the pipe that the town needs for the present improvements planned, and the purchase of a new pump was also authorized.

Permits granted: to Ringer Oil company, to remodel property on Oak street, extend a canopy in front of building and erect new sign; W. H. Spiker, to erect sign on his property on Oak street; H. H. Harned, to erect stoop in front of his house on Green street; St. Matthew's Parish, to erect residence, corner of Second and Center; Carlton Henry Hinebaugh, to erect one-story frame dwelling, 24 by 24; to Bells' Studio, to erect sign on roof and another electric sign in front of property.

An ordinance to comply with standard specifications on gasoline storage tanks in Oakland was suggested and council indicated one would be drawn up. Horace S. Rich, of the Esso Standard Oil company, was before the council to explain regulations used in other towns.

Firemen Plan Celebration

The Oakland firemen were granted a permit to close Second street between Alder and Oak each night, July 3 to 10, for their annual celebration, and also were granted a permit to stage a parade on July 5.

Collections amounted to $5,610.06 including $3,271.32 for taxes. In the miscellaneous collections were amounts for beer licenses $596, city licenses $265, March gasoline tax $185.34, motor vehicle tax $715.84. Expenses totaled $5,463.66 with over $2,000 of the amount going for supplies for the water department. Payment on a truck amounted to $500.

Movie tax receipts for May totaled $111.35 and the monthly water test was reported O.K. Payment of $125 for rental of a pump owned by J. B. Muma, Jr., was authorized. Mayor Hinebaugh was authorized to purchase a truck for the street department for $700.

ACCIDENT

Bridal Shower

A host of friends honored Miss Lena Miller with a miscellaneous shower at the home of her mother, Mrs. Barbara Miller, last Tuesday evening. Her marriage to Mr. Keith Lohr was solemnized on Saturday, June 5. Refreshments were served by the bride's mother who was assisted by her daughters, Mrs. B. O. Aiken and Mrs. M. W. Harmon.

Mrs. Lloyd Alexander was surprised with a birthday party last Saturday night at her home. The guests included members of the immediate family, Rev. and Mrs. Olonzo Fike and family, and Rev. and Mrs. Robert Johns and family.

Dr. and Mrs. E. C. Weitzell and family, Alexandria, Va., were weekend visitors of Mr. and Mrs. H. M. Speicher and Mr. and Mrs. George Weitzell.

Sunday guests at the H. M. Speicher home included Mr. and Mrs. Lester Yutzy, Crellin; Mrs. Wade Rice and daughter, Hyattsville, Md.; Mr. and Mrs. Foster Yost and Mrs. B. O. Aiken.

Mr. and Mrs. Richard Clink and son, of Helena, Ohio, visited friends in Accident and Friendsville during the past week-end.

Rev. and Mrs. Robert Johns and family have moved to Youngstown, Pa., where they have accepted a pastorate. Rev. Johns has served as the pastor of the local St. Paul's Lutheran church for the past three years.

The annual Sermon to the Graduates was delivered in the school auditorium on Sunday evening by the Rev. William Fickenscher. Friends of the Fickenscher family will remember "Bill" as the only son of Rev. and Mrs. H. H. Fickenscher, who served the St. John's Lutheran church in the Cove for many years. "Bill" is a graduate of Accident High school and is now a student in Concordia Seminary, St. Louis, Missouri. Rev. and Mrs. H. H. Fickenscher are now located in Marwood, Pa., where he is serving as the superintendent of the Concordia Home.

Mrs. W. A. Speicher and daughter, Kathryn, attended the class Sermon to the Graduates in Grantsville High school on Sunday after which they were entertained as dinner guests at the home of Mr. and Mrs. Lawrence Brenneman in Bittinger.

Mr. and Mrs. Lloyd E. Miller have announced the marriage of their daughter Kathleen Marie, to Dr. John P. Smith, on Saturday, May 8, in Washington, D. C.

The couple will reside in Baltimore.

Local Student Receives Mercersburg Diploma

Thomas D. Browning, son of Mr. and Mrs. Cheston H. Browning, Sr., 66 Alder street, Oakland, was graduated from the Mercersburg Academy at commencement exercises held this morning.

Browning, who entered Mercersburg in 1946, was a member of Les Copians, honorary French club, and the Y.M.C.A. cabinet. He was a participant on the cross country squad, and also a member of the John Marshall literary society.

DRIVES BACK THE SUN'S HOT RAYS
Keeps Your Home Cooler

The most important discovery yet made about building insulation is that radiant heat *can't get through aluminum foil.* Scientists call it "Reflective Insulation" because the radiation from the sun reflects back towards its source.

ALFOL HOUSE INSULATION BLANKET provides one or two layers of aluminum foil with air spaces between them. The aluminum foil is attached to heavy moisture-proof paper. You just tack it on roof rafters, floor joists or studs. *Literally* ALFOL turns the sun's heat around — sends it back to the outdoors. And in winter ALFOL turns the heat back into your room. Before you insulate let us tell you about low-cost ALFOL Insulation.

THE REPUBLICAN

VOLUME 72. OAKLAND, GARRETT COUNTY, MD., JUNE 17, 1948. NUMBER 16.

It Merits Support . . . . .

People of Garrett county seem to be taking this school improvement in their stride, with most of the reaction this week appearing to be favorable.

The most important worry, and rightly so, is "How are we going to pay for it?" There doesn't seem to be any doubt as to the soundness of the program educationally, and apparently no one thus far has tried to shoot any holes in it. When the recently appointed assistant superintendent of schools, R. Bowen Hardesty, who is to become the county superintendent in December, stands before a group and tells the people that the proposed program is one which considers the needs of all boys and girls, and that the program carried on inside a building is more important than the buildings themselves, one cannot help but have the feeling that this man has the welfare of 4,600 children at heart and is even looking beyond the present generation to thousands of Garrett county citizens yet unborn. His example should give us all a larger vision.

Definite figures have been compiled this week by Dr. John J. Siedel, assistant state superintendent of schools, and they are being presented to the people in meetings this week. The program, according to him, will cost $4.50 per year per $1,000 assessment, or 9 cents per week. The scale is in the same proportion for those with larger assessments, and is more fully explained in the news story.

We believe that is a small amount to pay for a modern educational program that will equip boys and girls of Garrett county to compete with youth of other areas, and equip them to be better citizens in their own area.

We believe that our legislators and commissioners should have the complete backing of the citizens in this most forward step in many years.

We believe that when the long range view of the full program is digested, that a large majority will forget community lines and give their support to what is best for the youth of our entire county.

As was stated in a meeting last week, "Our youth will be no better than you want them to be." This proposed educational program, we believe, will start Garrett county on a new era of progress.

Lions Elect Stanton to Head Club For Coming Year

Robert Stanton was elected at a meeting last Monday to serve as president of the Lions Club for the coming year. He succeeds Herbert C Leighton.

Other officers of the club are as follows: Denzil Bowyer, 1st vice-president; Howard Naylor, 2nd vice-president; Lewis Jones, 3rd vice-president; John Treacy, tail twister, and Robert W. Lohr, Lion tamer. William Nace and W. E. Spoerlein were elected as directors for two years, while Dr. H. R. Gibson will serve one year, taking the place of Robert Stanton.

Installation of the newly elected officers will be held on June 28 with the district governor, Clarence O. Fishpaw, of Westminster, present.

The Lions discussed the school program and voted unanimously to support the proposed plan. A committee of three: Lewis R. Jones, Howard Naylor, and James Bell were appointed to represent the club.

New Garage Under Construction Here

Ground was broken this week for the construction of a new garage in the town of Oakland, to be located on North Third street, at the corner of Omar.

The builder is Herman A. "Jim" Meyer, of Davis, W. Va., who has the Pontiac agency. Original plans called for a $40,000 structure, but only a portion of the building will be constructed now, one story, about 60 feet square, with a showroom joining the northwest section. It will be of concrete block and steel.

Town Adopts Use of Courtesy Cards for Traffic Violators

The town has adopted the use of courtesy cards instead of traffic court orders for violators of traffic rules, Mayor Joseph W. Hinebaugh proclaimed recently. The measure, a suggestion of the Mt. Top Chamber of Commerce and furthered by Mayor Hinebaugh, will be given a 60-day trial.

The usual procedure for traffic violators has been a summons to appear in court to answer for the misdemeanor with a fine. This practice has been undesirable, members of the Chamber found, and therefore suggested a more courteous means of dealing with violators, especially out-of-towners.

The new system is composed of a card, informing the driver of his misdemeanor that "the chief of police has deposited .. cents in your meter. To return his money, deposit this card and the amount at any of the Business houses listed on the reverse side, or at the city hall." The points of deposit are the following: Hinebaugh's Restaurant, Oakland Pharmacy, Bill's Barn, Rudy's Department store, Gonder's Cut Rate, Englander's Pharmacy, Sturgiss Pharmacy, Germain's Taxi Service, Welch Taxi Service, Carrie's Restaurant, Manhattan Hotel, and William James Hotel.

This is the extent of prosecution, except in the event of failure to deposit the money and card. In this case, a summons to appear in court will be sent, followed by a warrant for arrest with added costs if the summons is not answered.

This system will apply to not only out-of-towners, but Oaklanders as well, Mayor Hinebaugh stated.

CAMP NEMACOLIN:

Deep Creek Lake Can Now Boast of New Boys' Camp Facilities

Deep Creek Lake can boast of another recreational asset when the newly-built Camp Nemacolin opens on July 1. The camp which was designed and constructed by Dr. Thomas Gordon Bennett, health consultant for the Kellogg Foundation, is intended for a boys' camp during the summer months and an adult camp in the fall, having a capacity of about a hundred campers.

Camp Nemacolin is located on the Glendale road and consists of 18 acres of wooded land with an extensive water frontage. Dr. Bennett has built a 97x63 lodge of oak logs which will serve as the main building. It houses a spacious 36x60 assembly room with fireplaces at both ends. The 50x24 dining room has a capacity of 120 persons with Mrs. Bennett, a trained dietitian, in charge.

Four cabins also adorn the acreage and will hold ten to twelve boys in each. Additional sleeping quarters are provided in a series of rooms with connecting baths on the ground floor of the lodge.

William B. Groves, noted for his achievements in water sports, will be in charge of the waterfront activities for the summer which include swimming, boating, canoeing, sailing, and aquaplaning. Some twelve councilors have been engaged to guide the campers in these and other activities such as hiking, riflery, archery, music, dancing, dramatics, golf, craftwork, and possibly riding.

Dr. Bennett has been affiliated with youth instruction for many years, receiving his doctorate in education and health from Columbia University. In 1909 he graduated from Western Maryland, attending the school at the same time as Frederick A. Thayer, Jr., of Oakland, and Miss Viola Broadwater, Grantsville. He is also a former county superintendent of schools of Anne Arundel county.

Information regarding the camp can be obtained by calling or writing Dr. Bennett, Oakland.

Pictures of the camp will be shown in the next issue.

YOUTH SUCCUMBS TO ACCIDENTAL GUNSHOT WOUND

Edw. G. Schmidt Fires Shot That Takes Life of John Bachtel, Jr.

A Garrett county youth died on Monday as a result of an accidental shooting.

John Lee Bachtel, Jr., 16, son of Mr. and Mrs. John Bachtel, Red House, suffered a head wound received from a .22 calibre rifle bullet fired by Edward G. Schmidt last Sunday about 6:30 p. m. He was brought to Oakland to Dr. A. E. Mance, then taken to Potomac Valley hospital, Keyser, in Bolden's ambulance. There he died Monday morning, never regaining consciousness.

Authorities related that young Bachtel had just left the supper table and had gone outside about 300 yards from the house in some tall grass when the accident occurred. Edward Schmidt and a companion, Victor Lee, were roaming the area in search of a ground hog they had seen a short time before. The evening shadows had deepened considerably, it was reported, and when at about 100 feet from Bachtel, Schmidt thought he saw the groundhog, mistaking Bachtel's head and hair for his quarry. Schmidt fired; the bullet entering the back and lodging in Bachtel's head.

The deputy state medical examiner, Dr. Irvin E. Baumgartner, rendered a verdict of "accidental death" yesterday, and no charges were preferred against Schmidt.

Bachtel finished his junior year in the local high school this spring, was a member of the F.F.A., and attended St. John's Lutheran church at Red House. He was a brother to Bernard Bachtel, a Marine who was killed on Iwo Jima in 1945 and recently brought home for reburial. Schmidt is a brother to Henry and Luther Schmidt who also were killed during the war. He is also a member of the City Council.

Funeral Services

Funeral services for the deceased are being held this afternoon at 2:30 at the Red House church with Rev. A. K. Jones officiating. Interment will be in the church cemetery.

Honorary pallbearers will include officers of the Oakland High school F.F.A., Harland Beachy, Clifford Friend, William Fitzwater, Lorraine Gnegy, Allen Paugh and Robert Harvey, while other members of the F.F.A. will serve as flower bearers.

Bachtel is survived by his parents; one brother Harold Van; and three sisters: Helen Lucille, Patricia Ann, and Grace Marie, all at home. He is also survived by his grandparents, Mr. and Mrs. B. F. Shaffer.

Oakland Amvets Bang Out Three Straight Wins

The Oakland Amvets banged out three straight wins during the past week blasting Swanton 3-2, Elk Garden 3-0, Crellin 7-0.

Ted James and Bob Glaze have led the pitching batteries for the local team.

This afternoon the Amvets will meet the Kitzmiller Vets and on Sunday Crellin at Fike's Field here.

Kitzmiller Leads League

Kitzmiller took over first place in the Upper Potomac Baseball league last Thursday when they walloped Crellin by a score of 8-3. They have maintained the lead ever since. They also slammed Loch Lynn with a 14 to 2 on Sunday.

Shallmar scored over Crellin in a game last Sunday by a score of 6-2.

Elected To Church Board

George White, Frank Graham and Morgan Fulk were elected members of the board of church trustees for the Evangelical United Brethren church at Underwood, it was announced by Rev. George W. Simpson, pastor.

Members of the board of parsonage trustees for the Mt. Lake Park parish, met at the parsonage Saturday evening for organization. Lonnie Rodeheaver was named chairman; J. E. Callis, vice-chairman; I. L. Beckman, secretary; and Edward Sembower, treasurer.

Lonaconing defeated the Oakland American Legion team here last evening 4 to 1. Baker collected two singles for Oakland.

County Red Cross to Meet in City Hall

The annual county membership meeting of Garrett county chapter of American Red Cross will be held at the city hall in Oakland tomorrow night at 8 o'clock, it was announced.

The annual report, election of officers, and the program for the coming year, including the "Learn to Swim" program, will be discussed.

It was urged that all residents of the county interested in Red Cross work attend.

Teachers To Discuss Major Objectives In Workshop Conferences

Major objectives for the county schools of 1948-49, will be discussed with the county teaching staff at a workshop course, August 30 to September 2, it was announced this week by R. Bowen Hardesty, assistant superintendent of schools.

There will be discussions the first day by Miss Kate Bannatyne, for the northern elementary unit; Mrs. Caroline Wilson, for the southern elementary unit, and F. D. Bittle for the junior-senior high school unit. Tuesday's program will include discussions about primary and intermediate elementary teachers, and the junior high core curriculum. Senior high special subjects that day at 1 o'clock.

On Wednesday, September 1, from 2 to 3 p. m., parents may go with teachers to classrooms to discuss objectives for boys and girls for 1948-49, and from 8 to 9:30 there will be a meeting for parents and teachers from the entire county, with a professional speaker to present a topic of interest.

Dr. N. L. Engelhardt, Sr., will speak to the group on Thursday, September 2, and from 1 to 3:30 p. m. that day there will be faculty meetings in all the 47 schools when there will be a detailed preparation for the opening of schools on September 7.

Elmer Maust Has High Producing Herd

Elmer L. Maust's herd of 11 cows had the highest record for May in the Dairy Herd Improvement Association No. 1 at Grantsville, with an average of 976 pounds of milk and 55.4 lbs of butterfat. Other four high herds were those of Lawrence Beitzel, C. O. Miller, Raymond Tice and Allen Maust.

Lawrence Beitzel was the owner of the two highest producing cows. "Tawn" had a total of 899 pounds of milk with butterfat content of 75.5, while "Tiny" was not far behind. She had a milk content of 1,597 pounds and butterfat content of 73.4. One cow, "Boots" of C. O. Miller, gave 2,071 pounds of milk but was eighth on the list with a butterfat content of 68.3.

The other high producing cows among the high twenty were those of Crist Yoder, Elmer Maust, Raymond Tice, Allen Maust, Jonas Tice, Eli Yoder, Dorsey Guard, Sherman Beachy, Galen and Ada P. Maust and John J. Hafer.

Leslie J. Stanton, member, reported how the association had been the means of keeping an effective check on his herd, proving how many of the practices in dairying can be improved. Some of the advantages of the program were enumerated as teaching to feed according to production, shows value of various crops produced on home farms, provides sound basis for culling herds, reveals better cow families and enables each one to know the actual value of ones cows, when comparing milk production, butterfat production and the returns over and above the cost of the feed.

20 Attend Course

Twenty women of Garrett county are attending the Rural Women's Short Course, being held this week at College Park. They include Mrs. Allen Baker, route 3, Berlin; Mrs. Naomi Barnard, Mrs. W. W. DeWitt, Miss Ella Fazzalari, Mrs. Robert T. Hoffman, Mrs. Asa Lewis, Mrs. J. B. Mumma, Jr., Mrs. William W. Nace, Mrs. S. K. Wooddell, Oakland; Mrs. Henry L. Durst, Mrs. Donald Lewis, Mrs. W. Harold Miller, Grantsville; Mrs. Walter Fratz, Mrs. Frank Spoerlein, Accident; Mrs. Eugenia James, Nanty-Glo, Pa.; Mrs. Evelyn Perando, Deer Park; Mrs. Ardith Ream, Mrs. Catherine Spoerlein, Mt. Lake Park; Mrs. George Shawley, Bittinger, and Miss Jessie M. Guard, temporary home demonstration agent.

Chamber of Commerce to Have B. & O. Speaker in July

The Mt. Top Chamber of Commerce will bring Gayle W. Arnold, manager of industrial development for the Baltimore and Ohio railroad, here to speak to its members some time in July, it was announced at a meeting Tuesday night. Mr. Arnold will discuss the possibilities of a small industrial development in or near Oakland. Charles L. Briner, president of the organization, said the meeting would be a dinner affair for all members.

One of the matters discussed on Tuesday concerned a letter from Ronald E. McIntire, representative to the house of delegates, in which he reported a talk with state forester Joseph F. Kaylor regarding a public picnic area at Deep Creek Lake. Kaylor, McIntire said, was much interested in furthering the project. The Chamber also considered placing picnic tables and fireplaces on the "islands" formed between the new and old sections of Route 219, now under construction.

To Clear Lake of Driftwood

Four members of the Chamber from the Deep Creek Lake section suggested an all-out drive to remove the driftwood from the lake. Because of the high water, a number of logs have been set adrift, causing extreme danger to boating, Lake members said. Letters will be sent to boat owners asking that they donate their time and boats in a drive scheduled for June 24 to clear the water of these obstructions. Several receiving points will be listed in the letter where the logs may be hauled out.

Directors to Meet

The board of directors will meet on Monday, June 28, Mr. Briner said.

The advertising campaign for Deep Creek and other matters will be considered at that time.

New Lake Boasting Nudist Camp Area

Property owners on Deep Creek Lake may begin to wonder if interest down there is at its peak, and if they will lose out to the attractions around the new lake at Selbysport and Somerfield.

According to daily newspapers this week, a nudist camp for "the glory of nature and sun-tanned bodies," has been established on White's Creek, near the new Somerfield lake. Miss Nora Shaffer, secretary, Lemont Furnace, has extended a general invitation to all nudists to "enjoy the benefits and adventures being offered by the newly established Sun Acres club."

Announcement of the proposed program was made in a recent issue of the national Sunshine and Health magazine.

Allegany - Garrett Firemen Have Meeting

Joseph Wenrich, Cresaptown, was named president of the Allegany-Garrett county volunteer firemen's association last Thursday at the annual convention in Bloomington. Cromwell Zembower, LaVale, was named vice-president; Chester W. Shimer, Westernport, recording secretary; L. E. Wortman, Luke, treasurer; Rev. G. Stanley Schwind, Westernport, chaplain.

Lonaconing will be the scene of the 1949 convention. The meeting this year was the first for Bloomington.

There were 21 fire units to participate in the parade on Thursday night, three accompanied by bands. Grantsville firemen received $15 for having come the longest distance. The Midland company was the best drilled unit and Corrigansville the best appearing, according to the judges, who included John Prichard, Grantsville, and Lawrence M. Fraley, Oakland.

The auxiliary elected Mrs. Mae Capel, Friendsville, vice-president.

Savage River Dam Fund Is Approved

Senate-House conferees in Washington on the water-ways appropriation bill have agreed on $400,000 for the Savage River dam in this county, at a meeting on Friday.

The figure is the same originally approved by the House. The Senate raised the figure to $500,000. Conferees accepted the House approved amount.

It had been erroneously reported the previous night that the Savage River project was eliminated entirely by the conferees.

PROPOSED SCHOOL IMPROVEMENT PROGRAM BEING AIRED THIS WEEK

Meetings Being Held Nightly — Cost of Program Explained by Dr. Seidel — Reaction Considered Favorable

Citizens of Garrett county are learning in full this week about the proposed modern educational program, and how the program will be financed. The program was announced last week at a public meeting in Oakland.

Detailed discussions are being held in various communities which will culminate in a public meeting in the Oakland High school auditorium on Friday evening, sponsored by the Garrett County Council of Parents and Teachers.

Meetings already have been held this week at Grantsville, Accident and Friendsville, and there is one scheduled this evening at Kitzmiller.

Dr. John Siedel, assistant state superintendent of schools, is relating in detail what the state can do to finance the program as its share. Accompanying Dr. Siedel are R. Bowen Hardesty, superintendent of schools, who is discussing the educational program in detail; members of the General Assembly from this county and the County Commissioners.

School officials have reported favorable reaction this week to the actual program, with the main concern being an answer to the question, "How Are We Going to Pay the Cost?" In a breakdown of figures, Dr. Siedel is pointing out that the increased tax amount on the individual tax bills amounts to $4.50 per year or 9 cents a week for a person assessed for $1,000. A person assessed at $2,000, $9 per year or 18 cents a week; $3,000 assessment, $13.50 per year, 26 cents a week; $5,000 assessment, $22.50 per year, or about 43 cents per week.

Dr. Siedel in pointing out the assessed valuation in the county at $22,440,567, said one cent on the tax rate would raise $2,244, and that the school program would mean an increase of 45 cents per hundred dollar assessment to raise an annual amount of $100,000 by the county, which is needed to reach the figure. An additional amount annually of $300,000 will come from the state as the result of laws now in effect.

"The $1,500,000 bond issue authorization which is now law, will amount to 3/7 of the $3,500,000 needed to put the new program into effect so that the actual increase above actual commitment will be $2.57 for $1,000 assessment, $5.43 for a $2,000 assessment, and $7.71 for a $3,000 assessment," Dr. Siedel stated.

In the present school budget for 1948, the county is appropriating $179,034.24, as compared to $627,965 provided by the state, and the ratio on the new program would amount to $3 from the state for every $1 provided by the county, he declared.

Grant-Naylor Nuptials To Be Sunday Event

A wedding which is scheduled to occur on Sunday afternoon, June 20, at 3 oclock, in St. Paul's Methodist church will unite two of Oakland's prominent families.

Miss Ann Naylor, daughter of Mr. and Mrs. S. Townshend Naylor, will become the bride of Dr. Bowie Linn Grant, son of Dr. and Mrs. William W. Grant.

The ceremony will be performed by Dr. Denver C. Pickens, Methodist pastor, assisted by Rev. Austin F. Schildwachter, rector of St. Mathew's Episcopal church.

The bride-elect just returned a few days ago from Baltimore where she was graduated from the Maryland Institute of Art. The groom-elect just received the degree of doctor of medicine from the University of Maryland.

Following the ceremony on Sunday afternoon a reception is planned at Pickwick Inn for members of the immediate families and the bridal party.

Legion Will Send Youth to "Boys' State"

That the American Legion post at Oakland had decided to send at least one local youth to "Boys' State" a two weeks' school on citizenship, was announced this week by Edward P. Kahl, adjutant.

The school will be held July 5 to 19, at Fort George G. Meade, and approximately 300 boys from all over the state are expected to attend. The entire project, the same as carried on in a number of other states, is sponsored by the American Legion.

Mr. Kahl said that possibly others would go from this county, if not from other groups, then the Legion might send two. The cost is $15 plus transportation to Fort Meade. During the stay in camp the group will learn how municipal, county and state governments are run, and elections will be held for various offices.

Mr. Kahl said the selection of the local youth would be made soon.

Officers Nominated

At the regular meeting of the Legion on Monday evening the following officers were nominated, with the election to be held on June 28th:

Robert P. Maloney and Paul W. Hoye, post commander; DeCorsey Bolden and S. P. Dixon, 1st vice-commander; Edward P. Kahl, adjutant; Maurice S. Brookhart and Guy William Hinebaugh, finance officer; Fred Tichnell, chaplain; Mrs. Esther Browning, historian; Earl Selders, sergeant at arms; Joseph M. Gonder, service officer; I. R. Rudy, Sr., and Porter DeWitt, members of the executive committee.

Scenes For Possible Color Filming Chosen

A variety of interesting scenes of Garrett county for possible use in a color film of Maryland being sponsored by the Esso Standard Oil company, was selected last Friday night at a meeting in the office of the Board of County Commissioners.

The Commissioners, Senator L. M. Fraley, representatives of local organizations and some of the incorporated towns discussed the publicity aspect of films and also decided to investigate the possibility of making a color film of Garrett county. Paul Naylor, Steward Stahl and Fulcher P. Smith were named as a committee on this project.

For Esso filming the group chose Deep Creek Lake for recreation; Swallow Falls and the 17-mile grade area for scenic; deep mining as industrial, and the contour farming area around Cove for agricultural scenes.

It was not known just when the movie photographer would be in Garrett county.

Henderson "Fairly Good"

Associate Judge George Henderson, patient in Washington County hospital, Hagerstown, since he was injured in an automobile accident May 16, was reported in "fairly good" condition last night

VFW Safety Campaign Postponed 'till June 23

The Veterans of Foreign Wars safety campaign, as announced two weeks ago, has been postponed until June 28 at which time a concerted effort will be made for two weeks to stress the dangers that exist even in normal living. Pamphlets, stickers, and banners will be distributed about the town and the Mayor will announce the observance by proclamation.

The campaign was purposely arranged to extend over the fourth of July, when accidents take their highest toll, John H. Stevenson, commander of the local post, said.

Carolyn Sue Dusic was awarded first prize in the slogan contest conducted in connection with safety campaign.

Five Enlist in Army at Local Office

Five men enlisted in the army through the local recruiting office, S/Sgt. Blair Robinette reported, and they include William E. Otto, and Carl J. Beckman, Oakland, and Charles G. Moore, Deer Park, for 3 years in the mechanized cavalry in the Far East. Kermit R. Helmes and Sherman H. Lewis, both of Oakland, enlisted for 3 years with the 25th division in Japan.

Red Cross Fund Drive Climbs to $2,112.08

The Red Cross Fund drive which has been going on throughout the county for some time has gone over the top for a total of $2,112.08, it was announced by Mrs. Paul Naylor, chairman. Some $100 has yet to be turned in, however. The quota was $2,100.

The Hoyes Methodist Sunday school donated $5, as did Miss Ada Leighton, of Hoyes. Mrs. Emerson Bishoff gave $1.

Receipts from the Red Oak School totaled $2.50, and Mrs. F. E. Rathbun donated $2. One other dollar was handed to the fund chairman.

The State Highway is being resurfaced from Silver Lake to Brookside.

All Day Sing Is Scheduled at Mt. Lake

Plans have been completed by the Mt. Lake Park Holiness Camp Meeting Association to hold their third annual all-day sing at Mt. Lake Park, at the camp meeting grounds, Sunday, June 27, beginning at 10 o'clock and continuing through the afternoon and evening.

Stanley Ashby, vice-president of the association, said he was extending invitations for solos, duets, trios, quartets, choirs, vocal and instrumental music. There will be a basket dinner with plenty of tables and parking space.

Sacred music will be used and no prizes are being offered, it was stated. Sunday school will be held at 10 a. m. and attendance cards will be issued.

Firemen Called Across Street

The volunteer firemen of Oakland were called Tuesday to extinguish a blaze just across the street from department headquarters. A truck belonging to Claude Pennington, Cash Valley, got a wire crossed, causing lots of smoke but little fire.

What's the Hottest News in Cars since the Self-Starter?

FOR the answer to that, just ask any man who drives a Dynaflow Buick.

He'll tell you, you haven't seen anything yet — until you slip behind a Dynaflow wheel and see for yourself what this new drive does.

It isn't merely that it's easy — though all you do in normal driving is set a lever, press the gas treadle, and steer.

It isn't merely the "stunts" you can pull, such as coming to a dead stop on a steep hill, then moving smoothly away, just by the way you manage the gas treadle.

The important thing is that Dynaflow Drive* marks *a basic change* in the way power is delivered from the engine to the rear wheels.

The idea of passing through a series of gears in fixed stages, either manually or by mechanical means, is gone entirely.

Instead, spinning oil is so cunningly directed and controlled in the Dynaflow unit that it instantly shapes engine power to fit any normal driving need.

When you start, it steps up engine "torque" like a low gear to give you swift, surging getaway.

When you accelerate or climb, it fits the pull of the engine to that particular job.

When you cruise on the level open road, it delivers power with a flowing smoothness that is far silkier than the normal high.

You have manual control of direction simply by moving a lever. You have reserve braking power instantly at your command — and extra power for emergency pulls.

But there is never any clutch-work — there is no clutch-pedal. And never any gearshifting in the old sense—your power plant does what the forward gears used to do.

Right now, of course, Dynaflow Drive is available only on Buick ROADMASTER models.

Go find out about it, at the nearest Buick dealer — and be ready to put your order in, whether or not you have a car to trade.

*Optional at extra cost on Roadmaster models only.

Displays Rare Flower

Dr. Joseph E. Harned, noted botanical hobbyist, had on display in his drug store this week a ladyslipper plant of rare variety. It is known as the Queen of ladyslippers, Dr. Harned said, and is now extinct in this section. The flower is white with crimson streaks, and was found in a glade, high in the mountains of southern West Virginia, where colony of the plants abound.

GRANTSVILLE

Lay Rally and Homecoming

Plans are under way for a Lay Rally and Homecoming program at the New Germany Methodist church on Sunday, June 20. The program will begin at 10:45 a. m. with group singing followed by an address by the Rev. I. G. Michael, of Westernport, who is celebrating sixty years in the ministry, and whose ministry began at New Germany. The noonday hour will be devoted to a picnic lunch and good fellowship. Everyone is requested to bring a basket lunch. The afternoon program will begin at 1:30 with singing and worship. There will also be addresses by leaders of the laity of the Grantsville charge, and a sermon by Rev. D. J. Combs. Special groups of singers will participate in the activities including the Grantsville Male chorus under the direction of Olen Yoder.

This rally is for the entire Grantsville charge of the Methodist church. Delegations from all the churches are expected to attend, and friends are invited to come and share in the day's activities. Former residents of New Germany community and friends of Rev. Michael through the years of his ministry are expected to be present.

The Women's Guild of St. John's Reformed church was entertained Wednesday night at the home of Mrs. C. O. Bender with Mrs. Blaine Durst as assistant hostess. Eighteen members were present. Mrs. H. O. Miller spoke on "The Christian Women and the Young People of the Church." Others taking part were Mesdames Mary E. Livengood, Mark Miller, Blaine Durst, J. U. Stanton, C. J. Glotfelty and Mrs. Williams. A lunch was served.

Made to order
83,000 Calls a Day!
Here in Maryland an average of about 83,000 *out-of-town* telephone calls a day are completed. That's more than thirty million a year. And every one of these calls is *tailor-made*.
We don't know where you may wish to call, but each call must be individually made to order on the spot.
Keeping the speed and quality of service on all types of calls up to a high standard requires a great many well-trained and competent telephone men and women.
Good equipment, good wages and pleasant working conditions, plus the earnest desire of telephone people to serve you well, add up to *good* telephone service. And they are your assurance that service will keep on getting better and better.
The Chesapeake & Potomac Telephone Company of Baltimore City

The steamboat was a glamorous sight on many of our navigable rivers many years ago. People thronged the wharfs and landings to see "the boat" come in bringing passengers, freight, and mail.
Some of these old steamers still ply their trade, but most of them have passed into history. Time and change have produced more modern methods of transportation.
The steamboat in the picture thus becomes a symbol of change. But the river on which it rides is God's handiwork, a symbol of constancy. It flows on and on through the endless years.
The Church stands for the things of God—the constant things. It stands for the Bible, for faith and hope and right living. All material things may change, but these will abide forever.
Get acquainted with your Church, and put your faith in the things that endure.
THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Proposed School Improvement Program

(Continued from Page One)

today in education. Mr. Hardesty prepared a resume of the survey report with various conditions listed:

Children and teachers in basements at Red House, Mt. Lake, Friendsville and Kempton schools; children being taught in hallways in Bloomington and Kitzmiller; two teachers trying to teach 52 pupils in a one-room school at Mt. Zion; principal at Friendsville using hallway for office; pupils being taught in dwellings in Accident and Friendsville with more dwellings needed this September; 250 seventh graders being taught in elementary schools who should be with others in high school; pupils being taught on stage at Grantsville; no physical education offered in Grantsville; no adequate library in any elementary schools or any high school except Oakland.

Pupils transported by bus in Oakland to separate shop building; pupils transported by bus from Kitzmiller to West Virginia school for physical education; no straight-a-way hallways through Accident school to prevent loss of lives in case of fire; no fire escape on rented dwelling in Friendsville; 17 one-room schools with total of 311 pupils costing $45,500 for teachers' salaries alone as against comparison of Friendsville with 308 pupils costing $23,000 for teacher salaries; cafeterias in only three schools, two is basements and one in storage room; pupils taken across railroad in East Vindex for classroom instruction.

Poor academic courses in Friendsville, Accident and Grantsville to prepare pupils to succeed in college; no commercial courses in any school except Oakland; no academic course, no shop in Kitzmiller High; one-room buildings used for agriculture and shops at Accident and Grantsville; limited opportunities for music, dramatics, journalism, health, French, higher mathematics, arts-crafts, community experiences, natural resources of county and no Spanish or Latin in any high school; inadequate guidance rooms in any but Oakland; inadequate toilet facilities in one-room schools, Grantsville, Oakland, and Friendsville High; no health rooms in any of the 47 schools; chemistry and physics offered only during alternating years; no Core subject in Accident; limited choice of subjects in all high schools when students should have at least 77.

Two High Schools Proposed

As announced last week, two regional high schools are proposed, one near Keyser Ridge, and one between Oakland and Deer Park, the first housing 800, the latter 1100. An enriched program would be offered in academic, commercial, vocational and general courses, preparing pupils for success in college, office jobs or in pursuing occupations and in advancing the county's natural resources. Schools would be on a par with other larger high schools of state.

Accident, Friendsville, Kitzmiller and Grantsville High schools would become modern elementary schools. They would be improved to include cafeterias, libraries, principals' offices, health rooms, storage room, teachers' rooms. Kitzmiller would also get a gym-auditorium.

Oakland, Red House, Loch Lynn or Mt. Lake, Deer Park, North Glade and Bloomington schools would have additions to provide an enriched program.

Provision would be made in elementary centers for Kempton, Fairview, Beall, Mt. Zion, Bear Hill and Bethel, but until roads are improved, transportation of these pupils to a school with an enriched program of studies was not considered advisable.

A report given by Dr. Galen Jones, director of the division of High school education, U. S. office of Education, Washington, just last Sunday, stated, "Very small high schools have many inherent weaknesses. They are expensive, they offer limited programs of studies, and they have difficulties in attracting good teachers."

Mrs. Britten Martin, president of the County Council of Parents and Teachers, said Friday's meeting was very important and that all interested persons from the county should attend and state their views.

This is GARRETT COUNTY:

Let's Go "Spelunking"

This is first in a series of articles devoted to the unusual and scenic spots contained in Garrett County.

"Spelunking" is what the author of several speleogical books, Clay Perry, calls this matter of exploring caves, but too few Garrett countains have heard the word or know that hidden in a grove of oaks on the Friend farm at Sang Run is the entrance to one of the few caves in the county.

Some know it—or have known it—for on its walls are names dating back to the seventeen hundreds. G. S. Hamill and J. C. Willison were there in 1925, and John T. Browning was there in 1866. W. J. Bowman spent time enough to carve his name back in December 22, 1751, and somebody else is reported to have left his mark in the sixteen hundreds, but the two names authentically hasn't been confirmed.

The cave's rightful and legal name is the "John Friend Saltpetre Cave," as mentioned in Col. Francis Deakin's survey of military lots in 1787. John Friend was the first settler in the county, coming to Friendsville in 1765. The cave was well known at that time, and even in Indian days too, for the ingredient of saltpetre mixed with sulphur and charcoal to form gunpowder was rather essential to life on the frontier.

The cave itself is entirely a natural formation, carved out of limestone by a stream that still flows over its floor. It is more than a quarter of a mile long and in places about 25 feet high with small stalacites forming on the ceiling. A comparatively large room occupies one part, not too distant from a pool of water whose source turns into a waterfall during rainy weather. The temperature is continuously mild.

During the summer, a large number of bats find daytime refuge in the cave, and sleep peacefully through the hours hanging upside down. A recent search revealed, however that none was present as yet.

The entrance is more or less a pit, accessible by a ladder or careful descent down the face of rock. The main passage bears abruptly left, but a small room joins from the right. At no more than 30 feet along the left hand passage another descent occurs, one of twelve feet in depth, and at its bottom is the ground floor with the shallow stream. The passageway is fairly narrow and opens into a large room.

A path branches from the main channel to the left, leading to the pool over which is a dome-shaped roof with a stream of water usually flowing from its apex.

Another room, a small junction of passages, seems to invite the autographs of the many who have visited the cave, for its walls are literally covered with names. F. C. Stahl; E. E. Bolden, Linn and John Grant; E Custer, July 3, 1880; Della Savage, October 17, 1894; E. A. Browning, May 1, 1871; Mr. and Mrs. C. W. Kemp, October 2, 1872; Isaac Saxon, 1870, Berlin and E. C. Woodrup, 1809, are a few of the host of monikers scratched in the mud.

This small room appears to be the end of the cave, but the passage continues to the right under some low hanging rock. It opens into what might resemble a hallway, the ceiling being smooth and flat and the sides almost perpendicular. The channel turns several times, finally terminating at the extreme end at a quartz stalagmite. The stream, however, bears to the left through a cleft of rock which is impassable.

One of the strange sights encountered is a ladder that has fallen to the floor and is now no more than a mass of stark, white mold. This has taken place during the past five years, and an answer to its rapid decay lies in the habitual spelean dampness.

Charles Friend, 68, his brother and sister, born and reared on the farm of which the cave is a part, related that they have spent entire Sundays guiding visitors through the cave, but not in recent years. Several persons have attempted to buy the place and electrify the cavern, but Mr. Friend has always refused. Anyone, he said, is welcome to come and look it over.

Only two other caves are known to exist in Garrett county, one being about three miles south of Loch Lynn and known as Elisha's cave, and the other located across the road from John Friend's cave. The latter has been closed, Mr. Friend related, for some fifty years, because cattle and horses wandered in it and either broke legs or got lost. This one is the largest of the three.

Potential explorers should be instructed, to wear their oldest clothes, be well armed with flashlights, and accept the many scratches and bumps as part of the game. It only takes an hour to go to the end and back, but chances are that an afternoon will be needed to cover the abundance of interesting sights that are easily seen. Doubtlessly, many parts have yet to be explored.

Cromwell Imparts 'Use Your Knowledge' to Retiring Seniors

"Put your knowledge to work," Dr. R. Floyd Cromwell imparted to the Oakland high school graduating class last Thursday night at Mt. Lake Park auditorium.

Dr. Cromwell, educational and vocational guidance director, state department of education, spoke of the changing need of education and stressed teaching practical subjects and well as theory in the classroom. His speech was entitled, "What Shall We Teach?" enumerating courses needed such as consumer education, and marriage and family relations to prepare students for a more efficient future life.

Some four hundred people attended the ceremonies and saw F. E. Rathbun, county superintendent, present diplomas to the ninety-nine graduates. Several musical selections were given: "The Battle Hymn of the Republic," a Fred Waring arrangement, by the Glee club, and "The Hills of Home" and "Build Thee More Stately Mansions," by William Lambert.

The speaker was introduced by W. W. Dawson, president of the county board of education.

Quadruplet girls were born in Bristol, England on June 13.

Homemakers Honor Miss Kellar At Short Course

Maryland homemakers today sponsored a special program at the Annual Rural Women's Short Course in honor of Miss Venia M. Kellar, founder of the "college week for women." As part of the recognition, the group presented to the University a portrait of Miss Kellar painted by John E. Myers, Jr., of Westminster, Maryland.

In addition to the more than 1100 women registered at Short Course, hundreds of women from all parts of the state traveled to College Park Thursday to participate in the recognition program.

The printed tribute presented at the afternoon program read: "Our Tribute—In grateful recognition of her untiring efforts and devotion to the development of a sound Extension education program; her leadership and foresight in pioneering ideas; and developing programs that have broadened the horizons of daily living in home and community, and enriched rural family life throughout the entire state of Maryland."

Actual presentation of the portrait was made by Mrs. W. Earle Gosweiler, president of the Maryland State Council of Homemaker's Clubs. The tea given by the Rural Women's Short Course Club following the presentation of the portrait was also in honor of Miss Kellar.

Blair Robinette is Promoted to Staff Sergeant

Blair Robinette, local army recruiting officer, was recentiy promoted to staff sergeant, it was announced by Capt Laurence M. Bairstow, of the Cumberland office.

S/Sgt. Robinette, a veteran of some 9 years service, has a rather spectacular record of military activities. He was stationed in the Philippines when Japanese forces invaded, was captured, and was among the 60,000 men forced into the "Death March" on Bataan. While on this march, he escaped with six others and joined the guerilla forces on Luzon. Here he commanded about 900 troops of the Hukbalahap force, spending a total of 1,020 days "clearing the island of undesirable people." It was here that he met Jesusita, now his wife, who worked for the intelligence department of the Hukbalahap.

When Luzon was liberated by American troops, Robinette remained on the island as an interpreter in the G-2 department. He came to his home in Cumberland, July, 1945, after having spent 73 months overseas.

ORDER OF PUBLICATION

EX PARTE
IN THE MATTER OF THE ADOPTION OF CAROLYN RUTH GAY, AN INFANT, BY HARRY C. TURNEY, JR., AND RUTH SHIPLEY TURNEY, HIS WIFE.
NO. 4028 EQUITY IN THE CIRCUIT COURT FOR GARRETT COUNTY, MARYLAND.

The object of the petition in the above entitled case is for the adoption of Carolyn Ruth Gay, infant, and to change her name to Carolyn Ruth Turney.

The petition states that the petitioners are husband and wife, residing in Garrett County, Maryland; that the infant, Carolyn Ruth Gay, was born in wedlock on the 27th day of August, 1942, unto Richard Gay, a non-resident, and Ruth Shipley Gay; that the parents of said infant were divorced by a decree of the Circuit Court for Garrett County, Maryland, on the 23rd day of April, 1946, and the custody of said infant was awarded to the mother, one of your petitioners; that your petitioner, Harry C. Turney, Jr., desires to adopt said child as his own, and your petitioner, Ruth Shipley Turney, mother of said child, consents to the adoption and to the change of her name.

It is thereupon this 16th day of June, by the Circuit Court for Garrett County, Maryland, in Equity, ordered that the petitioners cause a copy of this order with the object and substance of the petition to be inserted in a weekly newspaper published in Garrett County, Maryland, once a week for two successive weeks before the 25th day of June, 1948, giving notice to Richard Gay to appear in this Court, in person or by Solicitor, on or before the 28th day of June, 1948, to show cause, if any there be, why a Decree of Adoption should not be passed as prayed.

McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320 one of the Records of the Orphans Court for Garrett County, Maryland.

No. 4024 Equity, In the Circuit Court for Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property, which was sold by the Collector of Taxes for the County of Garrett and the State of Maryland to the plaintiff in these proceedings: "50 acres of land, except the coal thereunder, assessed to Mrs. Jehu Paugh, in Election District No. 10, Garrett County, Maryland, being Military Lot No. 166 which was conveyed to Jehu Paugh by deed from Richard S. McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al. by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320, one of the Records of the Orphans Court for Garrett County, Maryland.

The bill states among other things that the amounts necessary for redemption have not been paid, although more than a year and one day from the date of sale has expired.

It is thereupon this 25th day of May, 1948, by the Circuit Court for Garrett County, Maryland, ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by 2nd day of August, 1948, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

Pook-Thomas—Miss Betty Thomas, daughter of Mr. and Mrs. Emerson Thomas, became the bride of Benny Pook, son of Mrs. Alice Pook, Southside, Pittsburgh, Pa., Saturday, June 12.

The double ring wedding ceremony was solemnized at 11:00 a. m., in the Methodist church, Friendsville, with Rev. W. E. Wade officiating. Mrs. Wilbur J. Glenn played "I Love You Truly", "O Promise Me," and the traditional wedding marches.

Miss Lenore Sisler, Baltimore, was maid of honor. Other attendants were Renelda Thomas, sister of the bride; Peggy Mallik, Uniontown, Pa.; and Judith Clark, Pittsburgh, was flower girl. Stanley Pook served as his brother's best man.

The bride, who was given in marriage by her father, was attired in the traditional wedding gown of white satin fashioned with a fitted bodice, point sleeves and a full skirt ending in a sweeping train. She had a bridal bouquet of white carnations and white rose buds.

Her maid of honor wore an aqua gown and carried a colonial bouquet of spring flowers. Miss Thomas wore a blue gown and carried a bouquet of spring flowers and Miss Mallik wore a gown of pink. Little Miss Clark wore yellow.

The bride is a graduate of Friendsville High school, class of 1942, the Office Training School, Uniontown, Pa., and has been employed for four and a half years at the Reliance Life Insurance company, Pittsburgh, Pa.

The groom served in the ETO during the war and is at present employed in Pittsburgh.

Immediately following the wedding ceremony the bridal party and the two families were entertained at dinner at the home of the bride following which there was a reception.

The couple spent their honeymoon at Yukula Beach, Cleveland, O. They will reside at their new home in Hazelwood, Pittsburgh, Pa.

Flemister - Robey—Miss Eleanor Jane Robey, daughter of Mr. and Mrs. John Murray Robey of Washington, D. C., and Mr. Harvey Clark Flemister, Jr., also of Washington, were married on Sunday, June 6th in St. Andrew's Episcopal Church in College Park. Mrs. Flemister is the granddaughter of Mr. and Mrs. J. T. Glotfelty, Sr., of Oakland.

The Rev. N. C. Acton officiated at the double ring candlelight ceremony.

The bride, who was escorted to the altar by her father, wore a gown of antique satin with long sleeves, a three-tiered bustled train which ended in wide scallops. With it she wore a personally designed satin headpiece and fingertip veil of illusion. She carried a shower bouquet of gardenias.

Her sister, Miss Joan Robey was maid of honor. She wore apple green taffeta with matching mitts and headpiece and carried a sheaf of garden flowers. The bridesmaids were Misses Joan Flemister, sister of the groom and Miss Marjorie White, lifelong friend of the bride. They wore mauve and yellow respectively, and carried old fashioned bouquets of Sweet William, with frills of net, and matching bows. Little Joy Robey was flower girl. She wore a long dress of flower sprigged swiss with matching headpiece. Her floor length sash was in colors of the bridesmaids' dresses.

Following the ceremony the couple received their guests in the church, assisted by their parents, and over a hundred guests accompanied the wedding party to the home of the bride where a tea reception was given in honor of the newlyweds.

Mr. and Mrs. Flemister are enjoying a wedding trip through Florida and the south. They will be at home after July 7th in the Templeton Manor Apartments in suburban Washington.

Those with Garrett County connections who attended the wedding were: Mr. and Mrs. Joseph T. Glotfelty, Jr. and family, Mr. and Mrs. Thomas Bell (nee Mary DeBerry), Mr. and Mrs. Fred Husemuller (nee Ruth Robinson) and Mr. and Mrs. Earl Lowdermilk and daughter.

Mr. Flemister, who is engaged in business with his father in Washington, is completing his education at University of Maryland, following an interruption for war duty. Mrs. Flemister attended the University and is now merchandise stylist for the window display staff of Woodward and Lothrop department store, Washington.

Be Safe--Not Sorry . . . . .

There will be a chance of ten smash-ups for every mile of highways in the United States during the three-day Fourth of July holiday period this year, Commissioner of Motor Vehicles W. Lee Elgin, has declared.

Accidents of all kinds will take the lives of many as they observe the 172nd anniversary of the birth of this country on the Fourth of July, especially with the three-day period, and it will add up to a big celebration and a big hangover of grief and suffering unless each person does something about it.

It is possible to do something about it, because Mr. Elgin points out that the tragedies result from things we can control, such as haste, selfishness, thoughtlessness and the desire to show off.

The public of this area is being made aware of the safety problem through a campaign being conducted through the VFW. Mayor Joseph W. Hinebaugh of Oakland, has issued a proclamation urging citizens to cooperate to the fullest extent in preventing accidents and promoting safety in their homes, places of business and recreation.

Let's take it easy during the Fourth of July holidays and be alive when they are over. It can be done if we will realize the seriousness of the problem and resolve to use a little of the common sense with which we have been endowed.

Firemen Plan Big Celebration for July Fourth

Firemen of the Oakland Volunteer fire department have plans for the annual celebration of Independence Day well under way, having arranged for a large carnival and parade as part of the festivities.

Large Number to Participate

At least 11 fire companies have acknowledged invitations affirmatively, seven of which will bring along their apparatus. Five bands, and possibly more, will intersperse the line of march, as will the V.F.W. drum corps of Cumberland. Fire departments and bands are as follows: Grantsville, Fairchance, Rowlesburg, Parsons and Keyser. Other departments include Kingwood, Tunnelton, Cresaptown, Bowman's Addition, Bloomington Ladies' Auxiliary, and the Tri-Towns department at Piedmont.

The parade will begin at 1 p. m., and the usual line of march beginning on Third street to Crook, down Second to Alder, Third to Oak, ending at the carnival grounds in the B. and O. lot beside the Manhattan hotel.

Harrison Greater Shows

move in onRbavly.Yaondm..

Highlight of the celebration will be the Harrison Greater Shows which is now in Cumberland. The carnival will move in on July 3 and run a full week.

There will be 10 rides of various sorts, and six shows including a minstrel show of 20 colored people, monkey show, and snake show. Some 200 people compose the carnival which is transported in 35 trucks.

Fireworks are scheduled to be set off at 11 p. m. on July 5.

Red Cross Sponsors Mobile X-Ray Unit

At a meeting of the Garrett county chapter of the Red Cross last Friday, it was decided to sponsor a mobile x-ray unit affiliated with the National Tuberculosis Association to tour the county. The unit will begin operation on August 17, with the intent to x-raying all persons of 14 years and older.

Officers for the coming year were also elected at the meeting with Mrs. E. Z. Tower, chairman and secretary, Mrs. Paul Naylor, vice-chairman and Max Jarboe, treasurer, retaining their former posts.

Henry Speicher and Lowell Loomis were elected to serve on the board of directors for three years.

Guard Unit to Parade

The local National Guard unit, Company C, 121st Engineer battalion, will appear publicly for the first time in the parade on Monday, July 5, it was announced this week by Lieut. Stuart F. Hamill, Jr., company commander.

The organization now has 59 members enrolled, and the limit of company strength has been placed at 89 men, instead of 134 as provided at the time of organization several months ago. Enlistments will be taken every Wednesday night.

Lieut. Hamill said the company received 75 MI rifles for use of the membership. The local guard company will join with other units of the state in the annual encampment at Camp Ritchie in August.

34 Cases Reported

Thirty-four cases of communicable diseases were reported from Garrett county for the first three months of 1948, the State Department of Health reported.

Four cases of whooping cough topped the list. These other cases were listed: chickenpox, 2; diphtheria, 2; pulmonary tuberculosis, 2; broncho-pneumonia, 2; scarlet fever, 1; pneumonia unspecified, 1.

Over 2,000 Attend Showing of New Ford

Over 2000 people attended the showing of the 1949 Ford automobile at Reckard and Glotfelty Garage on Friday and Saturday. Five hundred thirty viewed the car during the first two hours.

Door prizes were awarded to Miss Betty Wilburn who received a spotlight and W. W. Dawson, fender side lights.

Mr. Charles C. Reckard said that "there were twice as many people at this showing than ever before." He also added that people are still flocking in to see the car.

This has been the first showing of an entirely new style automobile at the Ford garage since before the war.

Three To Attend Day Camp Workshop

Miss Ann Dilgard, Mrs. Phyllis Williams and Miss Leona Menke are representing Garrett County at Towson State Teachers' College Day Camp to be held July 6 through July 31. Demonstrations will be put on by leaders using boys and girls of Towson. Attention will be given to games, arts and crafts, science, nature, etc.

Educators have long been convinced that learning extends far beyond the four walls of a classroom, R. Bowen Hardesty, assistant superintendent of schools, stated. Fairmont State Teachers' College is also conducting a Day Camp Workshop this summer. The three participants from Garrett County to the Maryland Camp Workshop are expected to be helpful throughout the county system of schools in 1948-49.

Former Oaklander Held at Cumberland

Richard O. Upole, formerly of Oakland, is being held in the county jail on a charge of larceny in Pittsburgh totaling $2,500. He was arrested on a bench warrant after Yola DeRosa of Pittsburgh charged him with taking a ring, watch, and desk owned by her and valued at $2,500.

A suit was also brought against Upole by the Queen City Neon company, of Cumberland, for $400 allegedly due for work done at the West End used car lot of the defendant.

Want Ministers' Names Listed at Court House

A delegation of the Mt. Top Ministerial association presented itself before the County Commissioners at their bi-monthly meeting this week and requested the privilege of placing a list of names, addresses and denomination of all eligible ministers in the vestibule of the Court House. The Board promised to consult their attorney and report the decision to the association.

Among other matters taken up, a petition to close the old Hoyes Run road was approved and the authority given to the county roads engineer to carry out the measure.

The Commissioners also requested W. Dwight Stover, state's attorney, to appear before them to assist in formulating a plan for the collection of dog license tax. A temporary measure was approved to have the trial magistrates of the county and the county treasurer collect the tax.

Series of Dances at Boat Club

A series of three dances have been arranged for the forthcoming holidays at Arden's Boat Club on Deep Creek Lake.

On July 3 patrons may dance to the Moonlight Serenaders, on July 4, Rusty Wagner of radio, and on July 5 to Regis Kerins and orchestra.

Chamber of Commerce Schedules Beauty Contest for July 8

At least six contestants have tentatively entered the beauty contest sponsored by the Mt. Top Chamber of Commerce, and will compete for the title of "Miss Garrett County" on July 8 in the Oakland High school auditorium at 8:00 p. m., Secretary W. O. Davis announced.

Prerequisites of the entrants as ruled by the C. of C., are good character, health, and possession of talent; an age between 18 and 28; and single marital status. They are to appear in evening dresses, and present some talent and display of personality. Three judges from Cumberland, and three from this locality will preside. Whether or not the contestants will parade in bathing suits will be left to the discretion of the six judges, it was stated.

Charles L. Briner, president of the organization, said that the Chamber is endeavoring "to conduct this contest on as high a standard as possible." There will be no charge for admission and the public is invited, Briner added.

Plan Radio Broadcast From Oakland High

Arrangements were completed Monday for a radio broadcast by the students of Oakland High School to take place in January, it was announced by R. Bowen Hardesty, assistant superintendent of schools. About fifteen students will appear on Junior Town Meeting of The Air.

Timely topics such as the following may be discussed, a choice to be indicated in December: Problems of Youth in Education in Garrett County, Natural Resources in Garrett County and the Schools, World Affairs, or a topic discussed and developed in Problems of Democracy class.

The service is a provision made by the state and will be under the direction of Dr. Floyd Cromwell, Guidance Supervisor, and a member of the faculty to be selected later by the principal, Mr. Hardesty said.

There is no expense to the high school or county. Other counties have been taking advantage of this educational experience for three years. In 1950, a second high school in Garrett county will be selected for this honor, he concluded.

Announce Engagement

Mr. and Mrs. Dudley Porter Ranney, of Framingham, Mass., and Deep Creek Lake, announce the engagement of her daughter, Miss Martha Louise Hankins, to Mr. Russell Raymond Throp, Jr. Miss Hankins is the daughter of the late William Edgar Hankins, of Uniontown, Pa. Mr. Throp is the son of Mr. and Mrs. Russell Raymond Throp, of Meadow Estates, Wheeling, W. Va., and Deep Creek Lake.

Miss Hankins was graduated from The National Cathedral School of Washington, D. C., and also the University of Maryland where she was a member of the Kappa Kappa Gamma sorority.

Mr. Throp served overseas with the 99th Infantry Division, and is a student in the College of Engineering at the University of West Virginia.

The wedding date has not been announced.

Continue Investigation

Investigations continue by local officials into the series of robberies which have been perpetrated over the past several months in the Swallow Falls and Deep Creek Lake areas.

Officers said there was difficulty in tracing the robbers due to the length of time elapsing from the time of robbery until discovery, since the cottages are not occupied during the spring season. They also reported a robbery in the Hutton area during the past week. It was intimated that the robberies were being committed by the same person.

Civic Club To Meet

The regular monthly meeting of the Oakland Civic Club will be held Tuesday, June 29th at 2:30 p. m. in the assembly room of the St. Paul's Methodist church.

Miss Jane Marshall of the C. and A. Gas company, will give a talk on "Desserts you will like to try."

Members are being reminded to bring a pencil and tablet to be included in a box to be sent to Korea, also articles for a scrapbook.

Gap Falls on the Youghiogheny River

Gap Falls, located four miles north of Sang Run, breaks through Winding Ridge, forming the second abrupt descent from the plateau. (Story on page 7).

Lucky Angler May Get Fish and $100

When the State stocked Deep Creek Lake with bass two years ago, one of the several thousand had a tag on its tail—put there by Arden May. The tag bears the initials of an Oakland merchant.

Mr. May announced that if the bass is caught and brought to Arden's Boat club between July 1 and 15, he will award the lucky angler $100.

Man Killed Under Falling Lumber Pile

A 59-year-old Garrett county man, Lester Teets, of Friendsville, was killed Monday afternoon at a sawmill in Addison Township, Somerset county, Pa., when caught under a lumber pile as it collapsed.

Dr. A. M. Uphouse, Somerset county coroner, said the lumberman died almost instantly of a fractured skull, brain concussion and broken right leg.

Richard Coddington, owner and operator of the sawmill, was pinned under the lumber pile when it toppled over but escaped injury.

A coroner's jury, which was impanelled a short time after the accident, ruled Teets lost his life in an unavoidable accident.

Coddington, the mill operator, told members of the coroner's jury workmen were loading cribbing blocks on a truck. He said he noticed the pile of lumber beginning to fall. Coddington testified he called to Teets to jump clear. His warning, he declared, was too late and the cribbing crashed down hitting Teets about the head and shoulders.

The tragedy was the fourth violent death to strike in the immediate family of Mrs. Teets within a three-year period. She and Lester Teets were married only three weeks. Her first husband, Oscar Uphold, and two sons were drowned in 1945 when a boat capsized in Deep Creek Lake.

Manslaughter Charge Filed Against Schmidt

A warrant against Edward Schmidt, on a charge of manslaughter, in connection with the accidental fatal shooting of John Bachtel, Jr., 16, on Sunday, June 13, was issued this week by Paul W. Fisher, deputy sheriff.

At the time of the issuance the state through W. Dwight Stover, state's attorney, prayed for a jury trial and the case will be presented to the September term of the grand jury. Schmidt was released upon furnishing bond in the amount of $500.00.

Funeral services for Bachtel were conducted last Thursday afternoon from the Red House Lutheran church with interment in the church cemetery.

Garage Owner Gets Patent on Device

Oakland can boast eternally of its resourses in recreation, beauty, and vacationland assets, but seldom does it get a chance to brag of the inventive genius of its citizenry, one of whom is Mason Glotfelty, of Reckard and Glotfelty garage.

Mr. Glotfelty has just patented a device for setting the valves of Ford V-8 engines. "It is the best of its kind yet to be invented," reports Ralph Fauber, chief machinist of the Craig Motor company, who has used the instrument extensively. It can adjust a complete set of valves with only three movements of the camshaft instead of the usual eight. It applies to all Ford models from 1932 to 1948, and with a slight change, the 1949 cars as well.

Mr. Glotfelty said he first thought of the invention during the war years when engines were difficult to buy and had to be rebuilt. During that time, he worked on about 1,000, and needed a device to eliminate the tedious job of setting all sixteen valves. The "camshaft positioning device" was the outcome.

Almost a year, and about $400, were required to get the instrument patented.

Esso Dealers Have Dinner Meeting

Esso gasoline dealers of this area had their annual dinner meeting on Monday evening at Pickwick Inn, Oakland, at which time some of the problems of the industry were reviewed and mutual plans for the remainder of the year discussed. Over fifty persons attended.

M. M. Price, district manager, Hagerstown, presided, and talks were made by J. H. MacLeod, assistant division manager, Baltimore, and Ed. R. Smith, manager of the merchandising department, Baltimore. Clyde E. Bourke, bulk sales department manager, Baltimore, also was present.

Moving pictures were shown with suggestions on how to increase sales on gasoline and automobile accessories. Arrangements for the meeting were made by Horace S. Rich, district manager.

Complete Short Course

Three Garrett county women were awarded certificates for completing four years' attendance at the annual Rural Women's Short course last Friday at College Park. Twenty women attended from the county.

The presentation of the certificates was made by Dr. H. C. Byrd, president of the University of Maryland. Those receiving certificates from the county included Mrs. W. W. DeWitt, Hoyes; Mrs. W. H. Fratz, Accident; and Miss Jessie May Guard, near Friendsville, acting home demonstration agent.

Main Lodge of Camp Nemacolin at Deep Creek

The 97x63 log type lodge, as pictured above, is the main building of a new boys' camp located on Glendale road at Deep Creek Lake. Built by Dr. Thomas G. Bennett, Camp Nemacolin will serve as a summer camp for boys with the opening date set for July 1. Several log cabins are also included on the 18 acres and provide accommodation for about 100 campers. Beginning September 1, Camp Nemacolin will become a camp for adults.

HEARTY ENDORSEMENT OF SCHOOL BUILDING PROGRAM IS INDICATED

Many Groups Express Their Sentiments at County-Wide Meeting in Oakland High School Last Friday Night—Commissioners and Advisory Board to Meet Soon

Hearty endorsement of the proposed modern educational program was indicated at a county-wide meeting held last Friday evening in Oakland High school auditorium with a number of individuals and organizations taking a definite stand for the adoption of the master plan.

The master plan calls for construction of two high schools in the county, one in the Keyser Ridge area, one within a five mile radius of Oakland, possibly near Mt. Lake Park; and the use of the present high school buildings with the exception of Oakland, as permanent elementary centers, the gradual reduction of number of schools in the county from 47 to 18, and the improvement of the remaining small schools into modern buildings.

To Meet Friday

It was announced yesterday that Dr. Thomas Pullen, Jr., state superintendent of schools, would be in Oakland on Friday and that a meeting had been called by the County Commissioners for Friday evening at 7:30 in the court house.

Invitations to meet with Dr. Pullen are being sent by the County Commissioners, to members of the seven-man advisory board, the Annapolis delegation, R. Bowen Hardesty, assistant county superintendent of schools, and members of the Board of Education, J. Edward Helbig, Commissioner President, announced this morning.

Last Friday's meeting was the culmination of a group of regional meetings held since R. Bowen Hardesty, assistant superintendent of schools, assumed his duties here on February 1. Mr. Hardesty held 15 meetings prior to the survey of the present school system, speaking about education in general, after which were two county-wide meetings on cafeterias and auditoriumgyms; and then the announcement of the projected program on June 9.

Since June 9 there have been meetings at Grantsville, Friendsville, Accident and Kitzmiller and six other meetings, Mr. Hardesty said prior to last Friday's general meeting. At the main meetings last week were Mr. Hardesty, John J. Siedel, assistant state superintendent of schools; members of the General Assembly and the Board of County Commissioners.

Teachers of Garrett county went on record last Friday as being "very desirous that we do improve our schools, and that if it is done we will do a better job of teaching. We seek only to give the best to the youth." At a meeting of the Teachers' Association on June 18 the program was unanimously endorsed.

The Boosters' club, represented by Emeric Dusic, president, and Prentice DeBerry, recommended the adoption of the program so that all young people in the county would be given an equal chance.

Other organizations to endorse the program were the Deer Park Parent-Teacher association; Loch Lynn P.-T.A.; Grantsville Rotary club; North Glade community; Oakland Rotary club; Red House school; American Association of University Women, Mt. Lake P.-T.A., Oakland-Mt. Lake Lions club; Bloomington P.-T.A., Grantsville P.-T.A., County Council of Parents and Teachers; Friendsville school, Accident school; F. E. Rathbun, county superintendent also speaking for the present Board of Education.

Mrs. Arthur Humbertson endorsed the program for the Business and Professional Women, and Donald MacMurray, president of the Oakland High school Parent-Teachers gave his personal endorsement to the program but could not speak for the organization which had not met.

Marshall Brown, principal at Grantsville, read a list of 16 persons of that area, who were not only in favor of the program but who felt that the entire program should be explained to every citizen in their area.

Want Program Started

Many of those who expressed their backing to the program declared it was vitally necessary that the program be started as soon as possible and said their groups were in favor of legislation to provide funds without referendum.

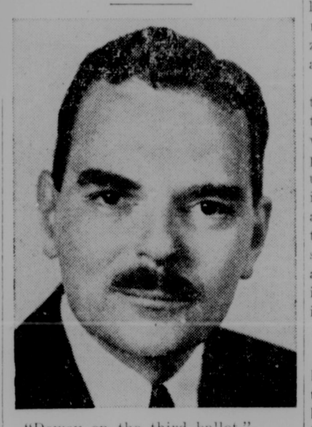
Predicts Dewey on Third Ballot



"Dewey on the third ballot."

That was the prediction yesterday of Representative J. Glenn Beall of the Sixth Maryland district. Beall is an ardent Dewey backer, as is Neil C. Fraley of Oakland, one of the delegates to the convention from the Sixth district.

In the meantime Taft and Stassen were uniting in a stop Dewey move.

Balloting was expected to get under way today at the Philadelphia convention.

Club House To Be Open For Evening Entertainment

The club house at the Oakland Country club is now open in the evenings for the convenience of members and their guests, it was announced this week by J. Robert Bosley, secretary.

The official opening night will be Saturday, June 26th. It will be open the third, fourth, fifth, tenth and beginning with the week of July 11 it will be open every night with the exception of Sundays and Mondays. Opening time will be 8 p. m.

Mixer Overturns

A large cement mixer overturned in the lane of H. F. Stockslager, south of Oakland, last Thursday evening, and a bridge over a small stream collapsed.

The driver, J. B. Mumma, was not injured. He was preparing to construct a new bridge over the stream at the time.

Oakland and Coney Teams To Clash Thursday

Rain washed out a game between Lonaconing and Oakland junior legion teams at Coney on Tuesday. Oakland had taken its turn at bat in the first inning.

Lonaconing, leader of the western division of the Mountain District league, with four wins and no losses, will play off the game with Oakland at Coney today at 5:30 p. m.

Veterinarian Away

Dr. Franklin D. Custer, veterinarian, will be away from the county Sunday as he will attend the Maryland State Veterinary Medical association convention, being held at Ocean City, Friday and Saturday. He expected to leave Oakland today and will return Sunday.

MacMurray Improves

C. E. MacMurray, who has been in charge of the power house of the Pennsylvania Electric company at Sines for a number of years, is improving after having been seriously ill at his home.

During his illness the plant is in charge of E. L. Bussey, who works out of the superintendent's office in Johnstown. Mr. Bussey said he expected to be here for two or three months. He has also been supervising the installation of some new machinery at the plant.

Pfc. Cletus P. Lewis, son of Bessie Lewis, route 1, Oakland, has begun training as an aviation engineer of the U. S. air forces at Fort Warren, Wyoming. Upon completion of training he will be assigned to an aviation engineer unit.

sioners to provide necessary funds, these persons pointed out, could not be voted upon for two years, and it was essential that the program be in operation by that time when the full 12-year system went into effect.

Dr. Siedel explained in the various meetings that the school program would mean an increase of 45 cents per hundred dollar assessment or $4.50 per thousand assessment, and pointed out the large percentage of funds which would be received from the state agencies.

Asks Reconsideration

Rev. Jonathan Edwards, speaking for a number of Kitzmiller citizens, said they favored an enriched program of education for their children but requested a resurvey of the plan for the southern end of the county with the possibility of schools being retained at Oakland and Kitzmiller, the one at Oakland eventually also being made available for a junior college. He pointed out the master plan "was not necessarily the only plan."

Neil C. Fraley, attorney to the Board of County Commissioners, speaking for the Commissioners, said they appreciated the expressions of opinion and that they would meet soon with members of the Advisory Board and the legislators in an effort to come to some definite conclusion. The Commissioners said yesterday this probably would not be before next week.

vimming should never be per- d under certain circumstances. ne with a discharging ear or a perforated eardrum should attempt to swim. Neither should swimming be allowed for those who have recently had discharging ears, for an undetected perforation may be present. Swimming by those with a cold or with diseased tonsils may lead to ear injury, in addition to presenting other health hazards.

"This warning is not intended to discourage enjoyment of the fine bathing facilities that our State offers, either in its natural waterways or its artificial pools. Swimming can provide excellent exercise, desirable for bodily development and physical fitness, and can be very refreshing in hot weather. However, it should be strictly limited for those who have had ear troubles and precautions against possible hearing loss are recommended for everybods."

To Dedicate Church

The Meadow Mountain Mennonite church, recently completed, will be dedicated at a special all-day meeting on Sunday, July 11, it has been announced.

The church, of brick construction, about 50 by 40, is located near the Mason Store, on the Swanton-Bittinger road. Construction was begun in 1942 and services since that time have been conducted in the basement which was completed this year.

Roy Kinsinger, pastor, announced regular services in the morning, with the dedicatory program in the afternoon. It is planned to have Sanford G. Shettler, of Johnstown, Pa., to give the dedicatory sermon.

This will make the second Mennonite church in the county, with the other one being located at Casselman. A number of Garrett county Mennonites attend services at Springs, Pa., while a group of them have metings at the Crellin Union church.

MEMBER AUDIT BUREAU OF CIRCULATIONS

THURSDAY, JUNE 24, 1948.

SPEAK UP!

Now is the time to speak up about the school program, for it is imperative that something be done immediately so that some well regulated program will be under way by 1950.

In the various meetings which have been held throughout the county there has been ample opportunity given for a person to speak his mind. Those who may not have wanted to be conspicuous are privileged to write in their views to county officials or the newspapers.

The plan is being approved by many groups and the longer it is studied, we believe, the more convinced the educationally minded people of the county will become, that the master plan is the best that can be offered, and the least expensive.

There will be some who will argue about that last remark and declare we can keep our schools the way they are at less expense, but when we keep our schools as at present they will continue to be more overcrowded, dangerous to our children's safety and detrimental to their welfare. To give a modern educational program in five high schools would turn out to be far more expensive that the $3,500,000 we are being told is now necessary.

There will be nasty rumors afloat from time to time. One was being circulated this week, but by going direct to the officials the rumor was found to be unfounded and untrue. All such rumors should go in one ear and out the other without being repeated until the falsity or truth of the statement is verified at the proper source.

With complete confidence in those who are to administer the school program, citizens should consider very seriously the complications that would develop should they demand a referendum to any such legislation at this time, but should back it now so that action can be started. The schools should be built by 1950, and that would not be possible if the question was held up for a vote in November of 1950, the first opportunity citizens would have.

JUNE BRIDES AND BRIDES-TO-BE

MRS. MILTON HAMILTON

MISS SYBILLA PAYNTER

MISS MARGARET RUDY

MRS. BOWIE LINN GRANT

Hamilton - Towler — Miss Martha Towler became the bride of First Lieutenant Milton Hamilton, Elkins W. Va., at a ceremony performed last Saturday evening, June 19, at 8 o'clock, in Davis Memorial Presbyterian church in Elkins.

The ceremony was performed by candlelight.

The bride was given in marriage by her father, James A. Towler. She was attired in a white embroidered organdie gown with a long train. Her long veil was attached to a close fitting headdress, decorated with orange blossoms.

She had as her matron of honor the groom's sister, while Miss Betsy Towler was maid of honor. Miss Vava Ann Helbig, of Oakland, was bridesmaid.

Mrs. Hamilton, a daughter of Mr. and Mrs. James A. Towler, former Oakland residents, is a graduate of Stratford Junior college, Danville, Va., this year. Lieut. Hamilton was graduated from the U. S. Military academy and has been stationed with the regular army in Austria. He expects to return there the last of this month and his bride expects to join him in August.

Following the ceremony a reception was held at the Towler home for a large number of guests.

Among those attending from Oakland were Mr. and Mrs. Charles C. Reckard and Miss Jane Reckard, Mr. and Mrs. Ralph Weber, Mr. and Mrs. H. C. Riggs, Mr. and Mrs. F. E. Rathbun, Mr. and Mrs. Leo Helbig and daughter Miss Vava Ann Helbig; Mrs. C. A. Fleegle, Robert Bosley, Robert Stanton, and Mrs. Nanienne T. Offutt.

Miss Sybilla Paynter, daughter of Mrs. Carl Paynter and the late Mr. Paynter, teacher in Oakland High school for the past six years, will become the bride of William Sharps, son of Mr. and Mrs. C. E. Sharps, Oakland, on Saturday morning, June 26, at 11:30 a. m. The ceremony will be performed in St. Peter's Episcopal church, Salisbury, Md., by Rev. Nelson Gage.

Her only attendant will be Mrs. Della Shantz, Salisbury, while Mr. Sharps will have James J. Helbig for his best man.

Miss Paynter and her mother left Oakland on Sunday for Salisbury.

Miss Margaret Rudy, daughter of Mr. and Mrs. Irvin Rudy, Sr., Oak street, will wed Nathan Orr Niles, of Annapolis, on Thursday afternoon, July 1, at 3 o'clock. The ceremony will be performed in St. Paul's Methodist church, Oakland, with Rev. Dr. Harold Niles, father of the groom-elect, of Watertown, N. Y., performing the ceremony, assisted by Dr. Denver C. Pickens.

Miss Rudy will have Mrs. Charles McIntyre, of Kitzmiller, as her matron of honor, and her bridesmaids will be Mrs. Harry Arnold, and Mrs. Justin Arnold, Petersburg, W. Va. Flower girls will be Charlotte Bell McIntyre and Charlotte May Arnold. Rev. Albert Niles will be his brother's best man.

Miss Rudy, a graduate of Western Maryland college, has been teaching home economics in Southern High school at Lothian, near Annapolis, for the past few years. Mr. Niles is a mathematics instructor in the U. S. Naval Academy at Annapolis.

Grant-Naylor

In a ceremony performed last Sunday afternoon, June 20, at 3 o'clock in St. Paul's Methodist church Miss Elizabeth Anne Naylor, daughter of Mr. and Mrs. S. Townshend Naylor, Alder street, became the bride of Dr. Bowie Linn Grant, son of Dr. and Mrs. William W. Grant, Second street. The ceremony was performed by Dr. Denver C. Pickens, Methodist pastor, assisted by Rev. Austin F. Schildwachter, Episcopal rector.

The chancel of the church was decorated with candelabra and orange blossoms. Preceding the ceremony there was a half hour of appropriate organ music by Julius B. Littman.

The bride was given in marriage by her father. She was attired in a wedding gown of marquisette fashioned along simple lines, with train, with a veil of net which had been her mother's, attached to a coronet of lace and orange blossoms. She carried a prayer book with a shower of white roses.

Her maid of honor was her sister, Miss Mary Townshend Naylor, who wore an aqua dress of marquisette. She carried a bouquet of peonies. Bridesmaids were Mrs. George Austin, Morgantown; Miss Cora Jean Whitehead, Baltimore; Miss Jane Donaldson Littman, Oakland; and Miss Nancy Charlotte Naylor, of Sebring, Fla. They wore gowns of pink shadow organdie and carried bouquets of mixed larkspur. Miss Olivia Phelps Naylor, sister of the bride, was a junior bridesmaid and she wore a gown of pink eyelet organdie and carried a bouquet of mixed larkspur.

Lieut. William W. Grant, U.S. Navy, was his brother's best man, and the ushers were John Grant, Jack Hart, Jack Glotfelty and Robert Bittle.

Following the ceremony a reception was held for the bridal party, members of the families and out of town guests at Pickwick Inn, after which the couple went to Deep Creek Lake for their honeymoon.

The bride attended St. Mary's Seminary, Hood College, and was graduated in June from the Maryland Institute of Art, Baltimore. The groom is a graduate of Oakland High, Potomac State school and the University of Maryland, receiving his degree as doctor of medicine in June. He will begin his interneship at the West Baltimore General hospital on July 1st, and the couple will reside for the time being in Baltimore.

Among the out of town guests who attended the wedding were Dr. and Mrs. Fred Williams, Miss Jane Williams, William Williams, Miss Anne Prendergast, Dr. and Mrs. Richard Williams and daughter Miss Ann Williams, Mr. and Mrs. Lloyd Stallings, Cumberland; Mrs. Robert Bess, Mr. and Mrs. C. E. Montgomery, Mr. and Mrs. James B. Johnson, Keyser; Mr. and Mrs. William M. Lott and sons, Gardiners, Pa.; Mrs. Edith Smith, and Miss Mary R. Smith, Parsons; Mr. and Mrs. Robert L. Dandridge, Miss Anna Shaw, Mrs. John Paul Troy, and Mrs. Ruth W. Oberndorf, Baltimore; Mr. and Mrs. Bowie Johnson, Reverdy and Edward Johnson, Arlington, Va.; Mrs. G. W. Beisford, Piedmont; Mr. and Mrs. Charles A. Steyer, of Pittsburgh; Mr. and Mrs. J. W. Jackson, Lonaconing.

Paragraph Opinions

U. S. expenditures for the fiscal year beginning July 1 amount to $1,000 for every family of four in the United States. The total is ten times the amount spent twenty years ago.

Civil Service commission figures indicate that civilian employment in Federal agencies has increased from 681,413 to 1,726,531 in the last decade—a rise of 153 percent.

There must be restraint in the growth of government in order to lighten the tax burden and curb dangers from within. Government costs must be brought into line with America's needs today.

All the great "Liberals" I ever met were liberal all right—Liberal with other people's money!

An invitation to churches of all faiths throughout the nation to observe Sunday, July 4, as a day of rededication to our American heritage of freedom by the ringing of church bells, special sermons and prayers, has been extended by the American Heritage Foundation, the group which sponsored the Freedom Train. The organization's aim is to help raise the level of active citizenship.

A day for national prayer for peace, for freedom and for rededication to our ideals is suggested. The idea is a good one.

A modern battleship costs $50,000,000, and there's a super aircraft carrier in the planning now that will run much higher. That much spent on a lot of young minds might eliminate the need for that battleship. And just $3,500,000 spent on a modern educational program in this county will equip the young Garrett county minds to face the world better prepared.

Doing business without advertising is like winking at a girl in the dark. You know what you are doing but no one else does.

This nation spends 6 percent of its national income for booze and smokes—but only 1½ percent to teach our kids to think straight.

In discussing the floating logs on Deep Creek and the Chamber of Commerce attempt to get them removed by the County Commissioners, one lake resident suggested that the State boat and the wardens who patrol the lake could well do that job in their leisure moments. He may have something there.

TABLELAND FARMING

A weekly discussion devoted to the Land and Farms of Garrett County, edited by John Carter, County Agent, and W. W. Nace, Soil Conservationist.

Order your rye grass seed now for cover crop planting. Annual ryegrass should be sowed in your corn when you lay it by. That means you'll need the seed by the middle of next month. You'll want to sow it at the rate of twenty pounds per acre. Sow it broadcast right in the corn. Some fellows prefer to sow it and then cultivate lightly so to cover the seed. Others prefer sowing it right away after the last cultivation and let the rain splash cover it. "Pete" Callis, Ag Instructor at Accident, told me he always sowed and then cutivated. He says he always gets a good stand that way. Cecil Kight, farmer near Redhouse, says he always sows after the last cultivation. He claims that cultivating after sowing covers it too deep. He always gets a good stand that way. So you see, you can take your choice. If you do cultivate after sowing do it very lightly. If the season is extra dry you may have to cultivate after sowing to get the grass started. A couple years ago, when it was dry thru July and August several people reported poor catches where it wasn't cultivated to cover the seed. I'd suggest sowing after cultivating. Then, if it doesn't rain at all for a week, cultivate again, very lightly.

The ryegrass seeded in your corn is an excellent winter cover crop. It will protect your field from washing and blowing in the fall and winter. It makes a good green manure to plow down for your oats. It has another very attractive value: It will make excellent grazing in the fall when pastures are shortest. That lets your pasture rest going into winter. Bill Ringer of Oakland claims it helps the milk flow, during the fall season. A number of other farmers have found that cows like the grass, and that it helps extend the pasture season.

When you buy the seed, ask for "Domestic Ryegrass." It costs from eleven and a half to thirteen cents a pound, and twenty pounds per acre is the correct seeding rate.

The District is in the process of securing two additional pieces of equipment to be used for conservation work on cooperating farms.

One is a diesel road machine that will be used to build diversion terraces and such work. It is a war surplus machine and is being loaned to the District by the University of Maryland. It is expected that the rental rate will be about $6.00 per hour with operator.

The other is a Lowther C-Saw. This is a power driven circular saw, mounted on two wheels. It is power propelled and will be used to clear brush and small trees from pastures. As yet, the Supervisors have not determined the rental rate for the saw. We will report on that as soon as a rate is set.

ACCIDENT

American Legion to Sponsor Boys' State

According to John Shoemaker, post commander of American Legion Post 208, the group will send two local youths to "Boys' State", a two weeks' school on citizenship. The school will be held July 5 to 19 at Fort George G. Meade, where the boys will learn the procedure of municipal, county and state governments.

Regular Communion Services of the Church of the Brethren will be conducted by the pastor, Rev. Olonzo P. Fike on Sunday evening, June 27, at 7:00, standard time.

MARRIED

Glotfelty-McLean—At a quiet ceremony on Saturday evening, June 19, Miss Harolene McLean became the bride of Mr. Hubert Glotfelty, both of McHenry.

Rev. C. W. Fraker performed the double ring ceremony at his home.

The bride wore a blue 2 piece street length dress with white and gold accessories. Her corsage was of yellow rose buds.

Miss Virginia Ellen Walton, cousin of the bride, was maid of honor. She was dressed in a grey suit with blue accessories, and had a yellow rose bud corsage.

Blaine Glotfelty served as his brother's best man.

Miss Helen Attanucci, Pittsburgh, Pa., and William M. Walton, Jr., were among those who attended.

Immediately following the ceremony a wedding supper was served at the home of the bride.

The couple spent their honeymoon in Virginia and Washington, D. C.

Both the bride and groom are graduates of Accident High School.

Douglas-Wilson—The wedding of Miss Joy Marie Wilson, daughter of Mr. and Mrs. Alvin Wilson, Cumberland, to William Bruce Douglas, son of Mr. and Mrs. William A. Douglas, LaVale, was performed Saturday in St. Paul's Lutheran church in Cumberland, with Rev. H. T. Bowersox, D. C., officiating.

Mrs. Douglas is a graduate of Fort Hill and Pennsylvania College for Women, Pittsburgh, where she was editor of the college year book and member of Hood and Tassel. The Wilsons were former residents of Oakland.

Mr. Douglas, graduate of Phillips Exeter Academy and a veteran of two years' service in the army air force, is a sophomore at Swarthmore college, where he is a member of Phi Delta Theta.

Rally at New Germany Church Well Attended

The Lay Rally and Homecoming Day at the New Germany Methodist Church Sunday was considered successful, spiritually and financially. Rev. I. G. Michael, of Westernport, spoke in the morning and Rev. D. J. Combs in the afternoon. It was the sixtieth anniversary of Rev. Michael's ministry, which began in the New Germany Methodist church. There were three present Sunday who were present to hear his first sermon sixty years ago. They were Mr. and Mrs. Herman Robeson, Avilton, and Mrs. Jennie Broadwater, of Barton.

Mrs. Michael accompanied her husband and niece, Mrs. Mary Shade, Westernport, to New Germany. Mrs. Michael was formerly Miss Etta Mullingburg, of Grantsville.

Others who took part in the program were Rev. K. Crowe, Roy E. Crowe, Harry C. Edwards, Grantsville charge; Alfred Broadwater, Ralph Wiland, Mrs. Nellie Crowe, Mrs. A. Broadwater and Mrs. W. Broadwater.

Runaway Girl Located

Missing from her home at Chestnut Grove, near Swanton, since Sunday afternoon, June 13, Freda May Virginia Tasker, 15, was taken into custody last Thursday at Westernport by officials.

The young Bruce High school girl told Allegany county authorities she had run away from home because her "step-father required her to work like a horse in the woods" and she declared she would rather go anywhere but back home.

The girl said her father, Wilbur Tasker, cuts pulp wood near Swanton and requires her to "snake trees out of the woods, trim them and use a cross-cut saw, cutting the timber into pulp wood."

Her stepfather telephoned the Allegany county sheriff's office and prepared to go to Cumberland to return the child to her home. Garrett county authorities were not notified of the affair, according to W. Dwight Stoyer, State's Attorney, and Paul W. Fisher, deputy sheriff.

Mrs. Maurice Phillips is a patient in Memorial hospital, Cumberland, and may possibly undergo an operation.

Miss Sarah Lee McCoy, Westernport, is visiting her cousin, Miss Jane Donaldson Littman, at her home on Fourth street.

Robert L. Smith, music student at Chicago, has returned to his home for the summer months. He is a son of Mr. and Mrs. Russell L. Smith.

Miss Jean Lemmert and Edgar Myers, Clarksburg, W. Va., spent Sunday here with the former's parents, Mr. and Mrs. James Lemmert.

Mr. and Mrs. B. I. Gonder, Sr., Mr. and Mrs. John McCullough and Mr. and Mrs. R. E. Guard are leaving Sunday for Canada, on a fishing trip, to be gone until July 15.

Mrs. Lewis R. Jones entertained last Friday evening in honor of Miss Margaret Rudy, who is to become the bride of Nathan Orr Niles on Thursday, July 1st. Six tables of bridge were in play.

Mrs. Elwood Wagoner, Mr. and Mrs. Loy Wagoner, Miss Hannah and Dan Wagner, Mrs. Paul Roach, son Steve and daughter Sally Ann, and Michael Ansell, all of Springfield, W. Va., and Miss Mary Largent and Mrs. Maxine Mahood, of Paw Paw, W. Va., were guests of Mr. and Mrs. Donald Sincell and family at a picnic at Swallow Falls on Sunday.

Harold C. Ashby, son of Mr. and Mrs. Jesse J. Ashby, Pennington St., and Mr. and Mrs. Fred "Bud" Barker arrived in Oakland Saturday morning from Memphis, Tenn., where Ashby and Barker are studying optometry. Mr. and Mrs. Barker spent several days with her brother-in-law and sister, Dr. and Mrs. Robert J. Flaherty, before going to Sutton to visit Mrs. Barker. They will all return to Memphis on Saturday for the summer session.

The local chapter, Order of Eastern Star, is having a grand visitation this evening, at which time Miss F. Lillian Rodenhi, Baltimore, worthy grand matron, Henry L. Twele, Baltimore, worthy grand patron, and Mrs. Annie Edmunds, Frostburg, deputy grand lecturer, are expected to attend. The latter has retired as deputy grand lecturer after serving for a number of years. She has been a resident of Frostburg for 31 years and a member of the Eastern Star there for 30 years. She is a native of Wales.

Observing 62nd Wedding Anniversary

MR. AND MRS. J. M. FALKENSTEIN

The past twelve years have had little change upon the appearances of Mr. and Mrs. J. M. Falkenstein who are today observing their 62nd wedding anniversary at their home at the north edge of town. The above picture was taken at the celebration of their 50th anniversary in 1936.

Mr. and Mrs. Falkenstein were married at the farm home of Mr. and Mrs. Isaac Leighton, near Swallow Falls, on June 24, 1886, by Rev. W. Y. Cline.

To this union were born five daughters and one son: Grace, at home; Walter, Myersville; Mrs. Mabel Kahl, Oakland; Mrs. Eva Bishoff, Hoyes; Mrs. Lorena Smouse, Clarksburg; Mrs. Mary Hinebaugh, Canton, Ohio; and twelve grandchildren.

Mr. Falkenstein, while past the 85-mark in years, is daily engaged in carpentry in Oakland homes and business places or spends many hours, beyond the usual eight, doing fine cabinet work in his well equipped shop at his residence. Mrs. Falkenstein enjoys the best of health and is busily engaged in her home. Both Mr. and Mrs. Falkenstein still are active in church work, having been members of St. Mark's Lutheran for many years.

Mr. and Mrs. Lawrence Ruckert, Mr. and Mrs. Philby Schimp and daughter Betsy, of Baltimore, were guests of Mr. and Mrs. Robert Ruckert over the week-end.

Corp. Harold Phillips, U.S. Marine corps, returned to Camp Lejeune, N. C., on Monday, after having spent a fifteen-day furlough with his parents, Mr. and Mrs. Clifford Phillips.

Mrs. Alice Turney, Mrs. J. A. Turney and son Paul Turney returned home Monday night from a visit of several days with relatives and friends in Louisville, Ky., and Cincinnati, O.

Mrs. I. R. Rudy, while getting out of her car on a Cumberland street on Tuesday afternoon, slipped and in falling broke her right hip. She is now a patient in Memorial hospital in that city.

Mrs. D. Edward Offutt, recently accepted as a member of the Irish Setter club of America, plans to send two Irish Setter entries to the specialty show to be held at Westfield, N. J., on July 17.

Rev. Luther L. Hare expects to leave Sunday afternoon for Stroudsburg, Pa., for a meeting with a social missions study group. Mrs. Hare and son Philip, will visit relatives in Philadelphia until his return.

Thomas Kahl and Emily Martin, Mt. Lake Park; Elinor Bittinger and Margaret Schoch, members of the senior confirmation class, became members of St. Mark's Lutheran church at the regular service on Sunday morning.

Mr. and Mrs. Delbert Davis and two children, Charlotte and Norman, were week-end visitors of relatives here and then continued to Cleveland, Ohio, to attend the wedding of Miss Esther Lou Davis to Ervin Lang, which is to take place there on Saturday.

William H. Johnson, now district forester at Bel Air, suffered a broken ankle while attending a forestry training conference at St. Marys City, during a baseball game, and is now recuperating at his home in Cumberland. He was former district forester in this area and is the husband of the former Miss Helen Offutt of Oakland.

Mrs. Blair Robinette and two children, Marilyn and Blair, Jr., left Oakland Monday night for her former home near Manila, Luzon, Philippine Islands. They were taken to Pittsburgh by Mrs. Robinette's husband, S/Sgt. Robinette, who is on recruiting duty here, and from there they went by air. They were scheduled to arrive in Manila this afternoon. Mrs. Robinette has been in this country for three years.

Mr. and Mrs. James Helbig and William Sharps will leave tomorrow for Salisbury.

Frank Biser and family left with a trailer in tow on Tuesday for Ocean City, where he is a delegate from Oakland Volunteer fire department to the firemen's convention there yesterday, today and tomorrow.

At the meeting of the Henry and Luther Schmidt post, Veterans of Foreign Wars, on Monday, June 21, Joseph M. Gonder was presented with a past post-commander button in appreciation for his service and devotion to duty in the post.

Rev. and Mrs. David M. Funk and daughter Miss Mary Funk, Muscatine, Iowa, are visiting for a few days at Thayerville, Deep Creek Lake, where Mrs. Funk's mother, Mrs. J. O. Thayer, is seriously ill. Rev. Funk was former pastor of St. Marks Lutheran church here.

Jane Friend, Elinor Bittinger, Lois Murray, Delores Swartzentruber, and George and John Hanst, Oakland; Floyd Fike and Emily Martin, of Mt. Lake Park, expect to leave Sunday for Cowen, W. Va., near Webster Springs, where they will attend a Lutheran youth camp for two weeks.

The Young Adult fellowship of St. Paul's Methodist church is planning a party for Wednesday, June 30, at the Oakland Country club. Members will be contacted and asked to hold that date open. Mr. and Mrs. B. Beeson Snyder are chairmen, with Dr. and Mrs. Franklin D. Custer co-chairmen.

Pvt. Robert F. Hauser, son of Mr. and Mrs. Homer Hauser, Oakland, has completed a course in Army basic training at the Fort Dix 9th Infantry Division and will soon leave for a new assignment. Prior to his enlistment on April 1, Private Hauser attended Oakland High School. He was employed by W. C. Roth.

Charles Mann, of Randallstown, has arrived in Oakland and will assist Rev. Austin F. Schildwachter in the work of the Episcopal parish in Oakland, Deer Park, Altamont and Swanton. Mr. Mann, a student at Western Maryland college, was a lay worker with the Episcopal church last summer in Alaska.

Dr. and Mrs. Bernard Thomasetti and three children, Ruth Ann, Kathleen and Martha Jane, and Arthur Salvato, of Philadelphia, Pa., came to Oakland last Saturday to visit Mrs. Thomasetti's grandmother, Mrs. John G. Robinson. Dr. Thomasetti and Mr. Salvato returned to Philadelphia on Sunday but the others are remaining here for two weeks.

Mary Ann Fazzalari, recent graduate, University of Maryland, is now working in the Biological laboratory of Baltimore as a technician. Her brother, Frank Fazzalari, Maryland graduate in chemical engineering, has accepted a position with the government at Edgewood Arsenal. Both are children of Mr. and Mrs. James Fazzalari, Oakland.

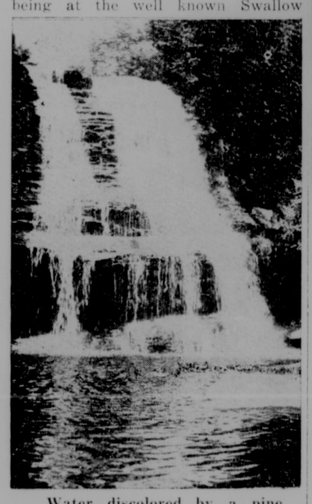
This is GARRETT COUNTY:

The Falls of Garrett

A waterfall always holds a certain amount of intrigue for the admirers of natural beauty, and fortunately, Garrett county can supply such enjoyment in abundance. The county, being for the most part a plateau, is liberally blessed with streams that break over the mountainside as waterfalls.

The largest river in the county, the Youghiogheny, tumbles from the tableland at two distinct levels, one being at the well known Swallow Falls, and the other, less prominent, Gap Falls, located four miles north of Sang Run.



Water discolored by a pine swamp tumbles 70 feet over Muddy Creek Falls, the highest in the county.

Swallow Falls

The most notable break in the Youghiogheny occurs about nine miles from Oakland in a section of virgin timber and rock known as the Swallow Falls area. It has long been recognized as one of the most scenic spots in Western Maryland, and at the time of timber cutting operations in this section, was spared the ax. Such great personages as Henry Ford, Thomas A. Edison, Harvey Firestone, and John Burroughs took heed of the area's magnificence and camped there in 1919. It is named for the swallows that nested in a balanced rock, now the lone remnant of the old river bed, near the bottom of the falls.

Swallow Falls, named for the swallows that nested in the ledges of a balanced rock near the lagoon of the falls, is the first descent of the Youghiogheny from the tableland.

The height of Swallow Falls is about 25 feet, and sloping at 45 degrees. At its base, a shallow lagoon has formed, suitable at times for swimming. A few hundred yards below the falls, another is found, a sheer drop of ten feet with a deep pool at its base. Swimmers are cautioned, however, for the undercurrent set up by the cascading water is treacherous.

Muddy Creek Falls

Muddy Creek enters the Youghiogheny about a half-mile below the second falls. Some hundred yards from its mouth, the highest falls in the county is found—Muddy Creek Falls. The cataract is 70 feet high and is so named because of the discolored water that flows over it. In winter, the bare trees at the base and surrounding pool are transformed by the spray into a shining fairyland of ice. Few people venture to the falls at this time of year, but those who do find it as enchanting as during the summer months.

Tolliver

Also included in the area is the most picturesque falls of the county, one that many wish to have in their back yard—Tolliver. The stream is situated in a story book setting, bounded by lush forest growth of ferns, laurel, rhododendron, and gigantic hemlocks. The water spills in even patterns, flowing into a pool that has sandy beaches.

The area consists of 807 acres and at present is owned by the State of Maryland and the Pennsylvania Electric company. In 1853 it was surveyed as military lots and then patented in 1854 to William D. Burton by the State. Timber was cut on part of the tract by both Henry G. Davis and the Kendall Lumber company, but the title fell to Henry Krug who willed the ground around the falls to the Masonic lodge of Pennsylvania and West Virginia.

Gap Falls

The second abrupt descent of the Youghiogheny occurs about four miles north of Sang Run and is known as Gap Falls. This is where the Yough breaks through Winding Ridge and at one time was a choice spot for trout fishing. A few hundred yards up the river, Gap Run enters and this point is the site for a second dam of the Pennsylvania Electric company. The dam was contemplated at the time Deep Creek lake was formed, as was a third site not far south of Swallow Falls.

Gap Falls lies in exceedingly rugged terrain, and is difficult to reach. The author hiked along the river bank, but such tactics are not advised. The easiest way is to follow the road bearing to the right on the east side of Sang Run bridge to the Savage farm, now deserted, then hike down the hill to the river. The falls is on the "Yough Manor" tract.

A few other falls exist on Laurel Run and one on Lost Land Run, but their beauty and uniqueness hardly compare with those previously mentioned.

Giving Forestry Training

A training course in stock survey work, leading to an inventory of the state-owned timber resources, has been in progress at Swallow Falls since June 15. The course will conclude tomorrow. J. E. Paulhamus, assistant district forester, has been in charge and eleven persons have been taking the course.

Making an inventory of the timber resources was formerly done by the CCC when several camps were located in this county.

Mr. Paulhamus said it would take several summers to go over the 70,000 acres of state-owned timber land in this county. Maps will be brought up to date and a full scale plan of management outlined for each area in regard to recreation, game, timber, etc.

THE GREAT GAME OF POLITICS

By FRANK R. KENT.

Two Men Have The Power

Considering the length and ferocity of this struggle for the Republican presidential nomination and the number of men who one way or another are seeking it, plus the heavy odds that the man who lands it will be elected, the wonder is not that personal enmity should have been engendered among them. The wonder is that there should not be more of it.

So far as most of the aspirants are concerned, there is exceedingly little real bitterness. Governor Dewey, Senator Taft, Senator Vandenberg, Governor Warren and Speaker Martin are all on terms of personal friendship and there is no evidence of so much as a trace of bad feeling between any two of them. But, as is well known, this is not the case between Governor Dewey and Mr. Stassen. Undeniably there is bitterness there. The question is how much and how long will it last.

The friends of the Messrs. Taft and Dewey insist that Mr. Stassen is responsible for the existing bad relationship. As the Taft people see it, in entering the Ohio primaries, Mr. Stassen went out of his way to make bad feeling. He knew he had no real chance in Ohio, but it was a way to garner the kind of publicity upon which he sets such store. He weighed that against his Taft friendship, went in, took a licking, got his publicity but certainly destroyed all trace of affection that Senator Taft had for him—if any.

As for the Dewey-Stassen friction, while the Oregon primaries probably accentuated it, it had existed for quite a while before that. Early in the year, Mr. Stassen went to Albany to see Governor Dewey and it was after that visit he made his press-conference statement that he would not run for the vice presidency with Governor Dewey. He has yet to explain why, but he repeated the statement after his Oregon defeat. Quite naturally, the Dewey supporters regarded this as a gratuitous personal slap at their man and resented it.

Thus, there would seem to be between the Messrs. Taft and Dewey on the one side and Mr. Stassen on the other a breach that cannot be closed. But this is not necessarily so. Political enmities are notoriously impermanent and none of these gentlemen is likely to permit a personal distaste to stand in the way of his ambition. It is true that few persons now think Mr. Stassen has much chance for the first place, but in the second place he undoubtedly would add strength to the ticket. And he, like the others, has a right to change his mind. In other words, no one has to stay mad if his interests are involved—and no one will.

As things stand tonight on the eve of the convention, if, as many believe, there is a deadlock between Dewey and Taft, unless he definitely eliminates himself, the most likely nominee to emerge still is Senator Vandenberg, and his most likely running mate would be Mr. Stassen, in that neither Senator Taft nor Governor Dewey would be available for the second place. Unquestionably this would be a strong ticket and unquestionably it would attract a considerable Democratic support. It may be named but the most experienced observers and the most practical politicians do not think so. These are convinced there will be no deadlock and that the nominee will be either Dewey or Taft.

This belief largely rests upon the fairly well-based assumption that if and when either Mr. Taft or Mr. Dewey becomes convinced he cannot himself be nominated he will prefer his most formidable rival to any other available aspirant. The point where this conviction comes either to Dewey or Taft may not be reached for a number of ballots, but it inevitably must come soon or late. When it does, it will not appeal to either to see the nomination fall into the lap of Senator Vandenberg or anyone else who has not lifted a finger to gea it. The argument is that one or the other of these leading candidates is entitled to the nomination and each is said to feel that way. In the event he cannot make the grade himself, neither has any inclination toward the so-called "dark horse." If this remains true, then the result depends entirely upon which of these two men can poll the most votes and hold them tightest. Dewey has more than Taft to start with. Between them they will have more than a majority on first ballot.

There is no question that Mr. Taft can nominate Mr. Dewey or Mr. Dewey can nominate Mr. Taft. There does not have to be a deadlock. There does not have to be a "dark horse" or a compromise candidate. The big unpledged and favorite-son delegations like Pennsylvania, Illinois and California do not hold the power to name someone other than Mr. Dewey or Mr. Taft unless either Mr. Dewey or Mr. Taft co-operates. The real power in the convention is held by these two men if they choose to use it. Neither would have much difficulty in swinging support to the other. And they both know it.

Proclamation

WHEREAS Accidents to life and property in our community and throughout the nation have shown a marked upward trend in recent years, and

WHEREAS Such accidents present a serious human and economic drain upon the resources of our nation and result in much needless suffering and loss to our citizens, and

WHEREAS the period from June 28, 1948, to July 12, 1948, has been set aside for the purpose of making the public aware of these facts and is being sponsored in our community by the Veterans of Foreign Wars,

NOW THEREFORE I, Joseph Hinebaugh, Mayor of Oakland, set aside and proclaim the period from June 28, to July 12, 1948, as Safety Weeks in Oakland, Maryland, and urge the citizens of this town and surrounding territory to cooperate to the fullest extent in preventing accidents and promoting safety in their homes, places of business and recreation.

JOSEPH HINEBAUGH, Mayor
Town of Oakland.

Three Methods Outlined For Preserving Silage

While many farmers have about completed harvesting the grass forage which is to be put in the silo, others are still asking questions about the best method of preserving the material to get a high quality feed. John Magruder, extension agronomist at the University of Maryland, gives three methods which have proven satisfactory in this state.

These methods are: addition of stock molasses, wilting before ensiling, and the addition of grain. He explains that the use of molasses and wilting are the most common practices and that farmers should use about 40 pounds of molasses per ton of silage. This is added as the grass goes through the cutter.

Another method of curing is to wilt the material sufficiently to lower the moisture content to about 65 to 68 per cent. When this is done the silage should be chopped finely and packed solidly to exclude as much air as possible. The problem is to estimate the moisture content, but many farmers have learned to do it through experience.

The third practice is to add from 150 to 300 pounds of ground grain per ton of silage. This should be varied according to the moisture in the grass—the higher the moisture the more the grain. This method is probably the most expensive and more tests are needed to determine how much of the grain's feeding value is lost.

Forty-three perished in an airliner crash in Pennsylvania. Earl Carroll, theatrical producer, was among the victims.

Over The Year

n a quick review, the Eightieth ngress approved the Truman Doc- ne for economic and military aid Greece, Turkey and China. We ex- ded for one year the reciprocal- de program permitting the Presi- t to cut tariffs in exchange for cessions from other countires. The ate ratified peace treaties with ly, Rumania, Hungary and Bul- ria.

Congress merged the Armed ser- es into one Department of De- se. Congress overrode a Presi- ntial veto to cut personal income es.

The Speaker of the House would come President in case the Vice- esidency was vacant and something opened to the President.

Congress submitted to the States ratification a constitutional endment limiting future Presi- nts to two terms.

Under The Dome

am pleased to report as a mem- of the House conferees discuss- g the Federal-aid road bill that measure calling for the spending $500,000,000 a year for roads was proved. Maryland's share will be proximately $4,000,000.

The Army Public Works Bill in ich a provision for $650,000 is de for the plans and specifications the new Hospital at Forest Glen s signed by the President. Also ned was the Navy Public Works rying appropriations for Naval dnance Laboratory, David Taylor odel Basin at Carderock, and a apel for the Naval Medical Center. My bill authorizing the restoration the Francis Scott Key home by Potomac in the District of lumbia has passed the House and now in the White House waiting President Truman to sign it.

I will send you a report for the Re- blican Convention next week vering little items that might be of interest to my constituents in the Sixth District.

As has been my custom while I have been in Congress and because of the close proximity of my district, my office at 1530 New House Office Building in Washington will remain open. We in the office feel that there may be many things about which you may wish to, contact us. Feel free to write, telephone or come in to see us.

GOUGH SERVICES

Services for Thomas B. Gough, 70, who died June 14 at Kitzmiller, were conducted on Wednesday, June 16, from the Mt. Bethel Methodist church, with Rev. Jonathan Edwards, Presbyterian minister and Rev. R. A. Bomboy, Methodist minister, officiating. Interment was in Nethkin Hill cemetery.

Pallbearers were Hollis Wilson, Arlie Barrick, Joseph Arnold, Cecil Pyles, Carl Schell and Sam Tasker.

DR. R. A. RAVENSCROFT

Dr. Robert A. Ravenscroft, 83, retired physician, former Maryland State Senator and resident of Accident and Baltimore, died Saturday, June 12, at Santa Barbara, California. He died very suddenly of a heart attack while sitting in the living room talking with friends.

He was a native of Dawson, Md., between McCoole and Cumberland, and was born April 30, 1865. He had been living in Santa Barbara for one year.

Dr. Ravenscroft was a State Senator from Garrett county for 12 years and served 12 years also as surveyor of customs, port of Baltimore, during the administration of Presidents Theodore Roosevelt, Taft and Wilson.

He was a former president of the First National Bank at Oakland, and practiced medicine in the Accident community for a number of years.

Surviving are a son, Randall M. Ravenscroft, Washington, D. C.; a daughter, Mrs. Harry E. Ryde, Laguna Beach, California; two grandchildren, Robert and Leah Ravenscroft; and one brother, Roland, on the home place at Dawson, and one sister. The late Webster Ravenscroft of Oakland was a brother.

His son Randall, and grandson, Robert, of Washington, flew to California for the funeral services which were conducted on Monday, June 14, in Santa Barbara. Burial was in the Santa Barbara cemetery.

OSCAR TURNEY

Oscar Turney, aged 65 years, died Sunday, June 20, at the home of his son, Rev. Ralph Turney, Columbus, Indiana. He had been ill since February and had been with his sons in Nashville and Columbus for about five weeks.

Deceased was born June 29, 1882, at Accident, a son of the late Thomas and Margaret Schlossnagle Turney. He had been a resident of Oakland for many years and for the past 11 years had been in charge of the mail delivery from the railroad station to the postoffice.

He was twice married, his first wife, Ethel Casteel, having died a number of years ago. To this union three children were born, Rev. Ralph Turney, Columbus, Ind.; Rev. Milton Turney, Nashville, Tenn.; and Ray Turney, Oakland. Also surviving are his second wife who was Miss Savilla King, and three children, Harry, Virgie and Lloyd, all of Oakland; four grandchildren, and three sisters, Mrs. James Fazzalari, Mrs. Alma Hansen, both of Oakland; and Mrs. James Glotfelty, McHenry. Mr. Turney was the fourth member of his family to pass away within two years, others being Rev. Homer Turney, Truman Turney and Mrs. F. O. Glotfelty.

Funeral services were conducted on Tuesday afternoon at 2:30 o'clock from the Bolden Funeral home with Rev. Luther L. Hare, Lutheran pastor, officiating, assisted by Rev. H. O. Teagarden, Mt. Lake Park. Interment was in Oakland cemetery.

Seed-time and Harvest

Billions have trod the roads and trails of the world, but only a few pause to consider that out of the lowly soil on which they tread comes all that sustains the physical life upon our planet.

People go their thoughtless ways and pursue their selfish ends, but behind it all the kindly processes of Nature go on and a gracious Providence brings sunshine and rain, seed-time and harvest.

From these sunny fields comes the bread of the people and food for every living thing. It is no wonder that from primitive times man has celebrated the Harvest season with festivities and religious devotion.

And why should not the smiling abundance of our fields bring thoughts of God and thankfulness for His goodness? We are too prone to take the gifts of Nature for granted and forget the Giver.

Sunday will be an excellent time to attend the Church of your choice and join in fervent thanks to God for our fruitful fields and rich abundance.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Takes the ump out of Bumps

By and large, our engineers are a pretty hard-working lot — but they like to take it easy when they travel.

So it was no surprise that when it came to putting comfort in this 1948 Buick, they laid it on in double measure.

Several things, of course, gave them something of a head start. Husky frames, ample roadweight, the ride-steadying torque-tube drive — things like that.

Also, they had the particular magic of Quadruflex springing to work with.

Putting a gentle coil spring on each wheel, this Buick-developed springing system irons out the differences you so often feel between front- and back-seat riding qualities and gives a ride that's level as an honest look.

Just the same, that wasn't enough for our engineers. They wanted to take the "ump!" out of bumps completely!

As a result, every Buick in our 1948 line rides on lower-than-usual tire pressures.

In some models it gets as low as 22 pounds, which means a good fat cushion of air spreading a blanket of comfort over every mile.

In all models, rims are wider than usual — sidewalls are straighter and more vertical. This gives them a bracing action against sidesway and swerve — with the result that you have better control on curves and sharp turns.

The net is that next to Dynaflow Drive,* Buick's ride is probably the hottest topic of conversation in the industry.

And every Buick model has it — which means that if you, too, would like to take the *ump* out of bumps, better see your Buick dealer.

He'll take your order whether or not you have a car to trade.

*Optional at extra cost on Roadmaster models only.

From Malachi To Christ

Lesson for June 27, 1948

THE interbiblical period, covering approximately four centuries, is one of the great silences of history, save as the prophecies of God offer flickering light upon the winding paths in western Asia, northern Africa and southern Europe. A remnant of Jews resided in Jerusalem, whilst many others were dispersed about the face of the earth. The Old Testament was translated into Greek—the version used in the time of Christ. The Talmud and the 14 books of the Apocrypha were written. The synagogue arose. The schools of Hillel and Shammai were founded and flourished. The sects of the Pharisees and Sadducees originated. Buddha, Confucius and Zoroaster were beginning to influence life in the Far East, while in the Near East Zeno and Epicurus dominated philosophical thought. The Caesars ruled the Mediterranean world.

Dr. Newton

To understand something of this period from Malachi to Christ, we are asked to read the Scripture passages listed above.

* * *

BEFORE JESUS CAME

"BEHOLD, I will send my messenger, and he shall prepare the way for me; and the Lord, whom ye seek, shall suddenly come in his temple, even the messenger of the covenant, whom ye delight in; behold he shall come, saith the Lord of hosts."

Did they fully understand the significance of these great words of Malachi? Hardly may we expect that they did, but they got their basis of hope, about which we studied last Sunday. Imagine the faces of the little children in the long ago as they heard of the coming Messenger!

* * *

THE COMING CHRIST

LOOK carefully at the above Scriptures and see how both the Old and New Testaments center upon Christ. These great phrases are suggested:

The promised Christ, the expected Christ, the heralding Christ, the presented Christ, the enlightening Christ, the judging Christ, the merciful Christ, the redeeming Christ, the restoring Christ, the guiding Christ.

Space does not permit the citations, but a study of the passages will reveal each of these gifts and blessings in the coming Christ.

* * *

BETWEEN THE TESTAMENTS

DIMLY only do we envision that period of four centuries, but we have sufficient light to trace the steps by which the faithful amongst the Jews were cleansing themselves of idolatry as the fires of God purged away the dross of paganism and secularism. One will find rich reward in the reading of the Apocrypha and Josephus. Also, one will find in the opening chapters of the New Testament light which falls back upon those dark ages.

There were synagogue schools, taught, in many instances by very able men, such as Hillel. There was a groping toward the light. Men were hungry for the fulfilment of prophecy. It was the darkness just before the dawn.

* * *

THE LIGHT BREAKS

"BLESSED be the Lord God of Israel; for he hath visited and redeemed his people," Luke 1:68. Thus does the golden text for Sunday's lesson flash upon the waiting heart of expectant humanity the Good News.

The fulness of God's time had come. Jesus was born. Peace had come to men of good will. James Montgomery puts the Good News in these lovely lines:

Angels, from the realms of glory,
Wing your flight o'er all the earth,
Ye, who sang creation's story,
Now proclaim Messiah's birth:
Come and worship, come and worship,
Worship Christ, the new-born King.

Preacher's Task

No religious doctrine has any redemptive power until it is translated into the terms of a specific situation or an actual problem. It becomes the task of the Christian preacher in this generation to do the translating. The question, "What would Jesus do?" is always with him.

CARD OF THANKS

To all our friends and neighbors who helped us with their acts of kindness during the illness and following the death of our father, Bradley T. Bray, and to the ones who gave floral tributes, cars for the funeral, pall bearers and flower girls, etc., we extend our heartfelt thanks.

ORDER OF PUBLICATION

EX PARTE
IN THE MATTER OF THE ADOPTION OF CAROLYN RUTH GAY, AN INFANT, BY HARRY C. TURNEY, JR., AND RUTH SHIPLEY TURNEY, HIS WIFE.

NO. 4028 EQUITY IN THE CIRCUIT COURT FOR GARRETT COUNTY, MARYLAND.

The object of the petition in the above entitled case is for the adoption of Carolyn Ruth Gay, infant, and to change her name to Carolyn Ruth Turney.

The petition states that the petitioners are husband and wife, residing in Garrett County, Maryland; that the infant, Carolyn Ruth Gay, was born in wedlock on the 27th day of August, 1942, unto Richard Gay, a non-resident, and Ruth Shipley Gay; that the parents of said infant were divorced by a decree of the Circuit Court for Garrett County, Maryland, on the 23rd day of April, 1946, and the custody of said infant was awarded to the mother, one of your petitioners; that your petitioner, Harry C. Turney, Jr., desires to adopt said child as his own, and your petitioner, Ruth Shipley Turney, mother of said child, consents to the adoption and to the change of her name.

It is thereupon this 16th day of June, by the Circuit Court for Garrett County, Maryland, in Equity, ordered that the petitioners cause a copy of this order with the object and substance of the petition to be inserted in a weekly newspaper published in Garrett County, Maryland, once a week for two successive weeks before the 25th day of June, 1948, giving notice to Richard Gay to appear in this Court, in person or by Solicitor, on or before the 28th day of June, 1948, to show cause, if any there be, why a Decree of Adoption should not be passed as prayed.

No. 4024 Equity. In the Circuit Court for Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property, which was sold by the Collector of Taxes for the County of Garrett and the State of Maryland to the plaintiff in these proceedings: "50 acres of land, except the coal thereunder, assessed to Mrs. Jehu Paugh, in Election District No. 10, Garrett County, Maryland, being Military Lot No. 166 which was conveyed to Jehu Paugh by deed from Richard S. McCulloh and others, dated July 16, 1874 and recorded in Liber W. H. T. No. 1, folio 555, title to which became vested in Mrs. Jehu Paugh, (Clarissa M. Paugh) et al. by virtue of the will of Jehu Paugh, probated September 1, 1909 and recorded in Wills Liber B, folio 320, one of the Records of the Orphans Court for Garrett County, Maryland.

The bill states among other things that the amounts necessary for redemption have not been paid, although more than a year and one day from the date of sale has expired.

It is thereupon this 25th day of May, 1948, by the Circuit Court for Garrett County, Maryland, ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by 2nd day of August, 1948, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

vs.

The Heirs of Charles Crampton Harvey, and all persons having or claiming to have any interest in an undivided one-half interest in 231 acres of coal in Election District No. 10 of Garrett County, Maryland, the same being the residue of coal conveyed to the said Charles Crampton Harvey by two deeds, the first from Charles E. M. Hilleary et ux, dated April 8, 1896, and recorded in Liber E.Z.T. No. 36, folio 292, and the second from Josiah T. Beckman et ux, dated September 26, 1908, and recorded in Liber E.Z.T. No. 58, folio 186, both Land Records of Garrett County, Maryland, said coal underlying Military Lots Nos. 436, 458 and 461, and part of a tract of land called "Triumph" and being the interest therein which vested in the heirs of the said Charles Crampton Harvey, other than his widow, Clarissa Harvey, upon his death, intestate.

No. 4031 Equity. in the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following property situate in Election District No. 10 of Garrett County, Maryland, sold by the Collector of Taxes for Garrett County, Maryland, to the plaintiff in this proceeding:

An undivided one-half interest in 231 acres of coal, which was conveyed unto Charles Crampton Harvey by two deeds, the first from Charles E. M. Hilleary et ux, dated April 8, 1909, and recorded in Liber E.Z.T. No. 36, folio 292, and the second from Josiah T. Beckman et ux, dated September 26, 1908, and recorded in Liber E.Z.T. No. 58, folio 186, both Land Records of Garrett County, Maryland, and being parts of the tract of land called "Triumph" and Military Lots Nos. 436, 458 and 461, less the two small parcels of the three-foot or Thomas Upper Freeport seam or vein of coal, the first containing 3 acres and the second 3 3/8 acres, conveyed by the said Charles Crampton Harvey to Benjamin W. Harvey and Charles E. Martin by two deeds, the first dated October 18, 1908, and recorded in Liber E.Z.T. No. 59, folio 97, and the second dated January 11, 1910, and recorded in Liber E.Z.T. No. 59, folio 537, Land Records of Garrett County, Maryland.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON this 21st day of June, 1948, by the Circuit Court for Garrett County, Maryland, ORDERED, That notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by the 6th day of September, 1948, and redeem the property and answer the bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

Dr. Wicke Named Methodist Bishop

The Rev. Dr. Lloyd C. Wicke, 47, pastor of Mt. Lebanon Methodist church in Pittsburgh, was appointed bishop of the Pittsburgh area, to succeed Bishop James H. Straughn. The Pittsburgh area includes the West Virginia Synod of which Garrett county Methodist churches area part.

Bishop Wicke was assigned to Pittsburgh by the Northern Jurisdictional Conference despite the fact that new bishops are usually sent to new territory. He had been pastor in Mt. Lebanon, with a congregation of 2,000 for five years, going to Pittsburgh from New Jersey where he had been superintendent of the Jersey City district.

He is a native of Cleveland, graduating from Baldwin-Wallace college in 1923. He completed his studies at Drew Theological Seminary, Madison, N. J.; Syracuse university, Yale, Columbia and Union Theological Seminary. He has a wife and two daughters, Shirley, 19, and Elaine, 16, and they live at 346 Midway road, Mt. Lebanon.

Bishop Straugan, who has preached in the Oakland church, is retiring after serving the Pittsburgh area eight years. He will live in Washington, D. C., where his daughter is teaching in American University.

Oakland Marks Up 6th Straight Win

Oakland Amvets tied Kitzmiller for second place in the Upper Potomac Baseball league by defeating Crellin Sunday at Oakland 5 to 1 before a crowd of 500 persons. It was Oakland's sixth consecutive victory. The locals have won 10 and lost 5.

Shallmar took over first place in the league by defeating Kitzmiller on Sunday 7 to 3. It was Shallmar's ninth win against four losses.

In the contest at Oakland Bob Glaze yielded two hits and struck out 12. Only 24 batsmen faced him in the last seven innings. Boots Wolfe had two doubles and a single in four to the plate. Lewis got two hits for Crellin.

Elk Garden defeated Loch Lynn 5 to 1 at Loch Lynn.

Oakland also nosed out Kitzmiller last Thursday by the score 2 to 1, on the local field. Oakland broke a 1-1 deadlock in the 6th inning when Bob Glaze singled, went to third on Marucci's hit and scored the winning run when Bob James laid down a perfect "squeeze play bunt." Glaze limited Kitzmiller team to three hits and struck out four. Kitzmiller's pitcher, Glen James, yielded eight hits and fanned three.

Mt. Lake Camp Meeting Singers

Mr. and Mrs. E. Clay Milby, after an absence of several years, are returning to the Mountain Lake Park Holiness campmeeting, to lead the singing. The Sixty-sixth annual session will begin Friday evening, July 2, at 8 o'clock, and continue through July 11.

MARRIED

Kamp-Sebold—Mr. and Mrs. Lloyd Kamp, near Grantsville, announce the marriage of their daughter, Martha Fern, to Cecil Edward Sebold, Grantsville, June 13, at 8 p. m., in the home of the bride.

The single ring ceremony was performed by candle light by Rev. Ira S. Monn, pastor of the Trinity Ev-Reformed Church of New Germany.

The home was decorated with bouquets of snapdragons, gladolius and peonies. Mr. and Mrs. William Kamp, brother and sister-in-law of the bride, served as best man and matron of honor.

The bride was attired in a yellow gabardine suit, with white accessories and wore three strands of pearls, a gift of the bridegroom. A corsage of orchids completed her costume. The matron of honor wore a sapphire blue dress with white accessories and a corsage of gardenias.

Both the bride and groom are graduates of Grantsville High school. Mr. Sebold is in the Custom Feed Grinding business and farming with his father, Emerson Sebold.

A reception was held at the home, where a buffet luncheon was served, with the immediate family attending. Following a brief honeymoon to Niagara Falls, the newlyweds will reside with the groom's parents in Grantsville.

Templeton-Orndorff—In a ceremony performed Sunday afternoon in the First Baptist church, Westernport, before an altar banked with green spruce and roses, Miss Miriam Klair Orndorff, daughter of Rev. and Mrs. William B. Orndorff, became the bride of J. Milton Templeton, son of Mrs. Margaret Templeton, Charlotte Court House, Va., and the late Thomas A. Templeton.

The bride's father, pastor of the church, officiated. The Girls' Choir of the church, organized and formerly directed by the bride, sang several selections.

The bride was attired in a white satin gown with a lace yoke and long sleeves. Her finger-tip veil of lace was crowned with seed pearls. Miss Grace Elaine Orndorff was her sister's maid of honor, and the matron of honor was Mrs. Clyde Thaxton, Charlotte Court House. Herbert Koch, of Oakland, was the groom's attendant, and ushers were Paul DeWitt, Oakland and Frank Ravenscroft, Westernport.

Rev. Orndorff was former pastor of the Garrett Baptist Field and the family resided in Mt. Lake Park.

THE REPUBLICAN

VOLUME 72. OAKLAND, GARRETT COUNTY, MD., JULY 1, 1948. NUMBER 18.

Less Blue Smoke . . . . . .

It may be our imagination but it seems that the air is more clear around Oakland since the new parking meter regulations went into effect.

There is less blue smoke circulated, because the main reason for that smoke has been eliminated. Previously when a resident or visitor went over his time limit on the parking meters it meant a visit to the police magistrate and giving up $1.00. In our opinion such a regulation created more ill will for the town than any other single incident. And the persons affected were apt to give the town a wide berth in the future.

But now it is different. Those who are unable to get back to their parked car before their time expires, now are asked to go to a nearby business house and deposit a nickel.

They are told that their visit to Oakland is appreciated and the hope is expressed that they come again soon.

This new method of treatment certainly leaves a "good taste" in the mouths of our visitors. While we don't need to gush over those who come to this area to spend weeks or possibly months, there isn't any reason why all of us couldn't reflect that friendlier spirit. It will pay dividends for years to come.

G. O. P. SELECTS DEWEY-WARREN TO HEAD TICKET

It's Dewey and Warren!

The Republican National Convention last Thursday night selected Governor Thomas E. Dewey of New York to be the presidential standard-bearer in November. On Friday morning it then selected Governor Earl W. Warren of California as Dewey's running mate on the 1948 GOP "victory ticket." Warren won the vice-presidential nomination by acclamation.

Dewey served notice almost immediately that he would campaign for the White House largely on two major issues:

1. Elimination of inefficiency in the Federal Government and the cleaning out of Communists.

2. Adoption of a firm foreign policy which will let the world know the United States is ready to resume leadership for peace.

The Republicans picked their first east-west presidential ticket since the first national convention in 1856. In that year they chose John C. Fremont, California and William L. Dayton, New Jersey. They were defeated by Buchanan and Breckinridge.

They also established a precedent by giving Dewey a second nomination after having lost his presidential bid in 1944. But that is the way Dewey became Governor of New York, after losing one campaign.

New York has 47 and California 25 electoral votes for a total of 72. A total of 266 is needed to win. If Dewey and Warren can win these two states alone they will save more than

DIED

MRS. JESSE J. ASHBY

Mrs. Edna Ruth Ashby, aged 56 years, wife of Jesse J. Ashby, clerk to the County Commissioners, died at her home on Pennington street last evening about 7 o'clock. She had been in ill health for the past several years but became seriously ill only last Saturday.

Deceased was born May 16, 1892, in Pennsylvania, a daughter of the late Charles U. and Carrie Yeager Edwards, of Grantsville.

She was a member of St. Paul's Methodist church, a member of the Order of Eastern Star and a past worthy matron of the organization; also a member of the Phythian Sisters. She was active in church work for the past number of years.

Surviving are her husband, one son, Harold Ashby, attending school in Tennessee; one daughter, Eloise, Oakland, and a niece, Miss Crystal Elliott, whom Mr. and Mrs. Ashby had reared since childhood; also one sister, Mrs. C. B. Ashby, Grantsville; a half sister, Mrs. James Frame, Kingwood, W. Va.; three brothers, William G. Edwards, Baltimore; George D. Edwards and Harry C. Edwards, both of Grantsville.

Funeral services will be conducted Saturday afternoon from the Bolden Funeral Home with Dr. Denver C. Pickens, Methodist pastor, officiating. Interment will be in Oakland cemetery.

Magistrate Has Record Number of Cases

H. A. Loraditch, magistrate, heard a record number of cases in the month of June—117. He reported that the nearest equal occurred last September when 114 cases filled the docket. They include disorderly conduct, assault, non-support, mental cases, motor, fishing, and boating violations.

What's the cause of increase? Indifference to the law," the magistrate says.

Chamber of Commerce Suggests Extension of Town Limits

The board of directors of the Mt. Top Chamber of Commerce met on Monday to discuss, among other things, a suggestion to the Mayor and Town Council to extend the corporate limits of Oakland, a half mile in all directions. The proposal was brought about in view of the growing population, it was stated, and it was felt that an extension of the limits would not only add to the town's population standing in the State, but would soon pay the expense of additional sewer lines and privileges derived from corporate benefits. A letter was forwarded to town authorities on Tuesday by W. O. Davis, chamber secretary, giving details of the suggestion.

Because of a complaint about the lack of time pedestrians have in crossing the street at traffic lights, the directors undertook a measure to present to the Town for an investigation of the lights. The board did not suggest the purchase of new lights, but intimated a change in the interval of the signals. Some towns have a system whereby both green and red lights burn for a few seconds, indicating a walk signal to pedestrians, it was brought out at the discussion.

To Meet Again July 19

The directors will meet on Monday, July 19, to discuss arrangements for a membership dinner scheduled for July 29 at the Mt. Lake Park hotel. Gale W. Arnold, president of the industrial development for the Baltimore and Ohio railroad, has confirmed his invitation to speak, but in the event of his absence, Mr. Arnold has secured the services of Stanley A. Stemple, who is affiliated with the industrial development department.

Judge Huster Hears Equity Cases Tuesday

Several cases in equity were heard this week by W. A. Huster, chief judge of the fourth judicial circuit, two involving divorces and another having to do with an adoption.

In the latter case Judge Huster granted to Mr. and Mrs. Harry C. Turney, Jr., the adoption of her daughter, Carolyn Ruth Gay, and decreed that the infant's last name be changed to that of her present parents.

The court will convene with the petit jury on July 8. Thus far, only two cases are entered on the docket, both having to do with a plea for settlement for alleged injuries sustained from an automobile accident in 1946.

Heads Legion Post

Paul Waller Hoye was named post commander of the local legion post on Monday night, succeeding Paul A. Turney.

Others named were DeCoursey Bolden, vice-commander; S. P. Dixon, 2nd vice-commander; Guy William Hinebaugh, finance officer; Earl Selders, sergeant-at-arms; Edward Kahl, adjutant; Fred Tichnell, chaplain; Mr. W. R. Browning, historian; Joseph M. Gonder, service officer. I. R. Rudy and Porter DeWitt were named on executive committee.

Jack Kight and Fred Bell, Jr., were named to attend Boys' State at Fort Meade for two weeks. Frederick Thayer was named by the fire company.

To Attend Youth Conference

Paul Ayres, son of Evangelists E. D. and L. S. Ayres, Deer Park, is leaving this week for Winona Lake, Ind., where a Youth for Christ conference, International, is to be held July 4 to 18.

Following this meeting the conference is transferred to Switzerland for a world conference during the month of August.

Expected To Be In Oakland Tonight

Senator Robert A. Taft

Reservations have been made at the William-James hotel this evening for Senator and Mrs. Robert A. Taft, who are enroute from Washington, D. C., to Cincinnati, Ohio. They were expecting to leave Washington at 4 o'clock this afternoon.

Senator and Mrs. Taft will spend the night here and will continue their journey to Cincinnati tomorrow.

Celebration Here Monday Attracting Bands and Firemen

At Least Ten Bands and Twelve Fire Companies Promise to Appear

More horns will blow and more drums will beat in Oakland on Monday, July 5, than ever before, if the replies received by the Oakland Fire Department can be taken as any indication

At least ten bands and one drum corps, with the probability of three other drum corps, will be in Oakland on that day for the mammoth Independence Day celebration being observed on Monday, July 5

Most of the bands are units of various fire companies throughout the tri-state area, and the bands will be augmented by at least twelve fire companies. Some of the companies will bring their apparatus for participation in the parade which will get under way at 1 o'clock, EST.

Information concerning the organizations which would appear here Monday were listed by T. J. Stanton, secretary of the Oakland department.

Bands will come from Keyser, Parsons, Fairchance, Grantsville, Salisbury, Westover, Lonaconing and Frostburg and a combination from Rowlesburg and Terra Alta, in addition to the Oakland band.

Fire companies will include those of Tri-Towns, Rowlesburg, Bowman's Addition, Cresaptown, Tunnelton, Belington, Kingwood, Thomas, Friendsville, Barton and Confluence, in addition to Oakland. The Bloomington Ladies' Auxiliary is also scheduled to participate.

Parade Route Given

The parade is to form on 4th, 5th and 6th streets, just off Oak, and will move down Oak to Third, Third to Crook, Crook to Second, Second to Alder, Alder to Third, Third to Oak, and Oak to carnival grounds.

Harrison Greater Shows

The Harrison Greater Shows are scheduled to arrive in Oakland today and will remain here until July 10, according to Stanley Reed, press agent, who is already on the scene. Mr. Reed was here previously with a minstrel show some 20 years ago.

He declares Mr. and Mrs. Harrison are the youngest show managers in the United States and that the carnival consists of 9 rides and 5 sideshows, containing 50 pieces of rolling stock.

The show also includes a group of monkeys and a high flying troupe formerly with Ringling and Barnum and Bailey circus, according to Mr. Reed.

The shows will open at 9 a. m. and will run continuously on Monday. There will be a fireworks display on Monday night at 11 o'clock.

The Oakland firemen and band will go to Terra Alta on Monday morning to participate in the parade there.

Machinist Burned

Peter Rowan, of Oakland, a machinist at the Baltimore and Ohio Railroad roundhouse at Keyser, received superficial burns about the body when a boiler he was helping to take from an engine fell, on Wednesday morning. He is in the Potomac Valley hospital at Keyser.

Celebrities To View Local Beauty Contest

Winner of Miss Cumberland Title and Miss Maryland of 1947 to be on Hand for Event

Several celebrities from Cumberland will attend the beauty contest sponsored by the Mt. Top Chamber of Commerce, Charles C. Briner, president of the organization, announced yesterday. They will include Miss Juanita Lookabaugh, winner of the recent "Miss Cumberland" title; Miss Jean Dixon, who copped first place in the "Miss Maryland" contest last year; and possibly two others, Miss Irma Jean Chambers, "Miss Frostburg of '48," and Miss Dixie Rafter who placed fourth in "Miss America" in 1947. The event will occur on July 8 at 8:00 p. m. in the high school auditorium.

Mr. Briner has also engaged Jack Moore, general director of the "Miss Maryland" committee in Cumberland, to introduce the contestants on Thursday night.

Three Judges from Cumberland

Three Cumberlanders have accepted invitations to act as judges. Mrs. Aurelia Becker, manager of WTBO radio station, Thomas F. Conlon, Sr., former mayor of Cumberland, and C. F. Helmick, branch manager of the General Adjustment bureau.

Thus far, two judges have been chosen from Oakland and include Mrs. Paul Naylor and F. E. Rathbun, county superintendent of schools.

Entertainment has been arranged for the evening, featuring William L. Gibson at the piano, Miss Betsy Phillips singing two numbers, and Miss Barbara Pollock, presenting a tap dance routine.

Beauty Is Not All

Beauty will be only part of the contest, Mr. Briner commented, with talent being slated for the main theme. The entrees will cross the stage twice, first in a bathing suit, then in evening gowns, displaying their respective proficiency on the second round.

Prizes will be awarded to all participants, the winner, of course, getting the "lion's share," Mr. Briner said. The prizes are furnished by several local business houses, and a complete list will be announced next week.

Miss Davis, a Recent Entrant

Miss Mary Jane Davis, daughter of Mrs. Lillian Davis, Oakland, recently entered the contest, being sponsored by the Democrat club.

She is, at present, a student at West Virginia University where she is majoring in journalism and will be a senior next year. She became interested in the profession when only a sophomore in Oakland high school, then upon graduation from George Washington high, in Alexandria, Va., she entered the University to continue the study. Her highest aspiration is to secure a position with the public relations department in an embassy overseas. She has made writing and traveling a hobby.

Miss Davis achieved membership to a women's journalistic honorary society at the U., Theta Sigma Phi, and is also a member of Alpha Phi sorority.

Since a requirement of the beauty contest calls for a display of talent, Miss Davis has chosen a three-minute talk on her career.

Patricia Ross, Another Entrant

Miss Patricia Jean Ross, sponsored by the American Legion Auxiliary yesterday, bringing the total number of entrants to four. Miss Ross is a daughter of Mr. Frank Ross, formerly of Oakland, and is now employed at a restaurant here in town.

She was graduated from Oakland high school this spring, having spent her first two years in Wheeling. She belonged to the dramatic club and the CTU there.

Miss Ross is talented in art, dramatics, and possesses an ability to sing.

New Assistant to County Agent's Office

Arthur L. Curtis, of Lawrenceville, Va., has been appointed to the post of assistant county agent for Garrett county, John H. Carter announced recently. Curtis replaces Joe Steger who was assistant for both Garrett and Allegany counties.

Although Curtis will work under John Carter in all fields, his specialty will be 4-H club supervision. He has had 5½ years experience in the extension serivce, mostly in counties of Virginia. He was graduated from VPI in 1942, is married and has a son. He plans to bring his family here when living accommodations are available.

Research Bureau Rates The Republican AAA-Plus

The Republican has been adjudged one of the "Best Weekly Newspapers in America," according to information received this week by this newspaper from the Community Research Bureau which has just completed an analysis of the weekly newspapers of the state for American Weekly Newspaper Publishers Council.

This newspaper was given a rating of "AAA plus," the highest rating given any weekly newspaper in the United States, after a careful impartial analysis of this newspaper along with other weekly newspapers of the state.

The newspapers were rated by an approved formula which considers four basic quality factors of the newspapers. Local news and editorial content were evaluated as an indication of potential reader interest. The volume of local advertising was measured to show acceptance of local advertisers. The newspaper's circulation was weighed for accuracy and included in the analysis as it indicates the coverage and acceptance by local people. The advertising cost per thousand families reached is considered a basic factor in determining the newspaper's rating as an advertising medium.

The weekly newspapers of the state were rated as part of a program to evaluate the nearly ten thousand weekly newspapers of America. Papers in several states have been rated and work is continuing in the other states.

This is one of a series of state weekly newspaper research continuing evaluation studies being made as part of the weekly newspaper research program of the American Weekly Newspaper Publishing Council, and independent organization of representative publishers of the better weeklies of America.

In expanding on the advertising cost per thousand families, the report showed that the average cost for 3-A papers was 16 cents, while a comparison with The Republican showed a cost of only .09 cents per thousand copies, certifying to a better coverage to the advertiser at less expense.

Only ten other newspapers in the State were given the 3-A plus rating, they being at Towson, 2; Bel Air, Ellicott City, Chestertown, Hyattsville, Silver Spring, Easton and Salisbury.

Three-A papers listed were Catonsville, Rockville, Centerville, and Snow Hill.

In the study, any circulation claims not supported by a published sworn postoffice statement are discounted 25 percent. ABC circulations are given a bonus rating of 25 percent for comparative evaluation, and each newspaper is rated against all other newspapers in the state on the basis of family coverage. Garrett county was listed with 4,955 families, with The Republican given a comparative rating of 4,280. Actual circulation figures, based on the last ABC report, totaled 3,424.

Lions Club Has Installation Service

Officers of the Oakland-Mt. Lake Lions club were installed at a regular meeting of the club on Monday evening. Clarence Fishpaw, Frederick, district governor, was the installing officer.

Those elected included Robert J. Stanton, president; Denzil Bowyer, 1st vice-president; Howard Naylor, 2nd vice-president; Lewis R. Jones, 3rd vice-president; B. Beeson Snyder, secretary-treasurer; John Treacy, tail twister; Robert W. Lohr, lion tamer. W. W. Nace and W. E. Spoerlein were named directors for two-year terms, while Dr. H. Robert Gibson was named for one year.

President Stanton appointed several committees. Herbert Leighton, retiring president, was presented with a past presidents pin and complimented upon his work of the past year.

Wild Flower Movies To Be Shown Friday

Moving pictures, in color and in sound, concerning wild flowers of the Alleghanies, will be shown at the William-James hotel on Friday evening following the regular meeting of the Oakland Rotary club.

The pictures were processed by the Eastman Kodak company and a firm in Hollywood. Portions of the films were shown at Morgantown several months ago at which time Dr. Joseph E. Harned was a special guest when he was informed that the picture had been dedicated to him.

A number of the flower studies were taken by Harry Strum, of Clarksburg, W. Va., who first became interested in flowers about four years ago through Dr. Harned. Mr. Strum will be present Friday night.

The pictures will begin about 7 o'clock, and wives of Rotarians and other interested persons are invited to attend. The showing will last about 45 minutes.

At last Friday's meeting of the Oakland Rotary club Dr. Denver C. Pickens relinquished the presidency to Reaford Purbaugh. Other officers who took over for the new year are Walter E. Dawson, vice-president; Logan Weber, secretary; and Earl Zepp, treasurer.

Three Car Crash Occurs Monday

Occupants of three cars involved in a crash near the intersection of Vindex road, about three miles north of Kitzmiller on Monday, escaped injury, Maryland State Police reported.

Trooper Robert Henline said a car driven by Orville Tasker, Vindex, stopped to make a left turn. The car behind him, driven by William Lohr, Oakland, also stopped, but the third car, operated by Ellis Harvey, Swanton, failed to stop in time and crashed against the rear of Lohr's car.

Financial Problems of School Program Under Scrutiny

The financial problems necessary for carrying out the proposed school building program, which were discussed at a meeting last Friday evening, will be gone over in detail at a conference in Baltimore tomorrow, it was announced through the office of the County Commissioners.

Attending the meeting in Baltimore with a law firm which specializes in legal opinions on bond issues, will be J. Edward Helbig and Jonas W. Sines, Commissioners; Neil C. Fraley, attorney to the Commissioners; R. Bowen Hardesty, assistant superintendent of schools; Howard C. Riggs, representing the advisory building committee, named in the legislation; and Dr. Thomas Pullen, Jr., state superintendent of schools.

Decision to meet with the Baltimore law firm was made following the meeting here last Friday night

At last Friday's meeting the proposed master plan was again outlined and the credentials supporting the program re-read. Three problems were pointed out by Mr. Hardesty; the need to accept or reject the program educationally; the need to study the financial problem wherein the state would furnish $300,000 per year for 26 years, with the county having to raise $100,000 per year; and that if no definite action was taken this summer the schools would not be ready in 1950, necessitating a two-session day in the high schools, where certain groups would come in the morning, and other groups in the afternoon.

Dr. Pullen praised the program for its forward look and stressed the need of a sound financial program, out of which grew the appointment for Friday in Baltimore.

Local Couple Held On Burglar Charge

Mr. and Mrs. Luther Savage, the latter, the former Mrs. Peg Shahan, are being held in the Preston county jail at Kingwood for burglary, deputy sheriff Kisner of Preston reported today.

An investigation is still underway, but authorities said they have found a washing machine, clothing, tools, and tires that the two have allegedly stolen. Kisner stated that from the evidence already obtained, more than the two are involved. The authorities got their first clue on last Wednesday.

The two will be given a preliminary hearing, possibly this afternoon, Kisner said. No further arrests have as yet been made.

Kamp Reunion

The annual reunion of the Kamp family will be held this Sunday, July 4th, at the home of Mr. and Mrs. Loraine Otto, New Germany. All relatives and friends are urged to attend.

ELEVEN TEACHER APPOINTMENTS ARE ANNOUNCED

Joseph Sollars Named Principal of Oakland Elementary School, to Succeed Merle Frantz

Eleven teacher appointments were announced this week by F. E. Rathbun, county superintendent of schools, among them the appointment of Joseph P. Sollars as principal of the Oakland Elementary school. Five new ones were named to Oakland High school and two to Grantsville High school.

Mr. Rathbun declared that about all of the vacancies existing in the teaching staff of the county had been filled and that a complete list would be published within the next few weeks.

Sollars, former resident of Oakland and son of Mrs. Mabel P. Sollars, will succeed Merle D. Frantz, principal for the last six years, who will be a teacher in the Friendsville school.

Sollars, who formerly taught in Kitzmiller, has been attending West Virginia University at Morgantown following service in the United States army. He was recently awarded a master's degree in his preparation for the profession of teaching and has lately been working upon his requirements for a doctorate degree.

Other announcements by Mr. Rathbun included:

Bruce G. Jenkins, transferred from Oakland elementary to principalship at Crellin.

Josie M. Iden, former Crellin principal, to assistant teacher in Oakland Elementary.

Patricia A. Morford, graduate of West Virginia university in June to teach physical education and social studies in Grantsville High.

John E. Lantz, graduate of Fairmont Teachers college in June, to teach physical education in Grantsville High.

Julia F. Morrison, graduate Fairmont State Teachers college in June, to teach physical education in Oakland.

Kyle W. Wilson, graduate of Fairmont State Teachers college in June, to teach physical education in Oakland High.

Marion Davis, graduate of Fairmont State Teachers college, to teach fine arts in Oakland High.

Anna Lee Mouser, graduate of Fairmont State Teachers college in June, to teach English and social studies in Oakland High.

Clarence J. Gump, graduate of Fairmont State Teachers college in June to teach Latin, English and social studies in Oakland High.

Rain Fell Nineteen Days During June

And it rained!

It rained 19 days during June for a total of 5.99 inches. But it wasn't a record, a total of 6.27 inches have fallen during June of 1942, according to records at the government station at Weber's.

Severe windstorms, hail, and electrical storms were experienced upon several occasions, the most recent windstorm being last Thursday when boats and docks on Deep Creek Lake were smashed and banged around considerably.

Last week there was a total rainfall of 1.01 inches, which occurred on five days. Highest reading was 87 on the 29th, with the low being 58 on the 27th.

Bass Season Gets Under Way Today

Maryland's bass season got under way this morning, July 1, and the trout season will close on July 15, it was announced by the State Game department.

Due to the overlapping of seasons both bass and trout may be taken from July 1 to 15, but trout may not be taken legally after July 15.

The bass season will end November 30.

Deep Creek Lake in this county is said to be the No. 1 bass water in Western Maryland. From 1944 to 1947 approximately 100,000 large fingerlings were placed in the lake.

The minimum size of legal bass to be taken from Maryland streams is 10 inches. The creel limit is ten per day. There are no restrictions on the hours for bass fishing.

Remains of Two War Dead Being Returned to County

Remains of two Garrett county soldiers are among the 5,374 Americans who lost their lives during World War II which are being returned to the United States from Europe aboard the U. S. army transport Lawrence Victory. Arrival of the vessel at New York is to be announced.

Armed forces dead originally interred in temporary military cemeteries in France, Luxembourg and the United Kingdom are among those being brought back to this country. A total of 78 remains are being returned upon instruction of next of kin residing in Maryland.

Those being returned to Garrett county are the remains of 2nd Lieut. Clyde R. Custer, army air force, son of Mr. and Mrs. Thomas Custer, Accident; and Pvt. Willis T. Frantz, army, son of Mrs. Martha E. Frantz, rural route, Friendsville.

Next of kin may elect to have remains returned to U. S. for burial in a private or national cemetery or may request interment in a permanent American military cemetery overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

Celebrate Birthday

George W. Dunham celebrated his 91st birthday at his home here Saturday, June 26th. Mr. Dunham is in good health and makes his daily trips to town. He was a former mail carrier and school teacher. His wife will be 89 years old on October 8th. They have been married since July 1879 and will celebrate their 69th wedding anniversary this month. Five children were born, two passing away, a son, Playford, and a daughter, Ethel. Those living are Everett Dunham, Uniontown, Pa.; William and Orland Dunham, of Friendsville; four grandchildren and four great grandchildren.

Both are members of the Friendsville Methodist church.

To Wed Today

AURORA-EGLON

Relatives here were saddened by the death of Arnold Werner which occurred June 24 in California.

Mr. and Mrs. Lace White and Mrs. Lephia Gustafson, all of Eglon attended funeral rites for the former's brother, Forrester White, Monday at Terra Alta. Mr. White was a former mail carrier in this area and his tragic death was a shock to his many friends.

Rev. D. B. Spaid, Eglon, was called last week to conduct last rites for the 16-year-old son of Mr. and Mrs. Warner Hanlin, of near Mt. Storm, who died of complications following an operation for appendicitis in a Keyser hospital. He was one of a family of thirteen children and his was the first death.

Beatrice Wilhelm, daughter of Mr. and Mrs. Claud Wilhelm, Aurora, and Deloris Calcamp, daughter of Mr. and Mrs. Gus Calcamp, of Horse Shoe Run, each underwent a tonsil operation last Thursday at an Elkins hospital.

Mrs. Lela Roth is ill and confined to her bed at her home near Eglon.

Sue Ann is the name given to the little granddaughter of Mr. and Mrs. Thomas Simmons, born at their home near Aurora, June 26.

Mr. and Mrs. Lloyd Knotts and family, of Akron, are visiting relatives in this area. Mrs. Knotts is the former Beryl Harsh, daughter of Mrs. Harsh and the late Henry Harsh. The Henry Harsh family reunion will be held Saturday at the home of Mr. and Mrs. Willis Harsh, of Stemple Ridge.

A district round table meeting was held Sunday afternoon at Maple Spring church by the young people. This was followed by evening services, and both were well attended.

A very valuable milch cow belonging to Lester Wilt was found dead in the pasture field one morning last week. She had been fresh only four weeks and the cause of her death is not known.

Miss Nancy Dennison, daughter of Mrs. Grace Dennison and the late Lawrence Dennison, of Aurora, and Denzil Kight, son of Mr. and Mrs. Theodore Kight, of Horse Shoe Run, were married last evening at the home of the bride.

Mr. and Mrs. A. W. Fike moved this week to their newly remodeled home at Eglon. Their youngest son, Earl, purchased their farm and also moved this week from Davis.

Mrs. Elma Helmick, of Fort Ashby, and Mr. and Mrs. Jesse Arnold, of Moorefield, were Sunday guests of relatives in Eglon. Mr. and Mrs. Arnold and son were on their return trip from Colorado Springs where they had attended the annual Conference of the Church of the Brethren.

Mr. and Mrs. William Loy and little daughter, of Springfield, Ohio, came last Saturday to the home of Mrs. Loy's parents, Mr. and Mrs. Amaziah Johnson, at Aurora. They returned to their home Tuesday.

Much cleaning, papering and repair work is being done on the Eglon parsonage preparatory to the moving of the pastor, Rev. Robert Byrd and wife. The Byrds passed through one day last week leaving some personal belongings and are expected to move this week.

COVE

Mrs. Edward Riley

A number of friends from here attended the funeral of Mrs. Lucy Riley, wife of Edward Riley, at Addison, Pa. Saturday afternoon. Mrs. Riley had been ill for some time and was formerly of Cove section. About 2 months ago she was taken to the home of her son-in-law and daughter, Mr. and Mrs. Dale Rees in West Virginia. One other daughter, Mrs. Hayden Wolf, of Friendsville, also survives.

Mr. and Mrs. Sherman Getterman announced the birth of a daughter at their home on June 22.

Mr. and Mrs. David Green and son Stanley, and Miss Eleanor Groves, of LaVale, were Sunday guests of Mr. and Mrs. Edward Hockman.

With Our Men In The Service

Robert Lee Glotfelty, son of Mrs. C. I. Wright and the late Jonas C. Glotfelty, is stationed at Norfolk, Va., where he is studying radio. He joined the Navy January 19, 1948.

Excavation Begins On Modern Food Market

The process of excavation began last Thursday afternoon for a modern food market in Oakland, being built by the owners of Browning's store. The proposed structure will measure 40 by 100 odd feet, and will be equipped with four check-out stations for future patrons. A drive-in parking area has been planned for in front of the building and another at the side.

The market will be located across Third street from the Craig Motor company, and construction will begin immediately, it was reported.

Occupancy of the Hesen Service garage, now rented from Cheston H. Browning, will be required by September 1, the property to be included in the market plans.

The construction of a new garage is being contemplated by the Hesen interests.

T/5 Theodore Stockslager, with the 521st Engineers in Germany, has recently been transferred from Hoechst to Frankfurt. He and a group of buddies went on a wild boar hunt and bagged one weighing about 100 lbs. It was promptly cooked and eaten on the spot. That is by all save the Oakland farm-reared lad. His terse comment was "these guys don't know how to butcher a hog."

Junior Legion Plans Two Games During Week

The American Legion Junior baseball team has planned two games for the week. Tomorrow the team goes to Westernport and on Tuesday the members will play Kitzmiller on the local diamond.

Kitzmiller won at Kitzmiller 5-2 on Tuesday in a no-hit contest, while Lonaconing was winner here on Monday 18 to 8.

CRELLIN

Mr. and Mrs. Ben DeWitt, of Oakland, called on Mr. and Mrs. John DeWitt, Thursday.

Miss Mattie Kendall, of Meyersdale, Pa., visited Mrs. Edna Wright several days last week.

Mr. and Mrs. Dale Bittinger, of Ohio, are visiting Mr. and Mrs. Dewey Bittinger and their relatives.

Mr. and Mrs. Homer Wright left Saturday for Georgia where they will visit the former's mother and relatives.

Miss Twila Carskadon, of near Keyser, W. Va., spent several days last week with Joan Carskadon.

Mrs. Bertha Adams has been ill at her home for several days.

Bobby Shaffer, Jackie and Freddie Colan and Wayne Graham returned Friday from a week's camping trip.

Presented With Watches

At a meeting of Cumberland and Allegheny Gas company officials and employes on Thursday, June 17, at the Ali Ghan Shrine club in Cumberland, Carl Stone was presented with a watch for 25 years of service with the company. Mr. Stone, local manager in the Oakland area, actually has been in their employ for thirty-three years.

R. R. Gilbert, Elkins, W. Va., former manager of the Oakland office, also received a watch for his service. They were two of 21 persons who were so honored.

Prior to that she taught in Garrett county schools and resided in Oakland. Mr. Troy is a food bacteriologist for the American Can company, Chicago. They will reside in Oak Park.

Lang-Davis—Miss Esther Lou Davis, of Cleveland, Ohio, daughter of Mr. and Mrs. Delbert M. Davis, Sr., Salisbury, Md., and former residents of Oakland, was married on Saturday, June 26, to Mr. Ervin Lang, also of Cleveland.

The wedding took place in Zion Lutheran church at 6 p. m., the double ring ceremony being used.

The bride was given in marriage by her father. She was attired in a gown of white satin, with sweetheart neckline, long pointed sleeves and finger length veil. She carried a bouquet of orchid and stephanotis.

The bride had as her attendants, Mrs. Howard Williams as matron of honor; Mrs. Elmer Stewart, Mrs. Fred Kennedy and Miss Alma Lang, sister of the groom, as bridesmaids. Miss Lillian Lang, sister of the groom, and Miss Charlotte Davis, sister of the bride, were junior bridesmaids. The attendants wore pastel shades of taffeta and carried bouquets of several kinds of flowers.

Maurice Davis, of Salisbury, brother of the bride, was best man. Howard Williams, Elmer Stewart and Fred Kennedy were ushers.

Following the wedding a reception was held at the Slovenian Workmen's Hall where dinner was served to over 200 guests. At midnight the bride and groom left for a honeymoon in Canada.

Sharps-Paynter—Miss Sybilla Jane Paynter, daughter of Mrs. Carl Marshall Paynter, of Oakland, and the late Mr. Paynter, was married at Salisbury last Saturday morning at 11:30 o'clock, to William Edward Sharps, son of Mr. and Mrs. C. E. Sharps, of Oakland.

The Rev. Nelson M. Gage performed the double ring ceremony in St. Peter's Episcopal church. White gladioli on each side of the candlelighted white altar were the only decorations.

The bride was given in marriage by J. K. Valliant, of Berlin, a close friend of the family. She wore a light blue street length dress featuring a yoke and peplum of appliqued lace and a navy blue picture hat. She carried a colonial bouquet of white roses centered with pink ones.

Mrs. Della Hotton Schantz, Salisbury, was matron of honor and her only attendant. She was in pale pink with a matching hat and navy accessories. Her colonial bouquet was white roses and blue delphinium.

James J. Helbig, of Oakland, was best man. Traditional wedding music was played by Miss Frances Hopkins.

A wedding breakfast for the families and a few close friends followed in the Wicomico hotel. After a week's honeymoon in New York City Mr. Sharps and his bride will return to Oakland where they will reside at 70 Oak street.

Mrs. Sharps, a Wicomico High school graduate, is also a graduate of Duke university. She is a member of the faculty of Oakland High school where she has taught for the past six years and where she will continue to teach this year. Mr. Sharps is a graduate of Oakland High and Mountain State Business college, Parkersburg, W. Va. He is associated with the Sharps Motor company in Oakland. He was in the Navy during the recent war, serving three years and being honorably discharged with the rating of first class quartermaster.

Mayfield-Fitzwater—Mr. and Mrs. William Fitzwater, of Swanton, announce the marriage of their daughter, Ruth, to Mr. Robert C. Mayfield, son of Mr. and Mrs. Curry Mayfield, Brazil, Indiana.

The double ring ceremony took place on June 20 at 12:30 p. m., at Bethel Pentecostal Tabernacle, Washington, D. C., with the Rev. Harry V. Schaeffer, pastor, officiating.

The bride was attired in a white suit with white accessories and wore an orchid corsage. Miss Lorena Fitzwater was her sister's maid of honor and wore a blue dress with white accessories and an orchid corsage.

Mr. Russell Keesey, of Washington, served as best man and the Messrs. John Sindorf and Gary Majors were ushers.

Immediately after the ceremony a reception was held at the home of Mr. and Mrs. David DeLong, friends of the bride.

The bride is a graduate of Oakland High school and Zion Bible Institute, East Providence, Rhode Island.

The groom is a graduate of Brazil, Ind. High school and attended Indiana State Teachers college and Indiana University prior to enlisting in the Navy. He served in the Pacific area during World War II.

Following a wedding trip to New York City the couple will reside in Springfield, Missouri, where they both will attend Central Bible Institute and Theological Seminary.

Named to Synod Committees

Garrett county individuals were among those named to various committees by Rev. George W. Schillinger, Charleston, newly elected president of the West Virginia Synod of the United Lutheran Church in American.

Rev. Curt H. Runze, Bittinger, was made a member of the examining committee for three years, and he was also made chairman of the publications committee. Rev. Luther L. Hare, Oakland, and Dr. A. K. Jones, Red House, were also made members of this committee, and Rev. Hare was named chairman of the committee on stewardship and benevolence. Robert Glotfelty, Accident, was named to the social missions committee.

Emory Bus Line To Resume Operation

A satisfactory adjustment of the dispute between the Emory Motor Coach Lines and Local 1110, Amalgamated Association of Street, Electric Railway and Moter Coach Employees of America was affected early yesterday morning, it was announced by Mrs. Margaret W. Kimble, deputy commissioner of the State Department of Labor and Industry.

The bus line ceased operation on May 5 after union members went on strike in protest of action taken by Emory against one of the drivers who was charged with reckless driving in McCoole.

Although the line has begun its regular schedule in other parts of the State and West Virginia, no definite word has been received by the local station at Hesen's garage when transportation in this area might resume. It was stated by Robert Hesen, however, that buses would probably begin moving in the near future. Lines yesterday? herK

MEMBER AUDIT BUREAU OF CIRCULATIONS

THURSDAY, JULY 1, 1948.

WE FEEL HONORED

We felt honored this past week when we received a significant certificate which shortly will be placed on the office wall.

The certificate states that this newspaper has been analyzed and rated against other newspapers of the state, and given a rating of 'AAA-plus," the highest rating given any newspaper in the United States. Only ten other newspapers in Maryland were given such a rating, the balance of them being graded 2-A, A, B and C.

This newspaper was evaluated with the same basic formula and with the same careful and impartial analysis which are being used to rate the other weekly newspapers in the nation. The evaluation studies are made by Community Research Bureau, an independent research organization.

Members of the newspaper staff make every effort, from week to week, to give their readers the best paper possible, with a thorough coverage of important news events, editorial comment on current topics, and a good coverage of advertising of local business people and national items. While we make no practice of blowing our own horn, it is gratifying to know that an impartial analysis of our efforts shows that a good job is being done

We will continue to make every effort to give our readers a better newspaper than ever before.

THE PUBLIC LAST

At this particular time when various agencies are stressing safety campaigns, we wonder at the outcome of a bus strike which apparently is now settled.

According to information gathered from daily newspapers a bus driver was laid off for driving in a reckless manner. If this fact was true the bus line owner had a perfect right to protect the safety of the public. But if the facts gathered are correct, the driver's fellow union members refused to drive other buses until he was re-instated, regardless of why he was laid off.

It now appears the man was re-instated and buses are running. This puts the people who ride those buses open to additional hazards of various kinds, and places the bus owner in a most dangerous position. It doesn't shed any favorable light either upon a union that will strike for a reason that is so definitely a menace to the public.

In fact all the way around it looks like "to heck with the public and an individual's safety."

Oakland to Enforce Old Dog Ordinance

That Oakland would enforce its dog ordinance to its fullest extent, was announced yesterday by Joseph W. Hinebaugh, Mayor.

Mr. Hinebaugh said that numerous complaints of dogs tracking up gardens, porches, flower gardens and lawns had been made by citizens that it was necessary to take some definite action.

A notice is being issued that beginning Monday, July 5, any dog found at large would be impounded, and that the law would be strictly enforced.

New Meter Regulation

Mr. Hinebaugh also stated that he had heard many favorable comments about the new regulation concerning the parking meters and asked for full cooperation of the people so that the regulation, now on 60-day trial, might be made permanent.

The town is now using courtesy cards instead of traffic court orders, which are taken to a local business establishment and deposit with the nickel parking fee which has been overlooked by the visitor.

Mr. Hinebaugh said that many were cooperating and were grateful for the courtesy shown.

Governor Lane appointed a 15-man commission to examine Maryland's public welfare program.

Free Act Aerialists

MILLER FAMILY

The schedule of activities on the show grounds during the week of celebrating the Fourth, has but one fixed hour, and that has to do with the free aerial act.

Four o'clock Monday afternoon marks the appearance of the Miller Family in an aerial exhibition. Other appearances of the troupe, which are to be twice daily, will be announced on the grounds from time to time.

NEW GERMANY

Homemakers Club met on Thursday at the home of Miss Zella Broadwater. Two reports, one on Towels by Mrs. Wilmer Hummel and the second by the club president, Mrs. Blayne Shunk on the Frozen Foods school held recently in Grantsville. Refreshments were served by the hostess.

Mr. and Mrs. A. C. Broadwater and two sons and Miss Ruth Shultz, of Salisbury, Pa., visited relatives here on Sunday.

Guests of Mr. and Mrs. S. L. Otto this week are Mr. and Mrs. Thomas Merrill and family and Miss Betty Otto, all of Baltimore.

Mr. and Mrs. A. J. Fresh, Cumberland, were dinner guests of Mr. and Mrs. George Hummel.

Mr. and Mrs. Eugene Harris left on Monday for Springfield, Mass., where the former will enter college for the summer session.

Mr. and Mrs. Loraine Otto and daughter Helen, visited Mrs. E. E. Sollars in Deer Park, on Sunday evening.

Mr. and Mrs. Roy Jenkins and sons, of Cresaptown, and Mr. and Mrs. Myles Livengood and family, Swanton, were visiting Mr. and Mrs. Ralph Jenkins and Mr. and Mrs. Ray Jenkins, Sunday.

President Truman signed the peacetime draft bill and two appropriation measures that give over ten billion dollars to the army, navy and air force.

Delbert Davis to Head Drive In Salisbury

Delbert M. Davis, cashier of the First National Bank here for a number of years, and interested in civic affairs while in this area, has been elected president of the Community Fund of Wicomico county at the annual meeting of the directors and members in Salisbury last week. With a new slate of officers he will begin plans for the fifth annual campaign of the fund this fall.

Mr. Davis is now cashier of the Salisbury National Bank, having left Oakland in November, 1945.

MRS. ED. ALEXANDER

Word was received by relatives here concerning the death of Mrs. Ed. Alexander which occurred in Akron, O., on Wednesday.

The Alexander family had lived in the Rock Lodge area until about fifteen years ago when they moved to Akron. She was formerly Miss Margaret Bender, of near Bittinger.

Surviving are her husband, four sons and two daughters; and a brother, Mahlon Bender, of near Bittinger.

Funeral services are to be conducted on Friday from an Akron funeral home, and interment will be at Akron.

Over 400 Singers Will Take Part In Arthurdale's Festival

What is believed to be the largest assemblage of choral talent ever to prepare a single program in this part the Tableland will sing in connection with the Eleventh Season of the Mountain Choir Festival Association.

There will be two programs, one on Sunday afternoon from two to four in the Gym at Arthurdale. And that same evening, Sunday, July 25, the final program of festival choruses, inspiring hymns and modern litanies. The University Symphony Orchestra, under the direction of Kenneth Wood, will play at the beginning and conclusion of the evening Festival. It will also assist the Festival Choir in two large choruses of Brahms and Holst, under the direction of the Rev. Felix G. Robinson.

The music to be sung this year will be new to the public as it is to the choristers. With one exception the choruses selected for this occasion have been composed within the past twenty years. The American composers represented are: Henry Holden Huss, Harvey Gaul, Randall Thompson and Ferdinand Kuehn. Of these four, three have written especially for the Festival Choir of The Mountain Choir Festival Association—Henry Holden Huss wrote two numbers, the first being given its premiere in Mt. Lake Park, in 1935. Harvey Gaul dedicated his "Christ of The Fields and Flowers" to Felix Robinson and The Mountain Choir Festival. This work was given its premiere in 1938. Both were broadcast over NBC coast-to-coast net works. The two numbers by Ferdinand Kuehn, Baltimore composer, are evoking considerable interest. They represent a new art-form in choral composition. "I Cor. 13" was composed the summer of 1940 and "Pledges To Freedom" was composed in December, 1947. This will be their first performance by the Festival Choir.

The European composers represented are: Johannes Brahms, Gustav Holst, Zoltan and Harold E. Darke.

MARRIED

Hite-Edwards—Mr. and Mrs. Harry C. Edwards, Grantsville, announce the marriage of their daughter, Miss Rita Clarice Edwards, to Earl Gordon Hite, son of Mrs. Ethel G. Hite, Cumberland, and the late Earl Hite.

The double ring wedding ceremony was solemnized June 27 at 2 p. m., by Rev. D. J. Combs, in the Grantsville Methodist church. Mr. and Mrs. Cecil Edwards, brother and sister-in-law of the bride, were their only attendants.

The bride was attired in a light blue street length dress with which she wore white accessories and an orchid corsage. Her matron of honor wore a brown floral print dress with white accessories and a corsage of pink rosebuds.

The bride is a graduate of Grantsville High school, class of 1945 and was a member of the graduating class of Allegany hospital School of Nursing on June 16. She will be employed on the operating room staff.

Mr. Hite attended Fort Hill High school and is a veteran of two and one half years with the U. S. Navy. He is associated in business with Mrs. Dora Bucklew.

Mr. and Mrs. Edwards entertained with a reception honoring their daughter and her bridal party at their home following the ceremony.

ACCIDENT

Fourth of July Celebration

The second annual Fourth of July picnic under the auspices of the Accident Volunteer Fire Department will be held on Monday, July 5. There will be a parade at 10:00 a. m. and a band concert following. Refreshments and lunches will be sold on the grounds.

Robert Miller, son of Mr. and Mrs. Lloyd E. Miller, who returned to his home several weeks ago from the University of Maryland, has accepted a position at a summer resort on Lake Ontario near Clayton, New York.

Church services for the Accident Lutheran Parish for Sunday, July 4, will be as follows: Accident, 11:00 a.m.; Cove, 9:30 a. m.; Friendsville, 7:30 p. m. Mr. Melvin Keller, Connellsville, Pa., will deliver the address at each place.

Mr. and Mrs. Russell Laraway and daughter, Markleysburg, Pa., were dinner guests of Mr. and Mrs. Ross Speicher one evening last week. The Speichers attended the Clister-Laraway wedding on Sunday evening in the Markleysburg Church of the Brethren.

Recent guests at the B. O. Aiken home were Mr. and Mrs. S. C. Lyon, of Northside, North Carolina, and Mr. Ralph Aiken who was enroute from Chicago to his home in Washington, D. C.

Sunday guests of Mrs. W. A. Speicher were Mr. and Mrs. Floyd Zehner and son, Somerset, Pa., and Mr. and Mrs. Lawrence Brenneman, Bittinger.

Miss Margaret Aiken is spending a week with the Allegany County Girls' 4-H club at the Pleasant Valley Recreation area near Bittinger.

BITTINGER

The Accident baseball team and the Bittinger team matched their skill on the Pleasant Valley diamond last Sunday afternoon. The contest was interesting and resulted in a score of 30 to 7 in favor of Bittinger.

A group of 120 Four-H girls from Allegany county are encamped in Pleasant Valley Park this week, under the supervision of Miss Bean.

Mr. and Mrs. Walter Beitzel and two daughters, of Wadsworth, Ohio, visited relatives here last Friday and Saturday, returning to their Ohio home on Sunday.

Mrs. Ernest Brenneman, who underwent a major surgical operation in the Memorial Hospital in Cumberland last week, is reported to be recovering satisfactorily.

Mrs. Susan Schrock, of Miami, Fla., is spending the summer at the home of her sister-in-law, Mrs. Silas C. Beachy.

Dr. N. R. Davis, of Grantsville, was called to this community last week, to attend Mrs. Amos Reckner who is ill at her home.

Mrs. Joe Buckel and children were guests of Mrs. Luther Beachy, of near Jennings, last Sunday afternoon.

Miss Huldah Stark, of Akron, O., is spending a few days with relatives here.

William McIntire, of Philadelphia, was a guest of Rev. and Mrs. C. H. Runze, at the Lutheran parsonage, last week.

DEER PARK

Mr. and Mrs. Rufus Shipps and family visited Mr. and Mrs. Grover King over the week-end. Eugene Sweitzer returned to Elkins, W. Va. with them and will be employed there.

Miss Shirley Louise Shipps is spending the summer months with her aunt, Mrs. Betty Sweitzer, of Deer Park.

E. B. King was visiting his brother, Grover C. King, at Deer Park.

A mobile striking force of 18 infantry and armored divisions is planned for the army by 1949. Six of the divisions will consist of national guard, all fully manned and equipped.

Have More Fun This Summer; Learn to Dance

On Wednesday, June 30, at the Pauline Bennett Dance Studios, located at Camp Nemacolin, on Glendale Bridge road, will begin classes in ball room dancing. The classes for teen agers will be held on Wednesdays, beginning at 2:15, for a period of an hour.

It is hoped that young people between ages of 10 and 12 years, and adults will also be interested for which arrangements can be made for their respective age groups.

This is GARRETT COUNTY:

The Lakes of Garrett

As a vacationland, Garrett county is complete with not only the much-publicized Deep Creek Lake, but eight others as well. Three of these are private, but the remaining six furnish recreation in plenty for the leisure-hungry public. Two of the lakes are in state parks, one in the Pleasant Valley recreation area, another backs into Garrett from Pennsylvania, a fifth at Mt. Lake Park, and the largest of all—Deep Creek. All are fresh water lakes, six supply fish to the angler's hook, every one provides relaxation that comes from a cool swim on a warm day. And several are at the unusual height of 2,400 feet.

Deep Creek Lake

Foremost in the county, and one that Garrett citizens are justly proud, is Deep Creek Lake, situated only ten miles from Oakland on Route 219. It has been boasted of as the largest body of fresh water in the tri-state area since its construction in 1925. It innundates 4,500 acres of land, is 12 miles long, a maximum of 1½ miles wide, and circles 72 miles of shore line.

All types of sports are found in its waters with motorboating, aquaplaning, water skiing, sailing, fishing, and swimming heading the list. A yacht club located on the upper end, known as the "Turkey Neck" section, features sailboat races almost every week. Several commercial establishments along the road provide meals, boating, and lodging facilities for the ever increasing tourist population. Hundreds of boats, from kayaks to launches, stream across the waters. Over 300 cottages are scattered along the shore line. But the possibilities for development of the area have barely been unleashed.

Pleasant Valley Recreation Area

Another public lake is contained in the Pleasant Valley recreation area which is owned by the Extension Service of the University of Maryland. It is located near Bittinger. The lake covers approximately 30 of the 1800 acres, has a dock and bathhouse for the convenience of swimmers. Numerous picnic tables and fireplaces dot the resort, and it was reported by county agent John H. Carter, who is in charge, that hundreds of people come for week-end picnicking. A 40 x 60 pavillion and baseball diamond are included for the public's enjoyment.

The county 4-H camp is also located here and consists of 15 cabins, a camp lodge, boat house, and bathing area. About 120 campers can be housed in the camp, boat house, and bathing area. About 120 campers can be housed in the camp which is rented to any responsible organized group at $15 per week. Mr. Carter said the camp was booked solidly until September 4, and cannot be used after cold weather arrives.

The camp is named Algawa, representing Alleghany, Garrett, and Washington counties. The term was coined some years ago by Bruce Jenkins, now an instructor in the local elementary school, who entered the name in a contest and as winnner was awarded a scholarship.

The area is open from dawn until 10:00 p. m.

New Germany and Herrington

Two of the state forests in Garrett harbor lakes in their lush growth of pine and rhododendron, one being the Savage River state park, at New Germany near Grantsville, and the other Herrington state park, about 4 miles west of Oakland.

Commonly known in part as New Germany recreation area, Savage River park contains 51,000 acres of timbered mountain land, under the supervision of state forester M. G. Martin. This tract is the largest state development in the county.

Along with a 13 acre lake, there are 10 cabins for campers, a ski lodge fitted for 50 people, picnic tables, hiking trails, and two ski slopes. The beach around the lake has been cushioned with sand, and the water stocked with trout. The cabins are completely furnished, including

The nine lakes of Garrett county, reading from left to right and starting at the top, include: Lewis Dam, the oldest in the county; Lake Koshare, built and named by Dr. Henry McComas, now owned by Frank Hansen at Camps Whitethorn and Minnetoska; Herrington Lake, part of Herrington State Park; Todd's Dam, a private trout fishing lake; New Germany, located near Grantsville; Pleasant Valley, owned by the Extension Service of the University of Md.; Mt. Lake Park Lake, ideal for ice skating in winter; New Somerfield dam, a Pennsylvania dam that backs 3½ miles into Garrett county; and Deep Creek Lake, the largest in the county, innundating 4,500 acres of land. —Republican Staff Photos.

firewood and 200 pounds of ice. Forester Martin declared that all the equipment a camper must bring is "a toothbrush and a cake of soap."

Another development of the same park is located about 9½ miles south of New Germany where there are 13 cabins for rental purposes, again fully equipped. The six-room cabins rent for $35 per week.

There is also an overnight trailer ground in the area which accommodates not only trailers but has platforms and cots for 24 tents.

One of the newer lakes is Herrington lake, completed by the CCC in 1939. It is perhaps the third largest lake in the county, being topped only by Deep Creek and the Garrett section of the new Somerfield dam.

Being under the supervision of state forester Harry Hartman, the park boasts ownership of 10 log type cabins of low rental, a modern stone bath house, numerous boats, and an ideal beach for sun-tan enthusiasts.

Mt. Lake Park Lake

The Mt. Lake Park Association built the present Park lake back in the late eighteen hundreds, to be used by the summer patrons who came to the Park. It was used, and still is, for ice skating in the winter, although several years ago the ice was cut and used by the B. and O. railroad. The lake formerly had many facilities for the vacationer, but because of a loss of interest in the Park, it suffered deterioration. A bath house once stood on the island in the upper end of the lake, the ground supports are now all that remain of the bathhouse, a bridge connecting the bath house and dock to the mainland is gone. Only the fact that water is still impounded there is cause for mention, although it is a convenient place for the local populace to swim.

New Somerfield Dam

The newest lake in the county came into being this summer as a result of a dam across the Youghiogheny river near Confluence, Pa. While the dam is not in Maryland, the lake created backs up two miles north of Friendsville. All in all, it covers about 3½ miles of county territory.

The purpose of the dam is flood control, impeding the Yough which is a threat to Pittsburgh during the spring rains. Whether or not the lake will remain at a stationary level is not known, but already a number of motorboats are plying its waters, and a few cottages have sprung up along the shore. The entire body is eleven miles long.

Private Lakes

Of the nine lakes, three are privately owned: Todd's Dam, Lewis Dam, and one at Camps Minnetoska and Whitethorn.

Todd's dam was built by the late James Todd of Pittsburgh in 1918 and impounds Puzzley Run near Keyser's Ridge. It covers about 20 acres of land and is used by friends of the present owner for trout fishing.

Lewis dam is the oldest in the county and situated on Muddy Creek, about 10 miles northwest of Oakland on the Cranesville road. The dam was built in about 1890 by Joseph Lewis who operated a grain mill near the present spillway. It now belongs to the Lewis heirs who use it for boating and fishing. The lake is over a mile long, with its headwaters in West Virginia.

Lake "Kosharc," the one at Camps Minnetoska and Whitethorn, was built and named by Dr. Henry McComas in about 1924, the name referring to an Indian word for "I found it." The present county surveyor, C. Milton Sincell, and an engineer from the construction company which built Deep Creek, planned and built the dam for Dr. McComas. It innundates 15 acres of ground and is located 7 miles west of Oakland at a summer youth camp owned by Frank Hansen, of Baltimore.

The architectural beauty and stateliness of the Capitol at Washington are widely acclaimed as the eyes of nations are focused upon it in this period of world tribulation.

The Capitol is far more than the materials that went into its construction. It is far more than the design of the architects or the skill of the artisans that lifted its proud dome into the heavens.

It is the heart of the nation and represents the blood and tears of wars and revolutions, the toil of its workers, the wisdom of its statesmen, the bravery of its soldiers, the patriotism of its citizens, the faith of a great people.

America was built upon a foundation of faith—faith in God, in freedom, and in right. That faith has been fostered through the years by the churches of our country. Today we might well write upon the facade of our beautiful Capitol, "Blessed is the Nation whose God is the Lord."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Oakland Amvets Cop 7th Straight

Oakland Amvets and the Kitzmiller Vets stayed on the heels of the pace-setting Shallmar team by winning Sunday games in the Upper Potomac Baseball League.

At Loch Lynn the Oakland team extended its winning streak to seven games by walloping the home team to the tune of 8-2. Oakland pounded out 18 hits. Ted James had four, Sharpless three, with Compton collecting two doubles and a single. Bob Glaze hit safely three times and drove in four runs and also pitched six-hit ball for Oakland. He fanned six. Four of Loch Lynn's blows were shared by Stewart and C. Calhoun.

Crellin broke a five-game losing streak by defeating Elk Garden 8-3. Nordeck Shaffer, Don Williams, Harry Sanders, Darrel Lewis, Dorsey Ashby and Denver Sanders banged two hits apiece.

Kitzmiller took Klondyke into camp at Kitzmiller 6-4. Droppleman of Kitzmiller got two hits and Comp of Kitzmiller got a double.

Shallmar retained its one-half game lead by nosing out Swanton 4-3.

This afternoon the Amvets will play Elk Garden on Fike's field. On Sunday they will play the Kingwood Bombers, and on Monday there will be a double header with Klondyke on the local diamond.

IN MEMORIAM

In loving memory of my dear son, Arthur Miles Riggleman, who was drowned 2 years ago, July 4, 1946.
We have only your sweet memories, dear Arthur,
To remember our whole life through,
But the sweetness will linger forever
As we treasure the image of you.
No one knows the silent heartaches,
Only those who have lost can tell
Of the grief that's borne in silence,
For the one I loved so well.
God gave me strength to bear it,
Courage to fight this blow,
But what is meant to lose you
No one will ever know.
Sadly missed by his beloved mother,
Mrs. Daisie Rohrbaugh Riggleman.

When thou passeth through the waters, I will be with thee. Isa. 43:2. —Adv. 1t*

Edgar Long and all persons having or claiming to have any interest in the parts of Lots Nos. 98, 99, 125 and 126 in Wilson's Addition to Oakland, as extended, conveyed to J. Edgar Long by deed from Nannie E. Goss, Trustee, dated September 13, 1917, and recorded in Liber E.Z.T. No. 72, folio 368, Land Records of Garrett County, and Part of Lot No. 102 in said Wilson's Addition to Oakland, conveyed to said J. Edgar Long by deed from Walter M. Powell, dated March 24, 1930, and recorded in Liber E.Z.T. No. 100, folio 311, Land Records of Garrett County, Maryland, said lots being situate in Election District No. 14 of Garrett County, Maryland, heretofore assessed to said J. Edgar Long as one lot 250x200.

No. 4030 Equity. In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following property situate in Election District No. 14 of Garrett County, Maryland:

Parts of Lots Nos. 98, 99 and 125 and 126 in Wilson's Addition to Oakland, as extended, conveyed to J. Edgar Long by deed from Nannie E. Goss, Trustee, dated September 13, 1917, and recorded in Liber E.Z.T. No. 72, folio 368, one of the Land Records of Garrett County, Maryland, and part of Lot No. 102 in said Wilson's Addition to Oakland, conveyed to J. Edgar Long by deed from Walter M. Powell, dated March 24, 1930, and recorded in Liber E.Z.T. No. 100, folio 311, Land Records of Garrett County, Maryland.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON this 21st day of June, 1948, by the Circuit Court for Garrett County, Maryland, ORDERED, That notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by the 6th day of September, 1948, and redeem the property and answer the bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

Killed By Falling Tree at Terra Alta

Forrester White, 62, of Terra Alta, W. Va., was killed instantly last Thursday by a falling tree that pinned him in a tractor while he was working in a logging operation.

Investigating authorities said the tall tree was either struck by a bolt of lightning or blown over by high winds that accompanied a rainstorm in the area.

White was the father-in-law of Mrs. Clifford White, formerly Margaret Jane Mason, of Oakland. He was a native of Tucker county, W. Va., and was born January 31, 1886. He had lived at Terra Alta for several years.

Surviving are his widow, Catherine Dumire White, one daughter, Mrs. Eilene Russell, Fairmont; two sons, Adair, Cumberland; and Clifford, at home; two brothers, Earl and Morris, both of Aurora; and six sisters, Mrs. Virginia Bowon, Terra Alta; Mrs. Dorothy White, St. George; Mrs. Louise Evans, Brookfield, Md.; Mrs. Maud Key, Lapeer, Mich.; Mrs. Anna Gilmore, Elkins; and Mrs. Dave Sell, also Lapeer, Mich.

Funeral services were conducted on Monday at Terra Alta.

DIED

MRS. JENNIE SCHULTZ

Mrs. Jennie Schultz, aged 78, died last Friday morning in the Prince George's hospital near Hyattsville, after having been a patient there for only a short time. She had been at the home of her son, Paul A. Schultz, in Hyattsville, since December 21, 1947.

Deceased was born March 30, 1870, near Oakland, a daughter of the late William and Mary Guthrie Browning. She was a member of St. Mark's Lutheran church at Oakland.

Surviving are two sons, Otto W. Schultz, Oakland; Paul A. Schultz, a member of the White House police force; two grandchildren; three sisters, Mrs. Ilda Coddington and Mrs. W. D. Whitehill, Salem, O.; and Miss Gertrude Browning, Oakland.

Funeral services were conducted on Monday afternoon at 2:30 from the Bolden Funeral home, with Rev. A. K. Jones of Red House officiating in the absence of the pastor, Rev. Luther L. Hare. Interment was in Oakland cemetery. Pallbearers were William R. Browning, Richard Browning, George Browning, Sherman White, Henry Campbell and Blair Simmons.

ALVA LEE FOLTZ

Alva Lee Foltz, aged 51, of Gormania, W. Va., died last Thursday about noon in the office of Dr. A. E. Maree, where he had gone for medical assistance after having become ill at work.

He was woods foreman for Fred Glotfelty, and after becoming ill at work was taken to his home at Gormania. Later his brother-in-law rushed him to the physician's office where he died while undergoing an examination.

Deceased was a son of the late James and Ella Hottle Foltz, natives of Virginia, and was born May 11, 1897, at Columbia Furnace, Va.

He was a member of the Methodist church at Gormania and was a former member of the American Legion post at Oakland. He was also vice-president of the Gormania volunteer fire department.

Surviving are his widow, Mrs. Loretta Foltz, and two sons, Charles Foltz, Baltimore; Carl Foltz, Gormania; two brothers, Tucker Foltz, Edenburg, Va.; Loren Foltz, Woodstock, Va.; two sisters, Mrs. Rebecca Vann and Mrs. Edna George, Edenburg.

Funeral services were conducted on Sunday afternoon at 2 o'clock from the Methodist church in Gormania, with Rev. J. E. Hodges officiating. Interment was in the Pope cemetery in this county, with members of the local American Legion post having charge of final military rites at the grave. He was a veteran of World War I.

DELPHA LESTER TEETS

Delpha Lester Teets, aged 59 years and three weeks, of Friendsville, was born May 27, 1889, and died June 21, 1948, death occurring suddenly beneath a pile of falling lumber.

He was a son of Harrison and Virginia Teets, of Hazelton, W. Va., who preceded him in death. He was married April, 1909, to Katherine Savage who died sixteen years ago. To this union were born seven children, and all but one survive: Reid and Oliver, of Friendsville; Thelma, Uniontown, Pa.; Vesta Riley, Grace Thomas and Stella Friend, also Friendsville. Leslie Earl died in infancy. Also surviving are thirteen grandchildren and the following brothers and sisters: Bert Teets, May Casteel, Blanche Uphold, Hazelton, W. Va.; William Teets, of Morgantown, W. Va.; Effie Uphold, Friendsville; Minnie Schroyer, Jeannette, Pa.; Daisy Schultz, Ault, Colorado; Dessie Cheney, Holyoke, Colorado; and Nellie Liggett, of Sterling, Colorado.

On June 3 he was united in marriage to Mrs. Martha Uphold, who also survives.

Funeral services were conducted from the White Rock Church of God, southeast of Friendsville, on Wednesday afternoon, June 23, at 2:30 o'clock, with the pastor, Rev. Thelma Pyle, officiating.

MRS. MARTHA A. CASTEEL

Mrs. Martha A. Casteel, 80, widow of Jeremiah Casteel and daughter of the late Lewis and Lydia Martin Smith, died last Friday at the home of a daughter-in-law, Mrs. Alice Casteel, Mount Morris, Pa., where she had made her home for 17 years.

Surviving are a daughter, Mrs. Bessie Lowdermilk, Terra Alta; three sons, Charles Casteel, of Keyser, W. Va.; Ray Casteel, Lake Lynn, Pa.; and Okey Casteel, Friendsville; three sisters, Mrs. Anna Teets and Mrs. Ida Martin, Valley Point, W. Va.; and Mrs. Lucy Ervin, Albright, W. Va.; two brothers, Isaac Smith, Masontown, W. Va., and William Smith, of Valley Point, and 31 grandchildren.

Services at the Casteel residence in Mount Morris on Monday afternoon were followed by rites at Blooming Rose church, near Friendsville, with Rev. Walter C. Long officiating.

MRS. NANCY H. ROCKHOLD

Mrs. Nancy H. Rockhold, former resident of this county, died in Fairmont, W. Va., last Friday, June 25. She was the widow of Hal B. Rockhold.

She was a daughter of the late Rev. Archibald C. and Ruth Wilson Hamill and was born in this county October 8, 1876. She was aged 71 years.

Deceased had made her home for the past three years with her sister, Mrs. Howard Smouse, Fairmont. A brother, John S. Hamill, Mill Creek, W. Va., also survives.

Funeral services were conducted on Sunday in Fairmont, and interment was in the Hamill cemetery at Kitzmiller.

Two Million Have Received Old-Age Insurance Benefits

Approximately two million persons were receiving Federal Old-Age and survivors Insurance benefits at the end of 1947, according to figures recently released by the Social Security Administration. Of this number, about 900,000 claims were being paid to aged persons who had acquired an insured status in employment covered by the Social Security Act.

It was pointed out, however, by William W. Wood, manager of the Cumberland field office, that there is still a small proportion of individuals not receiving benefits to which they should be entitled. Their loss is due to their failure to apply for benefits.

Prayer For the U. S. . . . .

A message of special significance for this week in which was celebrated Independence Day, is found in a prayer, orginally offered by Dr. Peter Marshall, chaplain of the Senate. The prayer is reprinted from the Congressional Record, and for the 172nd anniversary of our independence it gives all of us a particular message. It reads:

O God our Father, we pray that the people of America, who have made such progress in material things, may now seek to grow in spiritual understanding.

For we have improved means, but not improved ends. We have better ways of getting there, but we have no better places to go. We can save more time, but are not making any better use of the time we save.

We need Thy help to do something about the world's true problems—the problem of lying, which is called propaganda; the problem of selfishness, which is called self-interest; the problem of greed, which is often called profit; the problem of license, disguising itself as liberty; the problem of lust, masquerading as love; the problem of materialism, the hook which is baited with security.

Hear our prayers, O Lord, for the spiritual understanding which is better than political wisdom, that we may see our problems for what they are. This we ask in Jesus' name. Amen.

RECORD CROWD VIEWS PARADE HERE ON FOURTH

One of Longest Parades in Oakland's History, Composing 40 Units, Is Held Monday

A record crowd of an estimated 15,000 viewed holiday festivities here on the Fourth, and lined the streets to watch one of the longest parades in Oakland's history.

About 40 units including ten bands and two drum corps composed the parade and because of its length, was halted several times because of meeting at the corner of Alder and Third streets. Even though it was re-routed off second street at Pennington, down Wilson to Center, and back to Second the leading unit met the last few at Hamill's corner.

Harrison's Greater Shows began operation immediately after the parade ended and by closing time, gate receipts showed approximately 8,000 persons had entered the grounds.

Rain Disperses Crowd

Although the weather was favorable most of the day, a thunder storm occurred in mid-afternoon and sent the crowd scurrying, many not returning until night. The storm was reported one of the most severe yet this season in the Deep Creek Lake section, flooding roads, uprooting trees, and forcing many of the tourists to return home. A storm the previous night burned out a transformer and left the section without electricity for about 12 hours.

Parade Units

The units that made up the parade are the following:

Telephone Truck Turns Over Sunday

In trying to avoid collision with another vehicle, a Chesapeake and Potomac telephone truck driven by Joe Crabtree turned over at the bottom of King's hill, Route 219, on Sunday. Nobody was hurt it was reported from the Cumberland office, although a passenger went to the doctor for examination. The truck was damaged, the right side, fenders, and door being smashed.

Church of Brethren To Have Full Time Pastor In Eglon Area

Rev. Robert L. Byrd To Be Installed Sunday at All-Day Service

For the first time in history the various congregations of the Church of the Brethren in the Eglon-Red House section will have a full time pastor, and a special all-day service has been planned for Sunday, July 11, at the Maple Spring church at Eglon.

Rev. Robert L. Byrd will be installed as pastor of the district and the parsonage will be dedicated free of debt.

The congregations have been served up to the present with free ministers, those with other vocations who have offered their services. These congregations, which include a membership of about 400, include those at Maple Spring, Brookside, Glade View at Red House, Mt. Grove on U. S. 219 towards Thomas, W. Va., two in the Parsons section, and Gortner. The free minister will continue to assist. The Eglon congregation was organized in 1855.

Rev. Byrd is a graduate of Bridgewater college, and has served for four years at Irricana, Canada. Previously he was field man in the second district of the Church of the Brethren at Elkins. He and his wife will occupy the parsonage, which is the former Ray Fichtner property at Eglon. A son Ernest now resides at Brandywine, W. Va.

A full program has been outlined for Sunday beginning with Sunday School at 10 o'clock. At the morning service at 10:45 Dr. Desmond W. Bittinger, native of Eglon, now editor if the Gospel Messenger, official publication of the church, Elgin, Ill., will be the speaker. The installation of Rev. Byrd will be in charge of the district ministerial commission of the first district of West Virginia.

There will be a basket dinner at noon, following which the parsonage will be dedicated at 2:30. At 7:45 p. m., there will be a welcoming service for the pastor, with a worship service in his charge. The message will be brought by Dr. Desmond Bittinger.

Members of the several congregations are anticipating the biggest day in the church's history on Sunday, and a large number of people are expected to attend the services.

Firemen Are Called 3 Times During Week

The fire alarm summoned the Oakland Volunteer firemen three times during the week, one fire involving an oil storage shed, and two others in trucks.

A shed containing three drums of oil exploded on the Johnson farm three miles west of Oakland on Saturday, the cause being due to lightning, firemen asserted. The blaze was spotted by Trooper Jack Browning and Wilbur L. Davis, and was reported by patrol car radio to authorities here. The shed, of corrugated sheet metal composition, was completely demolished.

Crossed wires apparently caused a small fire in a truck parked on Water street soon after the parade on Monday, but the firemen had it under control immediately.

On Tuesday, a call was received from the Dixon Motor company, at Gnegy Church, when a broken drive shaft ruptured and ignited the gas tank of a truck. The flaming gasoline spread over a small area, but was out by the time local firemen arrived. Damage was slight.

Beauty-Talent Contest To Be Held Tonight In OHS Auditorium

"Miss Garrett County of 1948" will be chosen tonight from three entrants of the beauty-talent contest sponsored by the Mt. Top Chamber of Commerce, to be held in the high school auditorium at 8:00 p. m. The winner will enter the statewide contest to vie for the title of "Miss Maryland."

Only three young women have remained in the contest; Miss Patricia Jean Ross, a fourth, who was sponsored by the American Legion Auxiliary, withdrawing this week. Miss Molly Smart, Miss Florence Sisk and Miss Mary Jane Davis, who are sponsored by the Chamber of Commerce, the Business and Professional Women, and the Democratic Club respectively, will cross the stage first in bathing suits, then evening gowns, giving a performance of their talents on the second appearance.

Several of Oakland's merchants have donated prizes for the contestants and are as follows: First prize, choice of any dress at Rudy's, an Ansco camera at D. E. Helbig's jewelry store, and a beach coat at Harvey's; Second prize, any cotton dress at the Half Price Store, a choice of play shoes at Treacy's, and dusting powder from Gonder's; Third prize, cologne at Englander's, dusting powder at Sturgiss' Pharmacy, and $2.50 in merchandise at J. W. Jackson Co.

Program

After a welcome from one of the directors of the Chamber of Commerce, Jack Moore, general director of the "Miss Maryland" committee, will introduce Miss Juanita Lookabaugh, winner of the 1948 "Miss Cumberland" title; Miss Jean Dixon who won "Miss Maryland" last year; Miss Irma Jean Chambers, "Miss Frostburg" of 1948; and Miss Dixie Rafter who placed fourth in the "Miss America" event of last year.

The appearance of the beauty contestants will be interspersed with either vocal or dancing numbers and featuring Miss Betsy Phillips, Miss Barbara Pollock, and Miss Sherry McCutcheon. Mrs. Ruth Brown will also sing.

The "Miss Garrett County" ribbon will be presented by Senator L. M. Fraley.

Judges

Mrs. Aurelia Becker, manager of WTBO radio station; Thomas F. Conlon, Sr., former mayor of Cumberland; and C. F. Helmick, branch manager of the General Adjustment Bureau, all of Cumberland, have accepted invitations to serve as judges for the event. Mrs. Paul Naylor and F. E. Rathbun, county superintendent of schools, will compose the Oakland judge team.

Further Discussion Under Way on School Building Problems

The financial problems necessary for carrying out the proposed school building program were still under discussion this week with no announcement as to the outcome.

Last Friday they were gone over in detail at a meeting in Baltimore with a law firm which specialized in legal opinions on bond issues. Attending that meeting were Dr. Thomas Pullen, state superintendent of schools; R. Bowen Hardesty, assistant county superintendent of schools; F. E. Rathbun, county superintendent of schools; C. O. Bender, school board member; Jonas W. Sines and J. Edward Helbig, county commissioners; Neil C. Fraley, attorney to the board; Jasper Myers, member of the general assembly; Senator L. M. Fraley, and Howard C. Riggs, member of the school building advisory committee.

Another discussion was held yesterday afternoon in the Commissioners office and still another meeting is called for the latter part of next week.

The financial standing of the county, the market for possible bonds the taxable basis of the county and other aspects of the problem were under consideration, according to those attending the meeting.

Band Wins Second

The Oakland Band won second prize for the best band in line of parade at Terra Alta, W. Va., on Monday, July 5, and was awarded $35.00 it was announced by the parade committee.

This Is How It Works

H. W. Rosborough, of 309 Simms Building, Altoona, Pa., complies the new traffic violation system and drops 5 cents and ticket into one of the twelve jars placed around town, this one being at Englander's Pharmacy. Mr. Rosborough is a shoe salesman, servicing Treacys' Department store. Those parking beyond the time limit are glad to deposit the small amount. Under previous regulations they would have been summoned before a police magistrate and fined $1.00.

Lake Property Owners Form Organization

About 300 property owners around Deep Creek Lake met Monday, July 4, to protest the sanitation tax as now mandatory under a recent act of the legislature creating the Deep Creek Lake Sanitary district and providing for a maximum tax of 50 cents on each $100 of property.

They made their protest in concrete form by organizing the "Property Owners Association on Deep Creek Lake, Inc.," with several prime objectives in view: 1. to protest the sanitation tax as set up and to ask for repeal or a court test of the legality of the bill. 2. Request the State Health Department to assume responsibility. 3. To protect owners of summer homes. 4. If tax relief is granted, to ask the Pennsylvania Electric company to revert to $2..50 for permit privileges. The fee for dock privilege is now $5.00 for an ordinary size lot.

The group elected Dr. W. B. Mehring, president; Frederick C. Clayter, vice-president; and Dr. R. W. Reeves, secretary-treasurer.

They also named twelve members as an executive committee and divided the lake into three sections. Section 1, from the Deep Creek bridge, north to McHenry and west to the breast of the dam; section 2, between the two bridges; and section 3, south of Glendale bridge.

Executive members included Dr. W. B. Mehring, C. M. Railey and Earl Glotfelty, section 1; Fulcher P. Smith, Lynn Phillips and Earl Railey, section 2; Dr. R. W. Reeves, Frederick C. Clayter, Walter Shaffer, Robert R. Ritchie, J. M. Patterson and Dr. Keefer, section 3.

A resolution is being drawn up in connection with the request for repeal of the sanitary tax, which Dr. Mehring said would be presented at a meeting of the executive committee in the near future. He said that general meetings would be held from time to time throughout the summer months.

Dr. Mehring said his group favored sanitary restrictions around the lake but felt it was the responsibility of the State Department of Health, which should not cause an additional burden to the taxpayers of that particular area.

The law provides for levying on all property embracing all of the waters and underlying lands of Deep Creek in districts 1, 6, 7, 10 and 14 and all lands within an area of 1,000 feet from the high water mark. Lands and buildings used exclusively for farm purposes are excepted. It was estimated there was assessable property in the district amounting to $1,500,000.

By actual number there are 690 assessments and 425 dwellings within the area.

Bank Assets Nearly Ten Million Dollars

Total assets of the four Garrett county banks total almost ten million dollars, as of June 30, according to the bank statements.

The statements of the First National and Garrett National, Oakland; and the First State Bank, Grantsville, now show total assets of $9,155,929.53, and their full statements appear today. The assets of the Friendsville bank were over $750,000 in January, and will be about the same this report. Telephone communication to Friendsville, however, was still out and the exact amount could not be determined.

Kempton Man In Hospital Following Suicide Attempt

Michael Dragovich, Jr., in what appeared to be a suicide attempt, shot himself through the shoulder with a 12-gauge shotgun in the kitchen of his home at Kempton, Deputy Sheriff Paul W. Fisher announced yesterday.

The man is now a patient in the Davis Memorial hospital, Elkins, where his physician said he had a good chance for recovery. An operation was performed Wednesday morning. The bullet tore a large hole in his back.

According to information received by the deputy sheriff and W. Dwight Stover, state's attorney, Dragovich came home Tuesday night about 9:30, went into the kitchen and pulled the trigger. The bullet entered the right shoulder and came out around the collarbone.

Dragovich, 28 years old, is married and has three children. He is employed in the Kempton mines. Fisher said apparently there had been some quarreling but the investigation revealed, after talking with the man's parents and father-in-law, that no other person was involved in the actual shooting. He was reported to have remarked to his sister who accompanied him to the hospital, "I didn't do a very good job of it."

Severe Storms Visit County During Week

Several thunder storms unleashed their fury on Garrett county last week, and did damage to both crops and buildings. Hail that accompanied a storm on Saturday tore holes in a number of roofs, and beat several fields of peas to the ground.

Two Barns Burn, Cattle Killed

Lightning struck a barn belonging to Oliver Fike, of Sand Spring and Green Gables section, and another owned by Freeman Guard, who lives just across the Maryland-Pennsylvania state line, and burned both to the ground. Two cattle belonging to Fred Meyers of the same section were killed by the same storm. Five others were killed that were owned by William S. Friend on the Sam Ringer farm in the Promised Land section, five miles west of Oakland. They were of a herd of 15 standing in pasture under a tree.

Rainfall High

The weather station at Weber's reported this morning a 1.6 inch rainfall during the week, with temperatures varying from 85 degrees on the 4th and 5th to 58 degrees this morning.

Reader For 62 Years

Mr. and Mrs. John A. Wilt, of the Westernport community, in renewing their subscription to The Republican from July, 1948, to July, 1949, said in a letter this week that they had been subscribers to the paper since the year 1886, making 62 years that they had been readers of the columns of this newspaper.

Seaman second class William Stanton spent last week here with his parents and relatives, and returned to the Great Lakes Naval Training station where he is awaiting orders for transfer. His brother, Pfc. Robert Stanton, was here for the holidays, returning to Andrews Field, Washington, D. C., where he is assigned in the Army Air Force.

EXPECT HOSPITAL CONSTRUCTION WILL GET UNDER WAY VERY SOON

Commissioners Announce Decision to Go Ahead After Bids Are Opened Yesterday in Special Meeting —Low Bid Is $426,000

Construction work on Garrett County's Memorial hospital at Oakland will begin in the very near future.

This fact was announced yesterday afternoon by J. Edward Helbig, president of the Garrett County Commissioners, following some discussion after the bids on the proposed structure were opened.

Low bidder on the project was Moyer Brothers, of Altoona, Pa., with a base bid of $426,000. Second in line was the George F. Hazelwood Company, Inc., Cumberland, for $467,500. The third bid was from the Baltimore Contractors, Inc., and was for the sum of $652,860.

A contract is slated to be let almost immediately, according to Herbert G. Fritz, chief of the division of hospital construction, State Department of Health, just as soon as the low bidder is approved by the Federal government. This, he said, would take only a few days.

Federal funds totaling $163,000 have been earmarked for the project. The late George W. Loar directed that $170,000 from his estate be provided for a memorial hospital, and an additional $101,320.84 was raised by local contributions.

To Have 34 Beds

The new hospital will have 34 beds, a clinic and a laboratory. Space is to be reserved on the first floor for offices to be used by the county health department. It is to be of brick construction, two story, with a full basement underneath, and will be located on the former Helbig property, at the north edge of town. The site was contributed by the town of Oakland.

Discuss Hospital Need

The desperate need of the hospital was discussed by a number of those present before the Commissioners announced their decision to go ahead.

E. Ray Jones, one of the executors of the Loar will, stated that in the estimate it was believed $489,000 would be needed, which included $400,000 for the main construction, $51,000 for equipment, and the balance for the architect's fees, supervision during construction, site survey, etc. With the additional $26,000 on the low bid, he pointed out that a total of $515,000 would now be needed to actually have the hospital ready to open.

With the government contributing its share of the increased estimate and with other funds available either by more voluntary contributions from individuals or business concerns, or through taxation, and the majority of those present were of the opinion that most of this amount would be forthcoming from persons who had not previously donated.

The Commissioners asked that the same fund raising committee be retained to assist in raising the amount. This committee includes George H. Hanst, chairman; Virgil Steyer, Gorman; Arthur Humbertson, Loch Lynn; Fred Beachy, Mt. Lake Park; Milton Pritts, Kitzmiller; Arthur H. Green, Swanton; Dr. Charles E. Smith, Terra Alta; Quincy Murphy, Friendsville; Harvey Gortner and C. O. Bender, Grantsville; Lester Yutzy, Crellin; Henry M. Speicher, Accident; Emroy D. Bolden, Oakland; Asa Orendorf, Bittinger; Harold Adams, Vindex; Dr. Harold Miller, Eglon; Mrs. Paul Carr, Kempton; Rev. A. K. Jones, Red House; Mrs. E. C. Clatterbuck, Deer Park. Assisting the Oakland chairman will be Lawrence M. Fraley, Bernard I. Gonder, R. C. McComas and Mrs. E. Z. Tower.

Among those present yesterday were Merle Watkins, Grafton, J. M. Jarboe and Mr. Jones, executors of the Loar will; Fred Tilp, associate architect of the Washington firm which drew up the plans; L. T. Smith, architectural engineer for the State of Maryland; Dr. R. H. Riley, chairman of the State Board of Health; Mr. Fritz, members of the fund raising committee, members of the General Assembly and other interested persons.

Mr. Tilp announced that he was sure, from previous experience with the contractors that work on the structure would begin within two or three weeks after approval was received and the contract awarded, and that the structure would be completed within 365 calendar days after construction was started.

An amount totaling $17.00 was turned over to the hospital committee this week from the senior girl scouts, from a fund in the bank under that name. The senior troop is not now active.

Just for Kiddies

For all children of the school-age group, 15 and under, The Republican is sponsoring free rides on the "Caterpillar" at the Harrison Greater Shows carnival ground on Saturday, July 10, from 1 to 5 o'clock. All that is necessary is just clip the coupon out of the advertisement on page 3, and give it to the man at the "Caterpillar" gate. And not only that! All the other rides are only 9 cents during these special hours.

Bond Sales Total $56,126 to June 26

Sales of U. S. Savings bonds for Garrett county in the Security Loan campaign, up to and including June 26 amount to $56,126, it was announced yesterday by Howard C. Riggs, county chairman.

This total included the sale of Series "E", "F", and "G" bonds. The week's report, June 20 to 26, totaled $13, 237 in "E" bonds.

The total figures released by Mr. Riggs were reported by the Federal Reserve Bank of Richmond. The quota for the county from April 1 through July 15, was set at $140,000.

Camera Club Plans Garrett County Film

A number of persons met last Friday evening at the William-James hotel to organize a Camera Club which would have for its purpose the advertising of the county through a sound film.

The fourteen attending elected James Bell, Jr., president, and Rev. Austin F. Schildwachter, secretary. Paul B. Naylor acted as temporary chairman until after the election of officers.

A number of pictures are to be taken over a period of a year to record the advantages Garrett county has to offer, including those concerning industry, farming, scenery, history, and recreation. Mr. Bell said he hoped this would be the means of attracting many more people to this area.

Another meeting is scheduled for this evening, July 8, at 7 o'clock promptly, at the Episcopal Parish house, and an invitation was extended to any interested person to attend. Suggestions about pictures would be welcomed, he said. Any person having a 16mm camera which would aid in the taking of pictures, was also invited. It is planned to have a film of 1,600 feet, which would take 55 minutes to show. The cost of such a film would be around $1,100.

Woman Gives Wrong Name When Arrested

Instead of the name of the couple being held in the Preston county Jail in Kingwood being Mr. and Mrs. Luther Savage, as reported last week in the Republican, deputy sheriff Kisner asserted today that the name had been changed to Mr. and Mrs. K. C. Dishman. The mixup occurred when Mrs. Dishman, the former Mrs. Luther Savage, gave her name as Mrs. Savage when questioned by the authorities, Kisner said.

Luther Savage received a divorce from Mrs. Dishman in October, 1945, in Oakland the records reveal. Savage, at present, is now re-married and owns a home in Baltimore, where he and his wife reside.

Deputy Kisner said that the couple will be given a hearing this afternoon on a burglary charge brought on by the authorities finding a washing machine, clothing, tools, and tires in their home which were allegedly stolen.

80 Marriage Permits Granted During Week

Eighty marriage licenses were issued during the past week ending Saturday morning, the holiday week-end being the main reason for the big increase.

During June 259 licenses and 295 applications were granted. For the first six months of 1948 a total of 1,035 had been issued.

Six of those granted during the week were marked "don't publish."

Harold Luther Hardesty, 39, farmer, and Cora Ellen Pigott, 31, both St. George, W. Va.

MARRIED

VanSickle-Wagner—Mr. and Mrs. C. B. Wagner, Swanton, announce the marriage of their daughter, Geraldine, to Glenn L. VanSickle, Jr., son of Mr. and Mrs. Glenn L. VanSickle, Oakland.

The single ring ceremony was performed at the home of Rev. J. E. Johnson, Thursday evening, June 10, at 6:00 p. m.

The bride's attendants were Mrs. Robert E. Haines and Miss Elaine Jenkins.

Mrs. VanSickle is a graduate of Oakland High school and Mr. VanSickle is employed by the Railway Express Agency here.

The couple is residing with the groom's parents in Oakland.

Gibbs-Truban—A quiet but impressive home wedding marked the nuptials of Doleres Ann Gibbs, daughter of Mr. and Mrs. Roy Gibbs, Kempton, to Mr. Toby Albert Truban, son of Mrs. S. B. Cooper and the late Mr. Truban.

The ceremony was performed on Saturday evening, June 26, at 6:00 o'clock with the Rev. John Snyder, Church of the Brethren, Lancaster, Pa., officiating and using the single ring ceremony.

The bride wore a two-piece dress of navy faille with white accessories. She carried a white Bible and wore a corsage of red rosebuds. She was given in marriage by her father.

Miss Dorothy Barnard classmate and close friend of the bride, was maid of honor and wore a two-piece gabardine dress of robin egg blue, with white accessories and a corsage of red rosebuds.

Leo Truban served his brother as best man.

The bride's mother wore a dress of navy blue crepe with which she wore a double strand of pearls.

The bridegroom's mother wore a crepe dress of beige and a gold necklace.

Following the wedding a reception was held for the immediate families. The dining table was centered by a large three tiered bride's cake topped by a miniature bride and groom.

The home was decorated throughout with bowls and vases of roses.

Guests were Mr. and Mrs. S. B. Cooper and son Boyd, Mr. and Mrs. Leo Truban and daughter Virginia May, William Truban, Rev. John Snyder, Miss Dorothy Barnard, Mr. and Mrs. Harry Buckley and sons Bobby and Douglas, and Mrs. Almedia Baer.

The couple left for a short honeymoon in Washington, Ocean City and other points on the Eastern Shore.

To Install Officers

At a regular meeting of Proctor Kildow Post No. 71, American Legion, on Monday evening, July 12, at the Legion home, there will be installation of officers.

James Kenney, Mt. District vice-commander, will be the installing officer. There will be refreshments following the meeting.

Mr. and Mrs. Bernard Gower and family, of Baltimore, are returning to their home today following a visit of a few days with the former's parents, Mr. and Mrs. Francis Gower, and Mr. and Mrs. J. R. Cogley. Mr. and Mrs. Gower are returning with them for a visit.

Herd Improvement 2 Lists Best Producers

Statistics from the Dairy Herd Improvement association No. 2 show that for the month of June a Guernsey cow belonging to E. Hobart Bishoff, of Friendsville, produced milk having a butter fat content of 96.3.

Jonas Sines had four cows in the upper production bracket and placed first as having the highest herd average, 45.0 pounds, for the month.

Other members having high production records for individual cows are the following:

Lenwood F. Bittinger, Mt. Lake Park, 69.4; Ernest Gortner, Oakland, 67.5; Keith J. Stahl, Oakland, 64.6; and Herbert H. Steiding, Swanton, 59.9.

The four other highest herd averages for the month include Ray Arnold with a 42.2 average; Ray Mosser, 41.4; Daniel O'Brien, 39.9, and Ernest Gortner, 39.3.

The association's average per cow was 32.2.

Routine Session City Council In

Only routine business occupied the regular meeting of the Oakland Mayor and Town Council last night, most of the discussion concerning the improvements being made in water and sewer lines.

Mayor Joseph Hinebaugh reported on the progress on North third street, while announcement was also made that 1,000 feet of sewer and water lines had been completed on 8th street, eliminating a dead end on that street, and hooking up the lines with those on Oak street.

A request of Ernest Ashby to hold a religious service on Second and Liberty streets, was held over. Mayor Hinebaugh was authorized to secure a spreader for calcium and salt, for use on the streets during the winter.

Clerk-collector Arthur Lawton was instructed to find out if traffic signals with walk signs could be obtained.

Movie tax for June was listed at $89.85. Collections amounted to $7,228.56, with taxes $1,836.69; traders licenses $3,309.81; Power company bond and coupons, $1,350.

Expenditures amounted to $6,539.28 including $1,645.41 for water supplies, $1,750 for electric bond and coupons.

Junior Team Wins

The American Legion Junior baseball team won from Kitzmiller last evening on the local diamond two to nothing, for their first win in several starts.

Arnold Fauber hurled a two-hitter at the visitors while blanking them. The Oakland juniors tallied both their runs in the opening frame and were blanked thereafter by Lyons. Fauber struck out three and walked five, winning his first game. Sisler had two hits for the winners and the only extra blow was Kelly's game-winning double.

The team lost to Lonaconing last Saturday 19 to 7.

Farm Agent's Office To Close on Saturdays

Effective July 17, the Garrett County Agricultural Conservation Association office, located in the basement of the Postoffice building, Oakland, will be closed all day Saturday. The same week-day office hours will be observed as in the past —8:00 a. m. to 12:00 p. m. and 1:00 to 5 p. m., it was announced by John H. Carter, county agent.

Two Equity Cases Are Settled Out of Court

Two equity cases docketed for hearing today before W. A. Huster, chief judge of the fourth judicial circuit, were settled out of court, Richard L. Davis, clerk of the circuit court, reported yesterday. They involved a plea for settlement for alleged injuries acquired in an automobile accident in July, 1946. E. S. Evans and William Shobe were being sued by Lloyd Nair and Joyce Cross, an infant, for the amounts of $15,000 and $5,000 respectively.

Sales Tax over Twenty-three Million For Eleven Months

James J. Lacy, State Comptroller, announced that the State Income Tax collection as of the close of the fiscal year totaled $19,597,632.05 from approximately 325,877 tax returns.

This large increase of tax returns for 1947 income exceeds by over 60,000 the total of 264,486 returns filed for 1946 income.

The Maryland State Retail Sales Tax receipts collected for the first 11 months of this new revenue measure totaled $23,635,242.97 as of June 30, the end of the State Fiscal year.

The May collection from the tax was $2,316,000.

A three-day birthday party over the week-end celebrated the 100th birthday of the Washington monument. It was started when James K. Polk was president.

Specialist Lists Dairy Problems And Solutions

Maryland dairymen have been asked to consider three present-day facts about their industry: (1) Our rapidly growing population is increasing the number of customers for dairy products, (2) The demand for milk and dairy products already exceeds the supply, and (3) The number of dairy cows being sold for slaughter has been increasing.

Extension dairyman, J. W. Pou at the University of Maryland, listed these facts and then suggested seven steps which dairymen can take to meet the situation. For the long-time program he urges them to raise more of their heifer calves and breed all of their cows to only bulls of proven high production.

For immediate steps he urges the use of temporary pastures, hay or silage in addition to the regular pasture which will be supplying less and less feed during the coming weeks. He also recommended clipping of permanent pastures, providing of shade, and a complete fly control program. Plenty of cool water was listed as another special need during hot weather when cows may need as much as 80 percent more than normal.

The specialist called attention to the use of improved dairy methods such as fast milking. He suggested washing the udders to stimulate milk down. This should be accompanied by rapid milking with the machine; three and one-half to four minutes long enough for most cows.

William Martin Reunion

Mr. and Mrs. William C. Martin, of Red House, entertained on the Fourth of July their ten children and their families at a picnic at the Martin residence. It was the first get-together in seven years.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, *ever.*

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch *and* the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

Broadcast to Feature Farm "Face-Lifting"

Hall Hammond, Attorney General of Maryland; Mayor Thomas D'Alesandro, Jr., of Baltimore; and Dr. T. B. Symons, Chairman of the State Soil Conservation Committee and Director of the University of Maryland Extension Service, will participate in a special radio broadcast on Saturday (July 10) from 12:15 to 12:30 p. m., over Baltimore radio station (WBAL).

The subject of their discussion will be the Maryland Conservation Field Day which will be held on August 18 in Frederick County, in an effort to impress both rural and urban residents of the state with their personal stake in the conservation of all natural resources. At this spectacular demonstration, a complete program of soil and water conservation—work which would ordinarily require from four to five years to be accomplished by the average farmer—will be installed between 9:00 a. m. and 5:00 p. m. (Daylight Time) on the 175-acre farm of Mrs. Nellie V. Thrasher near Jefferson. At least 25,000 spectators from Maryland, the District of Columbia, and surrounding Eastern states, are expected to witness this farm "face-lifting," which will be accomplished by several hundred volunteer workers.

These little girls are indulging in one of the oldest and most fascinating pastimes of humanity—building air castles.

They are dreaming of the time when they will preside over their own beautiful homes or will achieve success in some other chosen field. These dreams of childhood and youth are often the inspiration for future achievement.

Some day they will learn that they must work and think and pray and trust in order to translate their youthful dreams into reality.

Fortunate are those boys and girls who are taught from their childhood that God can give substance and reality to their dreams, and that the Church and the Bible are the best guides to successful living.

The little girls in the picture will soon face life's realities. The beautiful dreams of childhood may fade. But with God as their guide, life may be happier and even more beautiful than their dreams.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Is Astonished

To the Editor of
The Republican,
Oakland, Maryland.
Sir:

I was astonished to read in your issue of June 17th that I was a student at Western Maryland College in 1909. I never attended W. M. C., and in 1909 was still in the grades at the Oakland Grammar School. (They called it "Grammar School", then; not "Elementary.") For me to have been a college student in 1909 would have put the Quiz Kids in the shade.

Likes Cave Article

Editor, The Republican
Oakland, Maryland.

Your recent article on the caves of Garrett County was very good.

In addition to the well known Old John Friend Cave there are doubtless many undiscovered caves or caverns in the thick limestone ledge thru which the Youghiogheny flows at Sang Run. Recently Ginseng Run, as it was called in early records, suddenly became almost dry, from the old Meshack Browning mill seat to its mouth. Upon investigation Frank Browning found that most of the Creek water was disappearing in a sink hole just below the intake of the old mill race. He filled in the hole with stones and most of the water returned to its usual course.

About 600 yards above the mouth of the Creek a very strong spring issues from the River bank, and we are reasonably sure that at least one of the sources of this "Big Spring" is the "sink hole" noted above on the Browning farm; that water from the Creek flows more than a quarter of a mile under Sang Hill into the River. Such a volume of water must have worn a deep channel thru the limestone—a cave of great beauty, which human eyes have not yet seen.

THE GREAT GAME OF POLITICS

By FRANK R. KENT.

All But Mr. Stassen

It is interesting to note that of the five men seriously considered for the Presidential nomination at the recent Republican Convention all save one profited, personally and politically, from the experience. The exception was Mr. Harold E. Stassen. There is no dispute that he was the architect of his own misfortunes.

Governor Dewey, of course, was the chief beneficiary. He won the first prize after a long, hard, bitter struggle and against formidable combination of rivals who tried—and at one time threatened—to tear him down. Notwithstanding this, he was nominated amid great enthusiasm, without a dissenting vote and every one of his opponents pledged full support. It is doubtful whether any candidate for the presidency for more than 80 years has started his campaign with better prospects of success.

Next, take Governor Warren of California. When Mr. Warren first forged to the front in the pre-convention period as California's "favorite son" there was no disposition to regard him as a serious contender. His intimate friends said that Governor Warren's real ambition was to go on the Supreme Bench. That was why he was not interested in the vice presidency. By the time the convention convened, however, Mr. Warren had so grown in public estimation that there was a real Warren sentiment for President and a general realization that here was a man well above ordinary capacity. It required strong pressure not only from Governor Dewey but from his own California friends to convince Mr. Warren it was duty to put aside his personal wishes and take the second place on the ticket. That he has strengthened it is too clear to argue.

Then, there is Senator Taft, Gov. Dewey's strongest competitor. He did not win. He did not even come close to winning. But it is possible to argue that actually he gained more than he lost. For his fight focused national attention upon the man and his record in a way nothing else could have done. As a result, he was revealed to the country as a whole not only as a man of great intelligence but of the highest character and courage. Totally devoid of cant and hypocrisy, incapable of demagoguery and cajoling, clear-headed and clear-minded, many thousands of citizens know Mr. Taft today as they did not know him before. It is a very real tribute that of all the men mentioned in connection with the presidency so many regard Senator Taft as the best equipped. The manner in which he took his defeat—cheerful, smiling, with no visible trace of disappointment and not a vestige of bitterness—was typical of the man.

Then, there is Senator Arthur Vandenberg. The farsighted, non-partisan statesmanship with which he has functioned as chairman of the Foreign Affairs Committee certainly made him one of the outstanding men of the country. Without his wholehearted aid, the Marshall plan, upon which is founded the European Recovery Program, could not have been adopted. Without him the little group of key Republicans in the House would have succeeded in scuttling it, even after it had been approved. It was inevitable that a public sentiment in favor of "drafting" Mr. Vandenberg should develop. Had there been a deadlock, Mr. Vandenberg would have been drafted and would have accepted. But he consistently refused to connive in the draft and there was no deadlock. Senator Vandenberg was relieved rather than disappointed at the result. Throughout, he maintained a dignified position. He has gained in prestige and respect.

Finally, there is Mr. Stassen. It would be pleasant to say that he, too, had come out of the fray with increased prestige and enhanced respect. It would be pleasant to say that, but it would not be true. The truth is that even some of Mr. Stassen's closest friends here were disappointed in him. After his Oregon defeat very few expected him to be nominated for the presidency. Mr. Stassen himself had no such expectation. On the contrary, he made no secret that his first desire was to defeat Governor Dewey and that Senator Vandenberg was the man he wanted nominated. He was almost as much opposed to Taft's nomination as to that of Dewey. With this attitude, clearly, the strategy of the anti-Dewey combination was wholly futile from the start. But it was his attitude toward the vice presidential nomination that most bitterly disappointed his friends. Even before the Dewey nomination it was known that Governor Dewey was willing to forget the disparaging things that Mr. Stassen had said of him and take him as his running mate if Mr. Stassen were willing.

But when they finally met to confer, the Stassen attitude was such that the offer was not made and the two men parted with no personal cordiality at all. It is not true, as since reported, that Governor Dewey wanted Mr. Stassen to "eat dirt" before he gave the word. It is true that Mr. Stassen could have had the nomination with complete self-respect, regardless of his previous statements, if he had accepted the counsel of men who had his interests at heart. The fact seems to be that Mr. Stassen let his feelings affect his judgment. He has lost the vice presidency for which he was willing to settle at one time and he has made it very unlikely that he will have any conspicuous post in the Dewey administration. What he can do now to keep from slipping into the political shadows remains to be seen.

NOW OPEN TO HIGH SCHOOL GRADUATES

THIS is important news to every young man from 20½ to 28 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U.S. Army and U.S. Air Force Recruiting Station.

When you take your car to an Esso Dealer Station for gasoline, motor oil, or a complete lubrication job—you're not really "doing business" directly with Esso Standard Oil Company, even though we make the fine products you get.

Instead, these 23,000 Esso Dealers from Maine to Louisiana are local, independent business men. You deal with the owners themselves—men who have invested *their* money and *their* initiative in building their own futures on serving you.

From many competing brands of gasoline and oil, these local business men have chosen Esso products. Year after year, they have seen first-hand evidence of the satisfaction to the buyer that Esso quality stands for.

As of today, these able business men have, on the average, handled Esso products for 12 years each.

Many have bought from us for 35 to 40 years.

Obviously, we couldn't do business without these men. And naturally we're proud of them—just as proud of them as we are of the 28,000 workers who *are* on our company payroll.

Both groups—our own employees and these "partners" in their independent businesses—express this company's basic belief that individual enterprise, given its fair chance to earn fair rewards—is the best way and the American way to make progress with and for all the people of this country.

This is GARRETT COUNTY:

Farm Specialties

Over half of Garrett County, the largest county in the state, is developed in farms—2,264 farms, according to a recent census. And these farms reap a cash harvest of almost four million dollars annually. A few contain 200 acres or more, 350 have 75 acres, but the majority possess only 10 acres of cultivated land.

Most of Garrett's farmers favor general farming, raising grains, vegetables, a few cattle, hogs, or sheep, but some have branched into specialties. Dairy, beef raising, poultry are high on the list, however, few unusual sources of farming profits exist.

Turkey Raising

One of the newest additions to the poultry industry, and one that has shown the most rapid growth, is turkey raising. Since 1940 it has jumped 400 percent, until at the present time there are about 60,000 gobblers in the county. The center of the industry is in the Bittinger-Rock Lodge section.

Mr. Elwood Glotfelty, who owns a 220 farm bordering on the Rock Lodge road, specialized in the turkey business and, besides his regular duties, has amassed a feathered population of 12,000. Instead of keeping them all on his farm, he has distributed all but 2,000 to fourteen other farmers in the area. The birds are grown in consecutive age groups, reaching the proper market weight of about 18 pounds at different intervals. And if they are not marketed, Mr. Glotfelty has them put up in 1½ pound cans at the Yoder Canning company.

"The birds are temperamental," Mr. Glotfelty commented. "They're eternally trying to committ suicide." This is only one of the worries that turkey raisers have to contend with, the others being a high susceptibility to disease and a quick death from the slightest dampness.

Elwood Glotfelty is, of course, just one of the many who has branched into this division; his brothers, Kermit and Orville, are also in the business. Kermit has 6,000 gobblers farmed out to four other farmers besides himself, and Orville has 4,000 distributed between two other countians. Marvin Beitzel, another of the same section, has a sizable flock, as do several others.

Maple Sirup Industry

One of the older supplements to the county's farm income is the utilization of sugar maple trees that abound in the area.

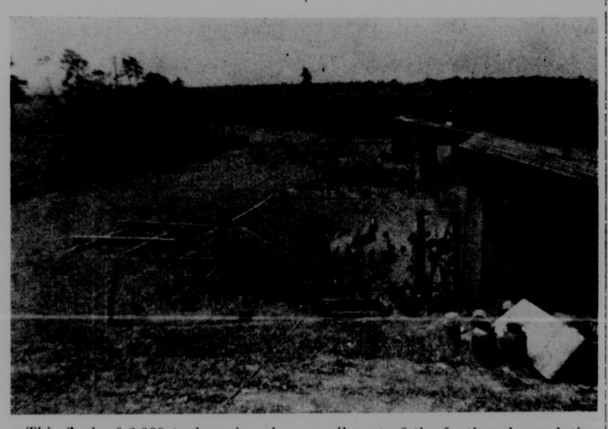
In the early spring when warm days and frosty nights occur, the sap of maples is agitated and flows from the tree in quantity when tapped. A "run" might last only a day or two, sometimes a week, and then perhaps occur several times during the change from cold to warm weather. But whenever it happens, the farmers know it, and take measures to catch the water.

One of the large sugar camps is owned by Lawrence W. Brenneman, on the Rock Lodge road, who produced about 1,400 gallons of sirup this spring. He set out 1,900 buckets and collected enough sugar water to make this the best year in the past four. Almost fifty gallons of water are necessary to make one gallon of sirup, the water being evaporated in large vats on the Brenneman farm.

Other producers in the county include William Bowser, Mrs. Silas Beachy, Oliver Beachy, John Beitzel, John Horchler, and Guy Stanton, of Grantsville.

The sirup is sold for the most part for direct consumption by local users, although some is bought by the Natural Sugar Co., of New York, and also by the Carry Maple Sirup Co., of Vermont. To these places the sirup is shipped in 55 gallons drums.

(To be continued next week)



This flock of 2,000 turkeys is only a small part of the feathered population owned by Elwood Glotfelty who has a 220-acre farm on the Rock Lodge road. Those he does not sell as whole birds, he puts up in 1½-pound cans at the Yoder Canning Company.

Lawrence W. Brenneman taps this grove of sugar maples each spring, and this year collected almost 70,000 gallons of sugar water which he boiled down to produce about 1,400 gallons of maple sirup.

Commend Kempton Mine For Advances

Advances made recently toward safer operation of The Davis Coal and Coke Company's 1,200-ton-a-day No. 42 mine are commended in a Federal reinspection released by the Bureau of Mines which also proposes correction of remaining hazards. The mine is at Kempton, Garrett county, and it employed 235 men when it was revisited in May by Inspector F. E. Riley.

Reporting that "doubtful" roof had been taken down along the No. 1 belt empty track and along the main A haulageway, Inspector Riley also cited such additional recent betterments as roof and face examinations before and after blasting, rock-dusting of the working places in the No. 1 belt conveyor section to within 80 feet of the faces, removal of materials obstructing the main A haulageway, several electrical safeguards and provision of fire extinguishers at the permanent underground pump station.

To help supplement the generally satisfactory safety practices at the mine, the inspector recommended placing of rock-dust applications closer to specified working faces and cleaning of coal-dust accumulations from roadways, prying down or effective support of weak roof along the No. A 3 haulageway and near the bottom on the main haulageway, and firing of each shot or series of shots immediately after charging during on-shift blasting.

Riley also suggested equipment of the No. 2 ventilating fan with a pressure-recording gauge, frame-grounding of certain electrical equipment, and increased fire protection underground.

Oakland Is Stopped By Klondyke, 5-3

The nine-game winning streak of Oakland Amvets was snapped here on Monday when Klondyke won the second game of an Upper Potomac Baseball League double header from the locals 5 to 3. Oakland won the first game 4 to 3.

Bob Glaze gained the verdict over Herb Johnson in a neat pitching duel in the opener. Glaze yielded five hits and fanned ten. Johnson struck out seven. Ted James of Oakland and Winters of Klondyke rapped out a double and single each. In the second game Corrigan of Klondyke and Lyons of Oakland each smacked a homer and single. T. James, Wolfe and Friend were Oakland pitchers in the second game.

Oakland's league record is now 13 wins and 6 defeats.

Oakland Amvets made it eight games in a row by defeating Elk Garden at Oakland last Thursday by the score of 2 to 1.

The victory gave Oakland undisputed possession of second place as Swanton upset Kitzmiller 5 to 2. Shallmar was idle but leads the league with a record of 11 wins to 4 defeats. Oakland up to last Thursday had won 12 and lost 5.

Ted James struck out ten Elk Garden batters and after the visitors filled the bags in the 9th on two hits and an intentional pass the Oakland pitcher fanned the next three batters to end the game.

MARRIED

Pauli-Davis — Miss Evelyn Marie Davis, daughter of Mr. and Mrs. Ralph Richard Davis, Plainfield, N. J., and granddaughter of Mr. and Mrs. John W. Davis, Second street, Oakland, became the bride of Ernest Harold Pauli, son of Mr. and Mrs. Ernest Pauli, New York City, on Saturday evening, June 26, in the First Methodist church at Plainfield. The Rev. Paul G. Dennis, D. D., pastor, performed the ceremony at 7 p. m., in a setting of candlelight, palms, cibotium fern, white gladoli and larkspur.

Escorted and given in marriage by her father, the bride wore a gown of chantilly lace fashioned with an illusion neckline, chantilly lace bertha, a fitted bodice and a full skirt ending in a train. Her three-tier fingertip veil was held by a pleated juliet cap of net and seed pearls. The bride's bouquet was a cascade of white orchids, stephanotis and lilies of the valley and she also carried a lace handkerchief.

Miss Ruth Ann Davis was her sister's maid of honor, gowned in aqua marquisette made with an off-the-shoulder ruffled flange. She carried a crescent arm bouquet of picardy gladioli and had a matching crescent in her hair. Miss Ruth Slaight, Westfield, Miss Terry DiLeo, Great Neck, L. I., Mrs. Ralph Barry Ridgewood, and Miss Joan Whitford, Plainfield, attended the bride and wore gowns styled similar to that of the maid of honor. Miss Janet Stevens, cousin of the bride, from Avenel, was flower girl. Frederick R. Danker, New York City, was best man.

A reception followed the ceremony. After a honeymoon spent in Canada the couple will reside at Plainfield.

Mrs. Pauli was graduated from Plainfield High School; Ann Reno Institute in New York and received her bachelor of science degree from Teachers college, Columbia University. She recently has been a kindergarten teacher in the Maxson school. Her husband is a graduate of Christopher Columbus High school, New York, and Stevens Institute of Technology in Hoboken. He served four years in the Navy and is in business with his father as a sales engineer in New York.

MARRIED

Thomas-Lewis—Mr. and Mrs. Chas. E. Lewis, of Frankville, near Swanton, have announced the marriage of their eldest daughter, Naomi June Lewis, to Corporal Gerald D. Thomas, son of Mr. and Mrs. William Thomas, of Paris, Texas. The single ring ceremony was solemnized on Tuesday, July 6, by Dr. Denver C. Pickens, pastor of St. Paul's Methodist church, Oakland.

For her marriage the bride was attired in a white ensemble with which she wore white accessories.

The groom is stationed at Fort Belvoir, Va., in the U. S. Army.

Following the ceremony a reception was held at the home of the bride after which the couple left for Washington, D. C., for their honeymoon.

Swauger-Simpson—Miss Nora Ethel Simpson, of Cumberland, daughter of the late Donald and Mary Simpson, of Grantsville; and Leland Robert Swauger, of Grantsville, son of Mrs. Alice Swauger, were married last Thursday evening, July 1, at 7 o'clock, at the home of Mr. and Mrs. Hilary Lewis, Cumberland.

Rev. D. J. Combs, pastor of the Methodist church, Grantsville, performed the double ring ceremony.

Attendants were Miss Leasure and Bruce Ryan, Cumberland.

The bride was attired in a powder blue crepe street length dress with white accessories and wore a corsage of pink rosebuds. The bridesmaid wore a white linen street length dress with white accessories and a corsage of red rosebuds.

The bride has been employed at the Kelly-Springfield Tire company in Cumberland the past three years. Prior to that she made her home with her brother-in-law and sister, Mr. and Mrs. Harry C. Edwards, Grantsville.

The groom has been employed at the Kelly plant for six years as a carpenter. He is also a member of the Grantsville Town Council.

The couple will reside in Cumberland.

Hinebaugh-Metius— Mr. and Mrs. Herman Metius, of Narberth, Pa., announce the marriage of their daughter, Darthea Katherine, to Dr. Mahlon Carleton Hinebaugh, of Wynnewood, Pa. The wedding took place in Oakland, Sunday, July 4, at the home of the groom's brother-in-law and sister, Mr. and Mrs. Neil C. Fraley.

Dr. Hinebaugh is the son of the late Dr. and Mrs. M. C. Hinebaugh, of Oakland.

Out-of-town guests who attended the wedding included Mr. and Mrs. Herman Metius and Mr. and Mrs. Richard Metius, of Baltimore.

Governor Issues Proclamation On Safety Campaign

The period July 1 to September 15 was designated as the time for the holding of a state-wide highway safety campaign in Maryland by Governor William Preston Lane in a proclamation issued Wednesday in which he called for the support of the general public in more careful observance of safety rules.

At the same time Governor Lane designated William H. Bishop, Jr., executive director of Traffic Safety, state of Maryland, as the state's official representative on a state committee to direct the publicity campaign designed to alert the public to their responsibilities when using the streets of the cities.

The campaign is being held at the request of the National Safety Council, with the Maryland Press Association sponsoring the campaign in Maryland as a public service at the request of the national organization. This organization of the state's newspapers was asked to sponsor the campaign in Maryland with forty-seven other state and regional press associations participating in a similar capacity in other sections of the country.

Serving with Mr. Bishop who will be the state's official representative on the state committee will be G. Arthur McDaniel, editor and publisher of the Federalsburg Times, who was selected by the press association to work with the state official in conducting the campaign, which will be designed to educate the general public and make them more conscious of their individual responsibility.

It has been noted that the campaign in Maryland will start before July 4 and continue past Labor Day, two holidays which have been periods when the toll of highway and street accidents was highest.

Church Meeting Called

Rev. George W. Simpson, pastor of the Evangelical United Brethren church at McHenry, announced there would be a meeting of the official members and other interested persons at the church at McHenry on Monday evening, July 12, at 8 p. m.

The purpose is to consider improvements to be made on the church building. There will also be election of officers and revision of records, Rev. Simpson stated.

THE GREAT GAME OF POLITICS

By FRANK R. KENT.

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

Three Distressed Groups

Three widely separated groups—two of considerable importance and the third of not so much—are deeply distressed over the Dewey-Warren ticket. First, there are the labor-union bosses; second, the Southern Democrats; third, the so-called Americans for Democratic Action, window-dressed by the Roosevelt boys, operated by old New Deal jobholders and supported by journalistic "liberals" of the "bleeding-heart" type

Take first the labor bosses. The Dewey nomination seems worse to them than any that could have been made. Not only is Mr. Dewey for the Taft-Hartley Act, which they continue to denounce as a "slave law," but distinctly he is less likely to submit to labor bullying or cajolery than any other. In 1946 he showed up these labor bosses as impotent political frauds. In his campaign for re-election for Governor they were unitedly hostile. The American Labor party, the Liberal party, the Communists, the CIO, the AFL, the railroad brotherhoods and the whole radical vote of the State lined up solidly.

He was given first place as an "enemy of Labor" and every ounce of strength the labor bosses had was used against him. He practically murdered them, carrying the State by the almost unprecedented majority of 700,000. It was a useful demonstration, doing as much as anything to free Congress from the fear which had enabled the labor bosses, with White House support, to dictate to it for so many years. It is entirely natural for them to be against Mr. Dewey now. There is no place for them to go except to Mr. Truman or Mr. Wallace. If the Republicans win, their days of unrestrained and arrogant power are over—and they do not like the prospect.

Take next the Southern Democrats, in revolt against Mr. Truman because of his advocacy of anti-segregation and racial-discrimination legislation, under the general and misleading head of "civil rights." The Dewey-Warren ticket weakens their position for the clear reason that Mr. Dewey, on this issue, is more offensive to them than Mr. Truman. Mr. Dewey not only was for this "civil rights" scheme, which, as Mr. Donald Richberg has pointed out, really strikes at the basic liberties of the individual under the Constitution, and, as Senator Taft has said, attempts to achieve by legislation a perhaps laudable end that just cannot be achieved by legislation—he not only was for these "civil rights" before Mr. Truman but actually put through a Fair Employment Practices Act in New York more than two years ago.

In light of these facts, what inducement is there now for the Southern Democrats further to split their party by a revolt in convention against Mr. Truman, which would serve only to make Mr. Dewey's election more sure? Obviously none, and despite the action yesterday of Virginia and Georgia, the revolt has lost force and direction—particularly as the Dewey-Warren ticket has apparently closed the door on the last hope of "drafting" General Eisenhower.

Finally, there is the A.D.A., the leaders of which seem in an even more sticky fix. They started out by being anti-Wallace and anti-Truman. Apparently they are convinced that, by rights, the Democratic party belongs to them as the real representatives of the late Mr. Roosevelt. Not being—according to them—a real New Dealer, they decided long ago that Mr. Truman must be ditched and, though at heart for the eager Mr. Justice Douglas, that General Eisenhower must be drafted. For a number of reasons their position appears absurd. One is that Mr. Truman's nomination always seemed inevitable; for another, the A.D.A. leaders, with access to wide publicity channels, are yet without influence or delegates; third, that even had the Republicans gone "back to Harding" and straddled on foreign policy, the chances of "drafting" General Eisenhower were always exceedingly remote.

Nevertheless, the idea is kept alive. The Eisenhower demand will be made in the Democratic Convention but it will get nowhere because it now has reached the point where there is no longer any thought that Mr. Truman can be pushed aside. Now, he is being appealed to, "for the sake of the party and the country," to step aside and personally ask General "Ike" to accept. There is not the slightest grounds for believing Mr. Truman will do such a thing, nor that if he did "Ike" would favorably respond. So far as the latter is concerned, despite the inspired letters pouring in on him, it is difficult to conceive of his having so little sense.

The optimistic outpourings on the Eisenhower subject of the unsavory Elliott Roosevelt and the pretense of knowing that "Ike" is really receptive reflect upon his integrity but do not alter the situation. Those is position to know assert that in the unlikely event of the convention nominating him, General Eisenhower would decline by wire. As for the President, besides the fact that to yield would make a craven of him (which is the last thing anyone can make of him), exactly why he should pay any attention to appeals or demands from the individuals, personally hostile and inherently unimportant, who want him to "step aside," is not easy to see.

Huge Outlays Planned In County For Repairs

An estimated $380,000 will be spent in repairing and modernizing non-farm homes in Garrett county during 1948, according to a report just released by a manufacturing concern.

That sum will be expended largely on painting, carpentry work, roofing repairs and plumbing, the report disclosed.

About 30 of every 100 homes in Maryland will be painted, either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or showers installed and six will have carpentry work done, the report revealed.

Throughout the nation between $2,600,000,000 and $3,300,000,000 will be spent this year on home repair, according to the report.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

By LOUIE D. NEWTON, D. D.

SCRIPTURE: Exodus 31:1-11; 35:30-36:1; II Chronicles 1:5.
DEVOTIONAL READING: Exodus 20:1-17.

Bezalel, The Craftsman

Lesson for July 11, 1948

THE dignity of labor, the source of artistic ability, the secret of mechanical skill, and the service of good workmanship—these are the facets that break across the ages, pointing us to worthier effort, as we study again the achievement of Bezalel and his associates in the construction and furnishing of the Tabernacle at Sinai.

Dr. Newton

You will wish to read the scripture passages for the lesson and the devotional reading, Exodus 20:1-17, and the golden text: "Whatsoever thy hand findeth to do, do it with thy might," Ecclesiastes 9:10.

* * *

A MAN WHO DID FINE WORK

BEZALEL, grandson of Hur, son of Caleb, was called of God to superintend the building of the Tabernacle. His name means "under the shadow of God." He knew how to do fine work, having been trained in Egyptian art and handicraft—metallurgy, carpentry, weaving, embroidery, leather-dyeing, gem-cutting and confections. He even knew the art of apothecary.

Best of all, he loved to do fine work. It is one thing to possess the know how, it is yet another thing to love the execution of a great design.

* * *

TRAITS OF CHARACTER

BEZALEL possessed knowledge as a fine craftsman, but back of this technical knowledge was spiritual discernment. He was filled "with the spirit of God." He worked at the temporal, but he worked for the eternal.

He possessed wisdom — wisdom which comes only from God. Wisdom which means understanding in the sense in which Solomon speaks in Proverbs.

Picture life with every workman filled with the spirit of God, and possessing an understanding of his task in the light of God's eternal will. Here, I fancy, Henry Van Dyke may have got the inspiration for his great poem on "Work."

* * *

HANDS THAT SERVE GOD

AHOLIAB, meaning "the father is my tabernacle," was called of God to help Bezalel in this high and holy task. He was of the tribe of Dan—which tribe furnished Hiram as chief artist in building Solomon's temple. Aholiab, "given of God" for this divine task, gladly dedicated his skillful hands in helping Bezalel.

And there were many others who helped—"wise, hearted," we read. Here was a task, God's task, and here were leaders, Bezalel and Aholiab, ready to serve God; and here were helpers, wise hearted.

* * *

WORK FOR EVERY DAY

TURNING now from the fascinating story of how Bezalel and Aholiab and their helpers constructed and furnished the Tabernacle at Sinai, according to the minutest detail as outlined in the passages above cited, let us ask, What about our work?

There is work for everyone every day. "To every man his work." And every task is essential in bringing to pass the Kingdom of God on earth. God did not make us for idleness. He made us for a purpose—that purpose to do our particular work. None other can do what God has ordained that we should do.

"My Father worketh hitherto, and I work," said Jesus. "Work, for the night cometh when no man can work."

Will my work be done ere the night come?

"Time worketh,
Let me work, too,
Busy as time my work I ply,
Till I work the work of eternity."

J Edgar Long and all persons having or claiming to have any interest in the parts of Lots Nos. 98, 99, 125 and 126 in Wilson's Addition to Oakland, as extended, conveyed to J. Edgar Long by deed from Nannie E. Goss, Trustee, dated September 13, 1917, and recorded in Liber E.Z.T. No. 72, folio 368, Land Records of Garrett County, and Part of Lot No. 102 in said Wilson's Addition to Oakland, conveyed to said J. Edgar Long by deed from Walter M. Powell, dated March 24, 1930, and recorded in Liber E.Z.T. No. 100, folio 311, Land Records of Garrett County, Maryland, said lots being situate in Election District No. 14 of Garrett County, Maryland, heretofore assessed to said J. Edgar Long as one lot 250x200.

No. 4930 Equity, In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following property situate in Election District No. 14 of Garrett County, Maryland:

Parts of Lots Nos. 98, 99 and 125 and 126 in Wilson's Addition to Oakland, as extended, conveyed to J. Edgar Long by deed from Nannie E. Goss, Trustee, dated September 13, 1917, and recorded in Liber E.Z.T. No. 72, folio 368, one of the Land Records of Garrett County, Maryland, and part of Lot No. 102 in said Wilson's Addition to Oakland, conveyed to J. Edgar Long by deed from Walter M. Powell, dated March 24, 1930, and recorded in Liber E.Z.T. No. 100, folio 311, Land Records of Garrett County, Maryland.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON this 21st day of June, 1948, by the Circuit Court for Garrett County, Maryland, ORDERED, That notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by the 6th day of September, 1948, and redeem the property and answer the bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

vs.

The Heirs of Charles Crampton Harvey, and all persons having or claiming to have any interest in an undivided one-half interest in 231 acres of coal in Election District No. 10 of Garrett County, Maryland, the same being the residue of coal conveyed to the said Charles Crampton Harvey by two deeds, the first from Charles E. M. Hilleary et ux, dated April 8, 1899, and recorded in Liber E.Z.T. No. 36, folio 292, and the second from Josiah T. Beckman et ux, dated September 26, 1908, and recorded in Liber E.Z.T. No. 58, folio 186, both Land Records of Garrett County, Maryland, said coal underlying Military Lots Nos. 436, 458 and 461, and part of a tract of land called "Triumph" and being the interest therein which vested in the heirs of the said Charles Crampton Harvey, other than his widow, Clarissa Harvey, upon his death, intestate.

No. 4931 Equity, in the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following property situate in Election District No. 10 of Garrett County, Maryland, sold by the Collector of Taxes for Garrett County, Maryland, to the plaintiff in this proceeding:

An undivided one-half interest in 231 acres of coal, which was conveyed unto Charles Crampton Harvey, by two deeds, the first from Charles E. M. Hilleary et ux, dated April 8, 1909, and recorded in Liber E.Z.T. No. 36, folio 292, and the second from Josiah T. Beckman et ux, dated September 26, 1908, and recorded in Liber E.Z.T. No. 58, folio 186, both Land Records of Garrett County, Maryland, and being parts of the tract of land called "Triumph" and Military Lots Nos. 436, 458 and 461, less the two small parcels of the three-foot or Thomas Upper Freeport seam or vein of coal, the first containing 3 acres and the second 3 3/8 acres, conveyed by the said Charles Crampton Harvey to Benjamin W. Harvey and Charles E. Martin by two deeds, the first dated October 16, 1908, and recorded in Liber E.Z.T. No. 59, folio 97, and the second dated January 11, 1910, and recorded in Liber E.Z.T. No. 59, folio 537, Land Records of Garrett County, Maryland.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON this 21st day of June, 1948, by the Circuit Court for Garrett County, Maryland, ORDERED, That notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, once a week for four successive weeks, warning all persons interested in the said property to be and appear in this Court by the 6th day of September, 1948, and redeem the property and answer the bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiff a title, free and clear of all encumbrances.

Republican Platform Ratified by Delegates

The Republican national convention, meeting in Philadelphia last week, unanimously ratified the 1948 GOP platform pledging the party to an internationalist approach to world peace, a potent military force, a battle on Communism at home, and civil rights for all.

On this platform Republicans hope to move into the White House for the first time in 16 years.

No one voice among the 1,094 delegates was raised against the 2,000 word document, now left for the judgment of the American voter who will pick a President in November.

Resolutions Chairman Henry Cabot Lodge said it is the shortest platform in Republican history—"but it says a mouthful."

Applause greeted reading of the foreign plank and the civil rights section.

The platform calls for anti-lynch and anti-poll tax legislation, and takes a stand against racial segregation in the Armed Forces. A similar proposal to Congress by President Truman has torn the Democratic Party apart.

On foreign affairs, the statement of principles shuns isolationism. It declares for:

1. The strengthening of a United Nations backed by a world police force.

2. Elimination of the big power United Nations veto in cases dealing with peaceful settlement of disputes.

3. Aid to peace-loving nations for "collective security against aggression."

4. Economic aid to the new nation of Israel.

GORTNER

Pastor Dunson will preach on Sunday evening. The Brethren have recalled their appointment on account of the dedication of the Eglon parsonage.

The Sunday School contributed $16 for the new Meadow Mountain church.

Mr. Ernest Spoerlein, who is attending six weeks of school in Baltimore, was home over the week-end.

Mr. Noah Swartzentruber, of Indiana, arrived on Saturday to help care for his brother, Mr. D. J. Swartzentruber, who is still confined to his bed from a stroke he suffered several months ago.

Delbert Swartzentruber went to Canton, Ohio, for employment.

Mrs. Will Welch accompanied Mr. and Mrs. Lester Hardesty to Fellowsville, on Sunday.

Miss Mary Lichty entertained the following at dinner: Mrs. Lydia Miller, Mrs. Olen Bender, Mrs. Mark Bender, Mrs. Kate Hershberger and son Danald, Ernest Miller and family of Springs, Mr. and Mrs. Willard Swartzentruber and family, Mrs. Jacob Swartzentruber, Mr. and Mrs. Dan Lichty and children and Mrs. D. L. Swartzentruber and daughter, Harriett.

Mr. and Mrs. Joseph Wrote and daughter Margaret, of Detroit, Mich., spent Friday afternoon with Joel Slabach and other relatives, going from here to Pittsburgh to visit her mother, Mrs. Annie Irwin.

Mrs. Art Fulk entertained at a birthday party in honor of her son James fifth anniversary. The Fulks arrived from Tennessee several weeks ago and are living in their trailer at the home of her parents, Mr. and Mrs. Will Sanders.

A number of our folks were present at the frolic at Mr. Noah Slabach's house in Mt. Lake Park, one day last week. Mrs. Elwood Beckman served the picnic dinner.

Mr. Joni Miller and family were dinner guests of Mr. and Mrs. Simon Swartzentruber, on Sunday.

Mr. and Mrs. David Zook, of Lancaster, were week-end visitors here.

Mrs. Mary Crowe, who returned from the Brethren Conference in Colorado, visited her relatiives here last week and returned to her work in Washington.

On the 18th Pastor Ray Spencer, of Cumberland, will conduct an all day meeting in Nicholson's Grove honoring his mother and other old folks. You are invited.

Mr. and Mrs. Albert Sisk visited Misses Anna and Lucy Lichty.

Mr. and Mrs. Ross Crowe recently entertained Mrs. Mary Crowe, Mr. and Mrs. Zenas Melotte, Swallow Falls; Mr. and Mrs. Homer Melotte, of Vienna, Va.; Mr. and Mrs. Willard Teets and family, of Cranesville; Mr. and Mrs. Harry Beeghley, Oakland; and Mr. and Mrs. Ray Beeghley, of Sunnyside.

During the storm on Saturday evening, lightning struck and burned a barley shock in Swartzentruber's field.

United States planned to send tanks, fighter planes and guns to Iran so it could maintain its security.

Cape Cod Sloop Wins Deep Creek Race

The Deep Creek Yacht club featured race of the day on Monday at the lake was won by Harold H. Muma's Cape Cod sloop, sailed by his two sons, Robert and Harold, Jr.

The winning margin of the race was only eight seconds, with the winner closely followed by Commodore Richard Holben's snipe and Henry K. Duke's Cape Cod.

John F. Schaidt's "Penguin," handled by Mr. and Mrs. Paul Hutson, Jr., piled up a commanding lead over the larger boats during the first lap around the course. Qualifying runs were run on Saturday. Races were run for the first time since before World War II. Harold H. Muma, chairman of the racing committee, was assisted by Robert Knipe, timer, and John F. Schaidt, starter. Races are planned every week-end during the season.

THE REPUBLICAN

VOLUME 72. OAKLAND, GARRETT COUNTY, MD., JULY 15, 1948. NUMBER 20.

Pratt Library Jan 49

Centennial Nears . . . . . .

The interest aroused during the winter months in regard to Oakland's centennial celebration in 1949 has dropped to a low ebb, but we truly hope the condition is only temporary.

And we further hope that the plans do not resolve themselves into the idea that to have an effective celebration there must be a carnival.

We are inclined to agree with a recent editorial in the Cumberland News that "there is little, if anything, to be said in behalf of these traveling shows and until they are elevated to a higher level of entertainment the City Council will be rendering a public service when it gets around to closing the city's gates to them."

We are not looking down a long nose when we agree with that and we will resent anyone designating us as a "stuffed shirt." But carnivals in general have poor type shows which, to quote again, "have little to contribute in the way of entertainment, and certainly are not of a calibre parents would care to send or take children. Midways are comprised of cheap attractions and ring and penny-tossing games of chance."

We have no reason to believe that those who will be responsible for a centennial celebration have any such thought in mind, but it is our opinion that the observance of Oakland's 100th birthday anniversary should be of the highest standard, one that will take much study and thought.

If we wait until the year 1948 ends before laying our plans, the actual celebration will suffer.

Here To View Farm Home Activities

For the purpose of viewing some of the farmers' home activities in the county and to see the Farmers Home Administration at work, Representative J. Glenn Beall, congressman from this district; and E. Marshall Newton, Jr., state director of the F.H.A., were in Garrett county on Tuesday. They conferred with B. Beeson Snyder, F.H.A. supervisor, and visited several farms where funds to make purchase of the farm properties had been provided.

According to Mr. Snyder there are 14 farm ownership loans active in the county and also 100 operating loans in force.

The visit was the first of its kind in Maryland and will be followed by additional trips throughout the state to acquaint the Representatives in Congress with the work of the organization.

The Farmers Home Administration is an agency of the U. S. Department of Agriculture, and is designed to assist the small farmer on the road to better farming and improved living for himself and his family through supervised credit. Credit services are limited to farmers who cannot get the credit they need from other permanent sources at reasonable rates, it was stated.

Loans made to buy supplies and livestock are considered operating loans, and those made to improve or enlarge farms are referred to as farm ownership loans.

All loans are made in this and Allegany county through the association office located in the Garrett National Bank building, Oakland. Otis Riley, Owen Martin and W. F. DeBerry are members of the Garrett County F.H.A. committee.

Since 1937 when the Bankhead-Jones Farm Tenant act was passed by Congress over 7,500 of the more than 47,000 in the nation who have bought family-type farms through the program have already repaid their loans in full from farm income, and those still repaying are 56 percent ahead of scheduled repayment. Around 24 percent of those who have received farm ownership loans in Maryland have repaid their loans in full way ahead of schedule, it was stated.

Trooper Browning Takes High Honors in Marksmanship

Trooper Jack Browning, formerly of Sang Run, and the Maryland State Police department's best pistol shot, was among 15 officers who received marksmanship awards at the annual inspection, made by Col. Beverly Ober, department superintendent, in Cumberland on Tuesday.

Trooper Browning, who scored 297 out of a possible 300 in qualifying matches, was presented with the Superintendent's Medal, which Col. Ober annually awards to the officer with the highest score in the state. The medal is a gold piece with two gold bars above it. It is the first time the medal has been awarded to a trooper in this area.

Browning is the son of Mr. and Mrs. J. Frank Browning, of Sang Run.

Two Other Local Troopers

Trooper George E. Coddington, son of Mr. and Mrs. George O. Coddington, was presented the experts award for marksmanship, while Trooper Robert D. Henline of Crellin, qualified for the award of marksman, at the annual inspection.

Packaging of Lettuce, Cauliflower Added to Cannery Activities

Experiment Being Conducted in This Area Which Might Turn Into Big Business For Farmers

The packaging of cauliflower and head lettuce are being added to the activities of the Mt. Lake Canning Co., Inc., this year in an experiment that could turn into big business for the farmers of this area, it was announced by Roland Shaffer, operator.

Conditions for the growing of cauliflower and head lettuce, cool weather crops, are said to be ideal in this area, a particular spot being the Canaan Valley near Davis, W. Va. The Valley is a four by twenty-five mile area of gently undulating farms and forests nestled among the peaks and is a community of approximately thirty families. The elevation is 3,200 feet.

An article in the B. and O. Messenger tells of the experiment.

"Several years ago specialists from the University of West Virginia recognized that while Canaan Valley might be unsuited to corn and Soybeans, the conditions which discourage these crops make it nearly ideal for vegetables like cauliflower, broccoli and head lettuce."

The first small commercial acreage of cauliflower was planted in the Valley four years ago. Quality and yield were good but the problem of marketing became acute, because of lack of uniformity in the pack and inadequate knowledge of market demands. The Baltimore and Ohio railroad became interested in the project, and now the canning company at Mt. Lake Park has been brought into the picture.

This year the Valley farmers are growing approximately twenty acres of cauliflower, twenty acres of head lettuce and five acres of carrots. At harvest the produce will be hauled to the Canning plant where the management will trim, grade, pack, precool and load the crop into refrigerated cars sent to Cumberland, where it will be completely iced, and thence shipped to New York City, to be sold by an experienced firm. Mr. Shaffer said the company also had out some experimental patches of cauliflower and head lettuce and the outlook was promising. The harvesting will begin about the first of August.

Within the next two weeks the company will also harvest about 40 acres of green beans. The latter part of August there will be about 300 acres of corn to be harvested and canned, the company continuing the practice of canning a good portion of this in whole kernels. No peas are being canned this year by the Mt. Lake company, there being a surplus of this vegetable last year.

Mr. Shaffer said upwards of one hundred persons would be employed from time to time during the canning season.

Golf Match Scheduled

A golf match between members of the White Day Country club of Clarksburg, and the Oakland Country club, has been scheduled for Sunday, it was announced by I. J. Bosley, manager. Mr. Bosley said a 20-man team would come to Oakland to compete.

Phil Contic, winner of the club championship last year, will be the No. 1 man for the Oakland team.

It was also announced that beginning next Wedensday there would be an 18-hole medal play match for ladies of the club.

Accident Soldier's Remains Re-buried

The body of Second Lieutenant Clyde R. Custer, 25, of Accident, who lost his life in Broughshane, Ireland, on July 4, 1944, arrived in Oakland on Wednesday morning at the Leighton Funeral home.

Funeral services are being conducted this afternoon, July 15, from St. Paul's Lutheran church in Accident, at 2 o'clock, in charge of Rev. Robert R. Johns, former pastor of St. Paul's church. Reburial will be in the church cemetery. Members of Accident Post No. 208, American Legion, are in charge of services at the grave.

Lieut. Custer was a son of Thomas and Oma Blanche Custer, of Accident, and is also survived by one sister, Mrs. Charles T. Mower, Potomac Park, Cumberland.

Deceased was born in Accident January 7, 1919. He entered the service October 3, 1941, was commissioned a second lieutenant in the fall of 1943, and flew to England in May, 1944. He was killed on his first mission.

Tri-County 4-H Camp Now Open

Nineteen Garrett county 4-H club boys are among the 75 persons from Garrett, Allegany and Washington counties who are attending the summer session at the Bittinger recreation area this week.

The camp will end Saturday. Handicrafts, conservation, sports, rifle marksmanship and forestry are among the subjects being taught. Mrs. Gilbert Miller, Cumberland, was scheduled to give a talk on birds last night and William A. Parr, district forester, lectured and gave demonstrations on forestry and fire fighting.

Mt. Lake Councilmen Re-elected Tuesday

Mt. Lake Park's two councilmen, whose terms expired, were re-elected at the annual municipal election held on Tuesday. Joseph F. Turney received 40 votes and Earl L. Sebold received 33 votes to re-elect them for another two-year term. The only other aspirant for the position was A. P. Sanders who received 29 votes.

Mayor Dempsey R. Fleming has another year to serve and hold-over members of council are R. C. Bittinger, Marshall DeWitt and J. T. Moon.

Mayor Fleming said 66 votes were cast, and 12 ballots were spoiled.

Knights to Install Leaders on Friday

Lewis R. Jones will be installed as chancellor commander of Garrett Lodge No. 113, Knights of Pythias, and other officers will assume their positions at the regular meeting on Friday evening. Reaford Purbaugh, lodge deputy, will be the installing officer.

Others to be installed are Harry C. Coddington, vice-commander; Maurice Brookhart, prelate; Charles Davis, master of work; Gene Liller, master at arms; Walter Hardesty, secretary; Milburn Mann, financial secretary; A. G. Gortner, treasurer; George Comp, inside guard; and Beeson Snyder, outside guard.

Addresses Lions Club

The importance of soil and forest conservation was the subject discussed by A. R. "Pete" Bond, assistant state forester, at the regular meeting of the Oakland-Mt. Lake Lake Lions club on Monday evening.

The program was in charge of Denzil Bowyer, chairman of the program committee.

Soldiers' Bodies Are Being Returned Here

Remains of 4,383 Americans who lost their lives during World War II have been returned to the U S. from Europe. Armed forces dead orginally interred in temporary military cemeteries in France and Belgium are among those brought back to this country.

A total of 39 remains were returned upon instructions of next of kin residing in Maryland. Among them were two Garrett county soldiers, Sgt. Luther Pennington, son of Mrs. Mabel Ruth Pennington, Oakland, and Pfc. David L. Yommer, son of Bruce Yommer, Grantsville.

Next of kin are to be notified in advance of the arrival of the remains at the regional distribution centers.

Miss Farmerette To Be Named at Annual 4-H Rally July 24th

Gathering To Be Held at Bittinger Recreational Area For 4-H'ers and Friends

The second annual 4-H boys and girls Rally day will be held Saturday, July 24, at which time Miss Farmerette will be named for Garrett county and project work of club members will be on display.

The gathering is for a general get-together of all 4-H boys and girls, their parents, farm families and friends, and will be held at the Bittinger Recreation area, beginning at 10 a. m., standard time.

The Miss Farmerette contest is sponsored by the Associated Women of the Maryland Farm Bureau, and any girl in the county who is between the ages of 16 and 18 (inclusive), single, who lives on a farm of three acres or more, but who may be working in town or attending college; and who has home economics training or 4-H preparation, is eligible to compete. Last year's winner was Miss Evelyn Custer, of Swanton, who participated in the state finals.

The 4-H boys will exhibit their baby beefs. The 4-H girls will exhibit their project work to be judged. Demonstration teams from various 4-H clubs in the county will compete for first place.

A basket picnic will be held at noon, following which there will be a planned recreation and swimming period. Arrangements for the rally are being made by members of the Extension Service staff.

Roads Being Oiled

The summer oiling program of the State Roads Commission is about completed in Garrett county, it was announced this morning from the roads office. About 25 miles of roads are receiving the coating of oil and chips.

Route 40 and the Markleysburg roads have been completed and they are now at work on 219, between Keyser Ridge and Accident. Other small spots include 219, from Deep Creek toward Oakland, from Oakland towards Red House, and some spots south of Red House; the Mt. Lake-Deer Park road, Swanton towards North Glade, and portions of Third street in Oakland.

The oiling began about June 28 and has been hampered somewhat by the rainy weather.

Wheat Loan Program Under Way in State

Production and marketing administration authorities at College Park report the 1948 wheat loan program now under way with many farmers putting their crop under loan.

It was explained that the wheat grower can put his crop under loan and if the price goes up later he can redeem the loan, sell the wheat and be money ahead. If the price in the open market falls he can allow the loan to mature and the Commodity Credit Corporation becomes owner of the wheat.

Details can be secured from the local triple-A office. The price for No. 2 wheat for Garrett county is $2.15.

No Complaints

At a special appeal session held by the County Commissioners on Tuesday to hear any person or persons who were dissatisfied with the new assessments in district No. 4, there were no complaints, it was announced.

Plans Completed For 27th Annual Tennis Tourney

Competition for Western Maryland Championships to be Conducted August 9 to 14 on Mt. Lake Courts

Arrangements for the twenty-seventh annual tennis tournament for the Western Maryland championships, were completed at a meeting of the Mt. Lake Park Tennis club on Monday evening at the home of Mr. and Mrs. George Deacon.

The matches will be held August 9 to 14, inclusive, on the Mt. Lake Park courts, with events in men's and women's singles and doubles and mixed doubles. The event is sanctioned by the United States Lawn Tennis Association.

A new three-year challenge cup will be offered this year, as the former Major W. N. Skyles cup became the permanent property of John H. Curtiss, of Washington, D. C., he having won the men's singles events in 1945, 1946 and 1947.

Women will compete for the Frances Grimes Memorial bowl, which also will become the permanent property of the player when won three times. Mrs. Ann Grey, Washington, D. C., was the winner in 1945 and 1946 but did not compete last year. The bowl was won last year by Mrs. Elizabeth Hugus Smith, Wheeling, W. Va. Suitable prizes also will be awarded the winners and runners up.

Social activities during the week will include a reception at Mt. Lake hotel on Tuesday, August 10; an informal dance at the Oakland Golf club on Wednesday; a formal subscription dance at Mt. Lake hotel on August 13, and a party and awarding of prizes on August 14.

Entries for singles events close at 8 o'clock on Sunday, August 8. The drawing for men's and women's singles will be held on Sunday evening at the Mt. Lake hotel, according to Ralph E. Weber, chairman of the committee on arrangements.

Stocking of Fish Reaches Sizeable Amount In County

A list of fish stocked in the waters of Garrett county during the past fiscal year, received by Senator L. M. Fraley from Ernest A. Vaughn, director of the Game and Inland Fish commission, shows that this section is not being neglected in providing sport for permanent residents and the summer visitors, with a total of some 49,000 having been placed since last fall. The list includes a total of 14,904 brook, brown and rainbow trout over 8 inches; 1,000 trout from 6 to 7 inches; 26,662 fingerling large mouth bass, 1,090 adult bass; 6,000 sunfish and 250 crappie.

The trout were all placed this year during March, April and May and were separated as follows:

8-in. Trout—Bear Creek 4,004; Savage river, 6,300; Cherry Creek, 500; Laurel Run in Potomac State forest, 500; Laurel Run at Kempton, 500; Mill Run, below Friendsville, 500; Salt Block, 500; Youghiogheny river above Crellin, 500; Piney Run, near Finzel, 200; Puzzley Run, 500; Muddy Creek, 500 Puzzley Run, 200 Poplar Lick, 200.

Trout, 6 to 7 inches—Tolliver, 200; Boiling Spring, 200; Crabtree, 100; Poplar Lick, 100; White Rock, 100; Hoyes Run, 100; Blue Lick, 100 and Big Run, 100.

The locations for stocking bass, sunfish and crappie were not listed, but practically all of these amounts went into Deep Creek Lake.

Mr. Fraley said Mr. Vaughn had advised him that the commission was now in position to accept a greater number of legal size large mouth black bass from commercial fishermen of the upper Chesapeake Bay, and that Deep Creek Lake would receive a proprotionate share of those expected to be received either in late September or early October.

To Plan For Annual Boy Scout Outing

Members of the Oakland Boy Scout Troop committee and the Scout committee from the Oakland-Mt. Lake Lions club will meet next Thursday evening to make plans for the annual encampment of the Oakland troop at the permanent camp site on Deep Creek Lake.

It is planned to have the camp August 1 to 15. Arlie Fike will again be the camp cook.

Miss Garrett County

Miss Molly Smart, daughter of Mrs. Angela Smart, had the title of "Miss Garrett County of 1948" confered upon her in recognition of her winning the beauty contest sponsored by the Mt. Top Chamber of Commerce last Thursday night. Miss Smart, a recent graduate of Oakland high school, intends to continue her education this fall at Towson State Teachers college.

Democrats Nominate Truman and Barkley

The Democrats nominated Harry S. Truman for President last night on a strong civil rights platform that threatened a deep north-south split in the Democratic party. Truman received 947½; Senator Richard Russell, Georgia, 263; Paul V. McNutt, ½, and 23 did not vote.

President Truman's nomination came on the first ballot.

The convention then proceeded to nominate Senator Alban W. Barkley, of Kentucky, for vice-president.

Mr. Truman arrived from Washington to address the convention in its final hours and to fire the Democrat's first official campaign gun in the coming struggle against the Republican ticket of Governors Thomas E. Dewey and Earl Warren.

The harsh echoes of a North-South floor fight over party principles were still resounding when the delegates gave Mr. Truman the campaign banner. The north won the civil rights battle, persuading the convention to turn down a Dixie-sponsored states rights plank in the platform, and then getting the party to go on record in favor of the civil rights laws asked by Mr. Truman and vehemently opposed in the South.

All of Mississippi's delegates and half of Alabama's strode out of the convention in protest. Big city delegations which were beckoning to Gen. Dwight Eisenhower last week had long since swung into line for Truman.

Lightning Hits Tent

Five Kempton residents on a camping trip at Herrington Manor, west of Oakland, on July 3, sustained burns and electric shock when their tent was struck by lightning during a severe electrical storm.

The injured were Mr. and Mrs. Isaac Arnold, Miss Pauline Arnold, Dale Lewis and Elwood Lewis.

Two others of the party, Mr. and Mrs. Ode Arnold, who were in a truck some distance away from the tent escaped injury.

It was also learned this week that five cows on the farm of H. G. Gortner, south of town on Cherry Creek road, were killed by lightning during the same storm. They were under a tree in the pasture field.

Named to Pharmacy Board

Clyde F. "Dix" Dawson, owner of Dawson's pharmacy in Huntington, W. Va., has been named a member of the West Virginia Board of Pharmacy, effective July 1, for a term which will expire June 30, 1953. Mr. Dawson received the information on Sunday.

He has been in Huntington since 1924, and is a brother of Walter W. Dawson, Oakland, and George Z. Dawson, Mt. Lake Park.

MOLLY SMART IS BEAUTY WINNER

Is Given Title of "Miss Garrett County" In Contest Here Last Thursday

Miss Molly Smart was crowned "Miss Garrett County of 1948" after winning first place in the beauty contest last Thursday night sponsored by the Mt. Top Chamber of Commerce. She will compete in the state contest for "Miss Maryland" in Cumberland next month.

Miss Smart, a daughter of Mrs. Angela Smart, was graduated from Oakland high school this spring and plans to enroll in college in the fall. She was entered in the contest under the sponsorship of the Chamber of Commerce, having formerly been honored as one of the outstanding "Teen Agers" in the area.

She was declared winner over two other participants in what was termed a close contest. Judges said that only 17 points separated the three girls' scores.

Miss Davis Is Second

In second place was Miss Mary Jane Davis, a journalism student at West Virginia University, while Miss Florence Sisk, student of Shenandoah Conservatory of music, copped third.

In the talent competition, Miss Smart presented a monology in Negro dialect, Miss Davis spoke on her journalistic ambitions, and Miss Sisk sang "The Russian Nightengale." The three appeared first in bathing suits, then evening gowns to give their respective talents.

Walter E. Dawson served as master of ceremonies for the contest with Thomas F. Conlon, Sr., Mrs. Arrelia Becker, C. F. Helmick, Robert Goldfine, all of Cumberland; Mrs. Paul Naylor, F. E. Rathbun, and Mrs. Thomas Lusby, Oakland,, serving as judges.

A delegation from Cumberland which was composed of this year's Cumberland winner, Miss Juanita Lookabaugh; "Miss Maryland of 1947", Miss Jean Dixon, and Jack Moore, general director of "Miss Maryland" committee failed to appear at the local contest as scheduled.

Several other numbers interspersed the appearance of the contestants and featured vocal numbers by Miss Betsy Phillips; Miss Barbara Pollock, tap dancing; Miss Sherry McCutcheon, ballet; and Mrs. Ruth Brown, singing.

State Senator L. M. Fraley presented the "Miss Garrett County" ribbon to Miss Smart, and James B. Nally gave her a bouquet of roses. The contest was well attended.

Camera Enthusiasts To Submit Lists of Interesting Subjects

At a meeting of the Camera Club, scheduled for Friday evening, July 16, about 7:45, at the William-James hotel, a number of camera enthusiasts will submit lists of subjects which would be suitable for use in advertising the county.

The club organized last week with the purpose in mind of producing a sound film about the county which could be widely distributed.

Rev. Austin F. Schildwachter, secretary, issued an invitation to all interested persons to attend the meeting which is scheduled following the regular meeting of the Oakland Rotary club.

At the meeting last Thursday evening, Fulcher Smith submitted a list of subjects to be photographed pertaining to Deep Creek Lake, hunting and fishing.

Boys Staters to Return Tonight

Three youths will return to their homes tonight after spending two weeks at Boys State, at Ft. Meade. Jack Kight and Fred Bell, Jr., who were sponsored by Proctor Kildow Legion post No. 71, and Frederick Thayer III, who was sent by the Oakland firemen, were shown just how the State government works, holding an election and legislative sessions while there. As an outcome of the election, Fred Bell managed the post of police chief for the event, and was pictured in the Baltimore News-Post on Monday.

On Monday, the boys visited the Secretary of State, then toured the Naval Academy at Annapolis. They also toured Baltimore and Ft. McHenry on Wednesday. After a party given by their councilors, they will begin the journey home.

Cooperative Group To Meet at Aurora

Presentation of the annual report of Southern States Cooperative, and election of new members to the Advisory Board and Farm Home Advisory Committee will be among the highlights of the annual membership meeting at 8 p. m. Friday, July 23, at the Community building, Aurora.

A business session and entertainment will be features of the session, according to Brook Stemple, Amboy, Advisory chairman, who will preside. Approximately 350 are expected to attend.

Nominees for vacancies that will occur this year on the Advisory Board are E. B. Straser, John T. Fike, Ernest Harsh, Eglon; and Roy Durst, Amboy. Nominees for posts on the Farm Home Committee include Mrs. Lawrence Artis, Mrs. Guy Harvey, Oakland; Mrs. Claude Winters, Eglan; and Mrs. A. D. Forman, Amboy. Other nominations may be made from the floor.

The annual report will be presented in the form of a brief film slide series by C. A. Williams, district manager for this area.

Cash prizes and ribbons will be awarded in a feed bag style show, open to farm women and girls. Mrs. Glenn Mason, Aurora, is chairman.

Chairmen of several committees include Fred Stemple, Page Schrock, Allen Lipscomb, and Mrs. George Watring.

An organization meeting of Advisory Board and Farm Home Committee members will take place following the regular session. Retiring members of the two groups are A. D. Forman, Brooke Stemple, Mrs. Roy Durst, Amboy, and Mrs. Fred Stemple, Aurora.

Campaign To Reduce Traffic Fatalities Is Underway In State

A study of automobile accidents for three months of 1947 has been made in order that comparable figures can be prepared from reports of accidents this year, to determine the effectiveness of a safety campaign being made by the newspapers of Maryland to reduce highway fatalities and property damage.

Baltimore led the remainder of the state in number of highway accidents during July, August and September last year, but there were far fewer fatalities. There were 2,173 accidents in Maryland outside of Baltimore City during those three months, compared with 2,451 accidents in that city. Prince George's county alone, however, had more fatalities than were recorded in that city for the same period.

With mileage traveled on the upsurge, only a determined effort will prevent a shocking increase in number of deaths and property damage, according to prediction by experts.

It was noted that Maryland had its first fourth of July free of a highway death in many years during which completed records have been kept by the state police.

Last year during July, August and September, Garrett county had 20 accidents, with 13 people injured and two people killed.

White sidewall tires, as illustrated, available at extra cost.

TWO HEADLINERS are better than one!

NO doubt about it—the tires on your car have a lot to do with its comfort, and the new oversize casings deserve all the headline play they're getting.

But if you like to take things easy as you drive, why be content with one such headliner, when Buick gives you riding comfort in a double dose?

For instance, every 1948 Buick rides on lower-than-usual air pressures. That comes not only from the tire sizes, but from the fact that Buick wheels have the widest rims in the industry.

Wider rims increase tire air capacity. They also straighten sidewalls, giving them a bracing action against side thrust and sway.

Result: Comfort plus control—a soft ride and surer handling—in every Buick in our '48 line.

On top of that, every Buick has a soft coil spring on each wheel to back up the cushioning action of the tires.

Each wheel is prepared to step over bumps as they come, front and rear springs are precisely balanced with each other, and both front- and rear-seat passengers enjoy a level, jounce-free ride.

On such springing alone this sprightly fashion plate of '48 would be noted for its easy-going stride.

But we figure that two headline features are always better than one, so every Buick enjoys both gentler springing and lower-pressure tires.

Go try out a Buick and see for yourself what we mean. If you haven't done so already, you'll see your Buick dealer pronto, with or without a car to trade—and get a firm order in.

The Widest Rims in the Industry

Compare Buick rims with those on other cars of the same size and weight, and you'll find that Buick's are wider—why? Because wider rims increase air space and permit lower air pressures. They also give sidewalls an extra bracing action that checks sidesway. The result is a softer ride, plus better car control.

Valuable Real Estate

ELECTION DISTRICT NO. 11 OF GARRETT COUNTY, MARYLAND.

Under and by virtue of the powers vested in us as Trustees by decree of the Circuit Court for Garrett County, Maryland, bearing date the 13th day of July, 1948, and passed in a cause then depending, wherein Frederick Wilt et al were plaintiffs and Violet Marie Wilt defendant, the same being No. 4032 Equity in said Court, we, the undersigned Trustees, do hereby give notice that on

SATURDAY, AUGUST 7, 1948,

at the hour of 11 o'clock, A. M., E.S.T.,

in front of the Court House in the Town of Oakland, Maryland, we will offer for sale at public auction to the highest bidder all of the following described real estate situate, lying and being in Election District No. 11 of Garrett County, Maryland, to-wit:

All that part of the tract of land called "Republic" containing 197 acres, more or less, which was conveyed unto Peter H. Wilt, now deceased, by deed from Patrick S. Fazenbaker, dated August 27, 1918, and recorded in Liber E.Z.T. No. 74, folio 301, one of the Land Records of Garrett County, Maryland.

Excepting therefrom a small lot conveyed by said Peter H. Wilt and wife to the County Board of Education by deed dated November 9, 1936, and recorded in Liber A.G.R. No. 114, folio 253, Land Records of Garrett County, Maryland, said conveyance being subject to a right of reversion after ten years nonuser by said Board of Education.

ALSO—An adjoining parcel of land, containing 58 acres and 6 perches, more or less, to which became vested in the said Peter H. Wilt by virtue of the provisions of the last will and testament of Peter M. Wilt, dated August 29, 1907, and recorded in Wills Liber B. No. 309, one of the records in the Office of the Register of Wills for Garrett County, and by deed from Peter T. Wilt et ux, dated March 30, 1920, and recorded in Liber E.Z.T. No. 74, folio 279, one of the Land Records of Garrett County, Maryland.

The said parcel of land is subject to the rights granted to the State of Maryland to construct, operate and maintain a trail over part of the same, by deed of easyance dated August 25, 1934, and recorded in Liber A.G.R. No. 110, folio 99, one of the Land Records of Garrett County, Maryland.

The above two parcels of land are situated on Savage Mountain about 3 miles from Barton, on what is known as the Piney Run Road. About three-fourths of the larger tract has been cleared and heretofore cultivated and the balance is cut-over land, with some saw and mine timber, mostly chestnut, locust and hickory. There are no buildings on said land. The smaller parcel is improved by a dwelling house of some seven rooms and two other small buildings. Both parcels are well watered.

The opportunity will be given to interested parties to bid on said parcels of land both separately and together.

TERMS OF SALE:—One-half cash on day of sale and the remaining one-half upon the ratification of said sale and delivery of a deed for the property sold.

Story Told of Harry P. Sturm, Lover of Wild Flowers

Note:—The following is one of a new series of articles by Dr. Brooks, professor of Wildlife Management at West Virginia University, widely known writer on outdoor subjects, which has been distributed mostly to West Virginia newspapers by the West Virginia Industrial and Publicity commission, Charleston. His article this week has particular significance to Garrett county.

By Maurice Brooks

This is a story about Harry P. Sturm of Clarksburg, and if he knew I was writing it he would be acutely embarrassed, since he is that kind of modest individual. Nevertheless, I shall tell it, since he is, in a very real sense, "doing things in West Virginia."

Harry Sturm went into the automobile business in 1911, and he still has in his Clarksburg show rooms the first car he ever sold, something of a museum piece now. When World War II came on, he like many others, had no cars to sell. He found himself at loose ends, and I have been told that he was very unhappy about it. He could have retired in disgust, but instead he found an interest and an avocation which have added immeasurably to science, education and esthetics.

Never having had any particular interest in, or knowledge of, wild flowers which are so abundant in our region, he met one day Dr. Joseph E. Harned of Oakland, Maryland. Dr. Harned, during the forty, or so years of a busy druggist's life, has found time to tramp over the Allegheny Tableland in Maryland, West Virginia and Pennsylvania to collect specimens of, and notes on, thousands of native plants and to write the leading book on wild flowers of this section, "Wild Flowers of the Alleghenies."

Going into the field with Dr. Harned is likely to enthuse anyone, and it wasn't long until Harry Sturm had conceived the plan of photographing in colored motion pictures the showy and interesting wild flowers of the Alleghenies. Thus, an idea was born, and today Sturm's pictures have brought pleasure and instruction to thousands of persons in this and many other states.

Amateur photographers and many professionals as well are often disposed to regard their pictures as ends in themselves, to record their subjects with as much fidelity as possible, and to be content with that. From the beginning, Sturm thought of his work as having educational as well as entertainment value, and he set out painstakingly to build his picture and to acquire a knowledge of his subjects at the same time.

He brought to outdoor photography great mechanical skill and a considerable inventive genius. As a consequence of this, he has designed much of his own equipment, has spent weeks in work on lenses at the Bausch and Lomb Company, Rochester, New York, and has developed field photography to an exact science. Guesswork and chance are pretty well eliminated, and he doesn't waste many shots.

Recognizing the need for technical assistance on his subject matter, he has worked closely with Dr. Harned, with Dr. D. P. Strausbaugh and Dr. Earl Core, of West Virginia University, and with other botanists of the region. Through these contacts, and through his thousands of hours afield, he has acquired a tremendous knowledge of our mountains and the living things which dwell therein. His movie is dedicated to Dr. Harned, and takes its name from that author's book, "Wild Flowers of the Alleghenies." It is a magnificent portrayal in color and movement of the floral wealth of this territory.

In Sturm's picture the subjects are arranged according to recognized botanical classification, from more generalized to more specialized forms. Each plant family is introduced by beautiful habitat shots which bring into the picture some of our finest mountain scenery. Pictures of the plants are taken on the ground, not in a studio. They are alive, moving with the breezes, and being visited by the insects which they attract.

Through careful placement of the camera, and through a system of magnifying lenses, many shots are secured which show floral parts in enlarged detail, a sort of "bug's-eye view" of the flower which unaided human eyes will miss. By this technique new and unsuspected beauties are revealed.

Such a picture is not built in a day. It means long trips, and many of them, to find the plants in their best settings. Timing is of the essence, since the blossoms must be in exactly the right stage for photography. Untimely frosts or rain and dark weather may make work impossible, even with the photographer on the ground. Shots already in the picture must be eliminated as better ones come through good fortune.

There is always the challenge of the rare or elusive subject. Many trips were made before the first photographs of that loveliest of autumn wild flowers, the fringed gentian, were taken in West Virginia. The report of a visiting botanist (frankly doubted by many of our own scientists) led to the summit of a Pendleton county mountain and the rediscovery of Hudsonia, a little plant of the seashore which shouldn't have been there, but was.

I have had the privilege of accompanying Harry Sturm on many of his trips to the New River Gorge for silver bells; to Summers county for a rare phlox; to Peters Mountain for bird's-foot violet in almost infinite shades of blue and purple; to White Sulphur Springs for blue and white vernal irises. I never cease to be amazed at his ability to see the one blossom, among thousands perhaps, which is most nearly perfect and which has the greatest artistic possibilities.

As such a picture grows, new interests and approaches are certain to develop. Since many of the shots show flowers being visited by insects, the subject of pollenation arises naturally. Some of Sturm's best pictures have grown out of this, and he has hundreds of feet of film showing in minute detail the actions of butterflies, moths, flies, beetles, bees and wasps as they gather nectar or pollen from the blossoms. One of his best sequences shows bumblebees entering the flowers of closed gentian, completely disappearing within the flowers and carefully closing the blossom segments as they emerge.

West Virginia has certain areas of special biological interest. One of these is the cold sphagnum bog of Cranberry Glades where northern plants and animals find homes in a latitude much farther south than is normal to them. Another is the fascinating semi-desert area of the "shale barrens," with their cacti, Kate's Mountain clover, clematis, phloxes and other plants unusual in this part of the world.

Mr. Sturm has found time to make detailed photographic studies of these two areas, and to present his films to the library of West Virginia University. Thus, a permanent record in color is made for the use of students today and in years to come.

A recent development in the picture, "Wild Flowers of the Alleghenies," has been the addition of a sound track to the film. Brief and informative speech now accompanies the pictures, making them of greater value to students or other interested spectators.

Mr. Sturm's pictures have been seen with enjoyment and profit by many audiences in this and other states. They are in demand by botany classes, scientific organizations and other groups in Ohio, Pennsylvania, Virginia, North Carolina and Florida. As a tribute to their technical excellence and scientific value, a botanist of the Academy of Natural Sciences in Philadelphia told me they were the best wild flower pictures he had ever seen.

The value of such films in setting forth the beauties of our mountains, forests, streams and plant and animal life is obvious. This is state advertising at its best, with no commercial axes to grind and no hint of bombast or over-selling. Good impressions of West Virginia are sure to follow the viewing of such pictures.

Here then is a business man who has found in our fields and woodlands a new interest. Through it he has contributed to science, and his own life has been enriched. Best of all, he is sharing these riches with many others.

Held For Grand Jury

Richard O. Upole, Cumberland, held on two fraud counts there, waived preliminary hearings Monday in Trial Magistrate's Court there and was ordered held in the County Jail under $1,600 bond for action of the grand jury.

Upole, former Garrett county resident, who planned to operate a used car lot, is accused of passing a worthless check on the People's Bank in Cumberland in payment for a car he purchased from Glenn W. Rizer. The sedan was valued at $800. Bond was set at $1,500.

He is also accused of using false and fraudulent pretenses to obtain $5, drawn on the Second National Bank, from S. B. Murphy. Upole was unable to post an additional $100 bond on the latter count.

Upole also faces action of the next term of court of Allegheny county in Pittsburgh, on a larceny charge, after he signed a surety bond of $1,000, obtained by his wife. He was released from jail on that count on June 24 after he signed a
